Rumored That New And Old Have Reached Terms

Berlin Report of Agreement of Kapp With Ebert Government So as to Avoid Railway Strike—Prediction That Revolution Will Have Short Life

Berlin, March 14.—(By the Associated Press)—An unconfirmed report was current at midnight that the new German government had reached an agreement with the Ebert government in order to avoid the threatened railway strike.

Berlin, March 15.—(By the Associated Press)—It is reported here that the south German generals and the Saxons have given their adherence to Gustave Noske, the minister of defence in the Ebert government.

Paris, March 15.—Majority and independent Socialists throughout Germany appear to be united against the military movement initiated at Berlin on Saturday, according to a Basle despatch to L'Information.

Berlin, March 15.—(By wireless to London)—The German national assembly has been summoned by the Ebert government to meet at Stuttgart on Tuesday.

(Berlin advices Sunday night reported that the old government had established its seat at Stuttgart, the capital of Wurttemberg.)

REVOLUTION OF SHORT LIFE?

Berlin, March 15.—(By the Associated Press)—The conviction has prevailed from the start among men not identified with the present revolution that it will be short lived, as it is openly without the support of the conservatives or the reactionary leaders, and it is viewed in many quarters as a "trial balloon" which will collapse soon.

The most immediate danger is recognized as general strike affecting all public services in Germany, which has already been proclaimed in many of the principal cities, including Berlin. In the meantime, the old government is recovering its nerve, and seems to have very liberal support in the federal states.

Denies Plans for New War

Copenhagen, March 15.—The semi-official German Wolff Bureau here has issued a statement, evidently emanating from the new government, which says: "There is no truth in the defamatory rumors circulated in many quarters to the effect that the German government contemplates a compulsory military service and the existence of plans for a new war. The government desires peace generally and internally."

Munich, March 15.—The Bavarian government has resigned and the national assembly of that state will be summoned on Tuesday to negotiate a new cabinet, says a dispatch to the Exchange Telegraph Company, quoting a telegram from Munich.

Paris, March 15.—Independent Socialists and Communists met yesterday at Mannheim and decided to take advantage of the present situation in Germany and proclaim a Soviet government, according to advices from Berlin.

Paris, March 15.—(By the Associated Press)—"We will follow Berlin," said Oberburgermeister Dietrich to the Associated Press correspondent here today, indicating that the officials of the free state of Hamburg would line up with the new reactionary government.

FOUR TO GO TO MAYENCE

Paris, March 15.—The Echo de Paris says that Marshal Foch, who in his recent trip to the Rhine affirmed that he possessed, as president of the military commission at Versailles, his former commission as commander in chief, was summoned to meet at Stuttgart on Tuesday.

Wants City Council To Oppose New Paving Bill

Commissioner Fisher Introduces Resolution—Mayor Says Too Much Loaded on to General Assessment—Discrimination Against Income and Business—What Halifax and Winnipeg Are Doing.

Commissioner Fisher reopened the paving discussion in council this morning by submitting a resolution providing that the council take steps to oppose the bill which a committee of seventeen citizens announced they would take to Frederick, unless the council should be satisfied by special assessment.

He then presented his resolution, which was seconded by Mr. Jones, but action was deferred until a copy of the proposed new law would have to be received.

Mr. Fisher said that the policy of local assessment should be based on benefits received which he did not think would be the case were the proposed bill put into effect.

He then presented his resolution, which was seconded by Mr. Jones, but action was deferred until a copy of the proposed new law would have to be received.

AS HIRAM SEES IT

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "you spent Sunday in the city. Who took up the collection in the Settlement?"

"I ain't my job," said Hiram. "An' I'm glad I staid in town. See them fellows from out west is all right. I didn't think I'd care a hoot about the west or anybody in it sense me an' the intergal was in the intergal."

Lloyd George and Bonar Law Launch A New Party

"The National Democratic" it is to be Called—Marquis of Salisbury and Lord Cecil to Lead Revolt, Says London Mail.

London, March 15.—A joint manifesto, which will be signed by Premier Lloyd George and Andrew Bonar Law, will be issued in a few days stating the principles of a new party to be led by the premier. It will be accompanied, the newspaper declares, by an important reconstruction of the ministry, and it is said that for that reason, announcement of appointments to the portfolios of labor, food and the board of trade, now vacant, have been postponed.

According to present intentions, the name of the new party will be the "National Democratic." In addition to a meeting of Liberals on Tuesday next, arrangements are being made for a conference of Unionists at which Bonar Law will announce his resignation from the leadership of that party, and will invite members to join the new organization.

