Men's Working Clothes

That Wear

It's the easiest thing we know to get good working clothes. No trouble to us to find them. There are brands that every dealer with horse sense is acquainted with, manufacturers whom everybody knows by name. Their guarantee is as good as the Bank of England and their goods as reliable as the Rock of Gibraltar.

We fatter ourselves that we know what working men of the North End want, and when it's no more trouble to get it than it is to get the other kind, that's all there is to it. We may not make so high a percentage profit but we'll do better in gross returns. Besides, we do pretty much all of it, hereabouts. What more can we expect?

LOCAL NEWS

NO COUNCIL TODAY

The meeting of the common council has been held over for another day awaiting the return of the recorder who is absent from the city.

ASH WEDNESDAY.

Special services were held in the Catholic churches of the city today, this being Ash Wednesday. Blessed ashes were distributed to large congregations with the admonishment to all that man was but dust and to dust he must return.

CARLETON SERVICES.

The Friendship of Truth was the subject of an address given by Rev. W. R. Robinson in the Ludlow street Baptist church last evening. As a result of the evangelistic services four persons presented themselves last evening. Nine candidates have already presented themselves for baptism since Sunday.

WIRE FELL.

Part of the morning wire in the centre of the tracks of the street railway was broken this morning in Main street, near Long Wharf. Repairs were made about 8:30 o'clock. The cars coming down the hill meanwhile "coasted" without the aid of the wire.

ANNUAL MEETING.

The annual meeting of the Corona Co., Ltd. was held yesterday afternoon. Reports were presented for the last year and plans outlined for the future. The old officers were re-elected, G. W. Ganong, president; A. D. Ganong, secretary, and W. K. Ganong, managing director.

LEAVES THIS TIME.

A woman arrested a few days ago on charge of drunkenness was again given her liberty yesterday and left the city to live with her relatives. She was arrested at the depot when she was about to leave the city. This time she got away safely.

THEISTLES TO CAPITAL.

Three rinks of the Thistle Curling Club left this morning for Fredericton to play the Fredericton players this afternoon. Three more rinks will leave this evening for the same place. The rinks which left this morning will be shipped by J. C. Chesley, C. B. Allen and J. S. Malcolm, while the others for this evening's play will be S. W. Palmer, W. S. Malcolm and W. A. Shaw.

DRIVING ACCIDENT.

The delivery team of the Brown Paper Box Company met with a slight mishap this morning. The team was going down Union street a little after nine o'clock and the sled caught in the car track at the corner of Brussels. The vehicle coming to a sudden stop caused the horse to fall and a shaft was broken and the horse sustained a cut in its leg. A sleigh upset at the same corner about a week ago in the same manner, although on that occasion no damage was done.

MR. ROBINSON ABLE TO BE HERE.

The New Brunswick Public Utilities Commission met this afternoon in monthly session. Only routine business was transacted. F. P. Robinson, secretary, who arrived this morning to attend the meeting is out for the first time since his last visit to St. John on the same errand. On that occasion he slipped on the ice and sprained his ankle and has been confined to his house in Fredericton ever since. He is still suffering from the effects of the injury.

THE REFINERY.

F. H. Anson, president of the Atlantic Sugar Refineries, Ltd., arrived today from Montreal to inspect the progress of the work on their new plant at Balls Bluff. He was unable to say when they would be able to start operations, but said that he hoped to secure, before he leaves, an estimate of the time required for completing the buildings. The work is being carried forward as rapidly as the weather will permit.

RAISING THE DREDGE.

Sufficient cables and chains have now been placed about the dredge Leconfield, sunk at the entrance to the Courtenay Bay channel, and it is expected that weather being favorable, the lift will be made tonight. The tide will be at 6:25 o'clock and the dredge will be secured by several lighters by means of the cables and chains that run under her. As soon as the tide rises, should the fastenings hold, she can be towed to the inner harbor and beached and repairs made to her bottom.

A PLEASANT EVENING.

