the guests of the High and Normal School students at a reception. On Saturday afternoon the St. John team will try conclusions with a team representing the Normal School. They expect to return to the city on Saturday night.

Dalhousie vs. Trojans.
One of the best games of the season will be staged on the Y. M. C. A. floor Saturday evening, when the varsity team from Dalhousie will meet the fast Trojans of the city league. Dalhousie is captained by "Ted" Coster, a well-known local boy. Another St. John boy who will appear in the line-up is Gordon Wilson, a former High school star. The team will arrive in town this morning and will leave for Fredericton this afternoon, where they will play U. N. B. tonight. They will return to St. John Saturday morning.

Dempsey Ready to Meet Wills.
New York, March 3.—Harry Wills, New Orleans negro, is to be pointed, as a result of his victory over Kid Norfolk, last night, for a title match with Jack Dempsey.

Norfolk went to the canvas after twenty-six seconds of boxing in the second round of his match last night with Wills. Several persons said they saw the blow which sent the "Kid" down, but it escaped the notice of a majority of those at the ring-side.

After a tame first round, Wills and Norfolk started and missed a few punches in the second, then fell into a clinch. The referee made an effort to separate them, when Norfolk toppled over backwards, landing on his shoulders. He arose and walked to his corner, apparently unhurt, after taking the count. Wills and the referee, "Kid" McPart-

land, said the knockout blow was a short inside right to the jaw.

Wills, who just now expressed his willingness to defend his title against Wills, and Governor Edwards of New Jersey said he would approve such a match in his state if the public demanded it.

Wills is powerfully built, and while not possessed of the ring craft and speed that carried Jack Johnson to the championship, has something of a wallop in his punches, and is a willing scrapper. He has a habit of holding an opponent with one arm while hitting with the other, thus exposing his jaw and body to attack. A more clever boxer, whose

punching power equalled that of the negro, might break him of the holding habit.

It is needless to say that the Y. M. C. I. alleys will be packed to see the game, as visitors are welcome.