Unionist leaders who have been adherents of Premier Lloyd George are said to have decided to support him, but there are indications that the party will not be united in its adherence to the new combination. The Daily Mail says that a revolt, under the leadership of the Marquis of Salisbury and Lord Robert Cecil, is expected.

DIARY SHOWS MRS. RANDALL WAS A "VAMP"

Chicago, March 15.—That Mrs. Ruth Randall, who shot and killed her "great love," Clifford Beyer, while asleep beside her, was a "vamp" of wide activities, was proven today by her diary and correspondence.

While Beyer was deceiving his unsuspecting wife, Mrs. Randall was deceiving Beyer. Certain it is that Beyer's attempt to break up the White house marriage failed, for it was his diary that broke up his relations with the woman inspired by her with the desperate resolution to murder and suicide.

Among letters is one from Mrs. Margaret Ness White denouncing her for attempting to break up the White house marriage with Mrs. White. One letter from the husband, Douglas White, read in part: "For heaven's sake please do not send any more mail to this office. In my absence some fool here sent your last letter to 4115 S. Greenwood avenue and there had to be paid a score of men and a score of dollars to get it out of their hands."

The letter fell into the hands of Mrs. White. Almost a score of men are noted as contributing to Mrs. Randall's support in four years. This extended to a period two years before her divorce from Norman Randall. Beyer's contributions averaged \$200 a month.

There was no entry in her diary for her evening that was lonely, those that were platonically spent with acquaintances or otherwise and those she passed with Beyer.

In checking off those love nights and those that were loveless, Mrs. Randall employed a check, a cross, a circle, a square, and a plain cross.

Foreboding of the disastrous culmination of the affair, Mrs. Randall more than two months ago, when she predicted the final tragedy to Joseph Pierattini, a reputedly murdered man in her bed-room. On it she checked off those of her evenings that were lonely, those that were platonically spent with acquaintances or otherwise and those she passed with Beyer.

He said he expects that a number of buoys were carried away and

NEW DEFENCE MINISTER TALKS OF SITUATION

Von Luettwitz Says New Government Wants to "Protect Europe Against Danger From the East."

Copenhagen, March 15.—Major-General Hans von Luettwitz, minister of defence in the new revolutionary government in Berlin, has been interviewed by a correspondent of the Politiken.

"We consider it an urgent necessity to take action for the protection of Europe against the danger from the east," he said. "England is doing nothing and can do nothing to stay the advance of Bolshevism. Prussia must take a hand in it. We must have more than the 100,000 men permitted by the Entente. How are we to combat Bolshevism with that handful of men?"

General von Luettwitz said the new government had no monarchist tendencies. The correspondent observed, however, that his tone was not particularly convincing. He said he had between 60,000 and 70,000 troops at his disposal in Danzig and Berlin.

Asked concerning the general strikes in the Zetland Islands, he said he was sure the workers will come to their senses when they learn what social reforms we are planning. If not, we must interfere.

The correspondent says the revolution is regarded as an eight-day affair in liberal circles in Berlin. The president of the national assembly is said to have declared that the members have their mandate from the people and cannot regard them as lost.

MAY MAKE CHANGE IN KAISER MATTER

London, March 15.—The reactionary movement in Germany makes the Kaiser question a acute one at Rotterdam, says the Times correspondent in that city. It is learned from reliable sources, he adds, that the decision of the former emperor, being under great nervous tension, is being under great nervous tension. The Dutch government has considered allowing the Kaiser a residence in one of the Zetland Islands. This was abandoned owing to the possibility of escape by boat, and further, because the climate is not suitable for the former emperor, whose health gives rise to anxiety lately.

Although the ex-Kaiser is making elaborate plans for his stay there, it is by no means certain that this will be his permanent residence. The government considers publicity might defeat the object aimed at. Should the ex-Kaiser know that plan is being considered, he would be likely to be driven to the West Indies efforts might be made for his escape. Evidently the former Kaiser is being well posted on events. Activity prevailing in this neighborhood and a constant stream of cars is going and coming.

KAISER SHOWS EFFECT OF STRAIN

Amerongen, March 15.—(By the Associated Press)—Former Emperor William spent the greater part of yesterday in the garden of Bentlack Castle, where he paced up and down with evidence of being under great nervous tension. Religious services were omitted yesterday. A terrible strain of the events of the last few days seemed to weigh so heavily upon the mind of the former emperor that he cannot tolerate the company of others, and he makes every effort to get out of doors.