A very entertaining concert for the children of the Sunday school of the Exmouth street Methodist church was held in their hall last evening. E. T. Thomas, superintendent of the Sunday school, presided. After an opening chorus the pastor, Rev. R. S. Crisp, in prayer, R. T. Hayes, superintendent of the Portland Methodist Sunday school, was a guest, and gave a very interesting address to the children, and Rev. J. J. Pinkerton, pastor of the Methodist church at Silver Falls, also gave an entertaining talk. Solos were sung by Ethel Ward, Mabel Shaw, Mildred James and Maxwell Anderson, recitations were given by Mary Gertrude Rolston and Colin Thomas, and readings by Helen Willis and Gordon Stevens. Alice Neill was heard in a piano solo and Charles Cromwell gave an exhibition in club swinging. Refreshments were served by the teachers of the Sunday school.

THE STEAMERS

The R. M. S. steamer Royal Edward, of the Royal Line, sailed this afternoon about 2 o'clock for Bristol direct with mails, passengers and general freight. She had ten first-class, twenty-seven second cabin and about 200 steerage passengers. Her first class passenger list was as follows: Mrs. Edward Bush, Ottawa; Sam Croftwell, Winnipeg; Miss Muriel Davidson, Toronto; C. L. Fisher, Winnipeg; Mrs. E. P. Hiam, Miss Ethel Martin, Edward Still, Toronto; Harva and Baroness H. M. Von Knoblock, Vancouver; and Captain H. E. Webb, Montreal.

Allan Line's Virginian, from Liverpool for St. John direct, was aboard Cape Race this morning at 8:15 o'clock and is due here on Friday night or Saturday morning.

The S. Express of Britain, from Halifax for Liverpool was 580 miles southeast of Cape Race last night at 8:40 o'clock.

Dominion Line's Canada, bound east, was 305 miles east of Cape Race at 7:35 o'clock last evening.

At 5 o'clock last evening the Dominion Line's Athena, bound for St. John from Glasgow, was eighty-five miles southwest of Sable Island.

A steamer supposed to be the Bengore Head, from Antrossan February 11, was sighted at Brier Island this morning.

CAMPBELL CASE IN COURT TODAY

Matter of Alleged Theft of Liquor in C. P. R. Shed—Appeal From City Court

The case of the King vs. George Campbell was taken up this morning before Judge Forbes and the following jury—R. E. Bates, W. B. McDonough, William B. Hatfield, Chas. Dummer, Thomas Cogger, Ralph M. Parker, Thomas E. Dillon, Joseph Higgins, J. A. Stevenson, T. E. Leary, James Craig and J. A. Brown. Campbell was indicted on the charge of stealing a bottle of Canadian Club whisky from the C. P. R., or receiving the same, knowing it to have been stolen. Edward G. Mondt, Thomas J. Conroy, Bartholomew Yorgain, William H. Snider and Joseph Amberg gave evidence for the prosecution. The defendant, Rev. W. R. Robinson, Hugh McGill and Charles Sweet gave evidence for the defendant, closing the case. J. A. Barry addressed the jury in behalf of the defence, and A. A. Wilson, K.C., for the crown. The court adjourned until this afternoon, when the judge's charge will be given. The case of the King vs. W. P. McFadane will be taken up this afternoon.

Case From City Court

In the case of the National Life Insurance Company vs. Jacob W. Campbell, Judge Forbes reversed the finding of the city court judge and ordered a verdict for the plaintiff for the amount claimed and costs of city court judgment and review. In this case a note was given for the payment of a premium due on a life insurance policy, extending the time for payment, eight days. When the note was not paid the policy was cancelled and suit was brought to recover the amount of the note. It was argued for the defence that the policy having been cancelled, there was no consideration for the note. His Honor held that the extension of time was a valid consideration, and reversed the original judgment as above. Mr. E. C. Weyman appeared for the plaintiff, and James E. Cowan for the defendant.

HOPE STEAMER SIGHTED AT MOUTH OF BAY IS THE OVERDUE KADUNA

Twenty-eight days and still no word of the South African liner Kaduna. A vessel sighted from Brier Island this morning and supposed to be the Bengore Head, is thought by the agents to be the Kaduna, as the Bengore Head was to call at Halifax on her way to St. John and has not yet arrived at the Nova Scotia port. The arrival of the steamer which passes Brier Island will settle the question conclusively.

NEWS OF UNEXPECTED

DEATH OF MOTHER COMES TO MRS. A. J. ARCHIBALD

Sad news, and unexpected, came to the home of Rev. A. J. Archibald, pastor of the Charlotte street Baptist church, West End, in a telegram from Chester, N. S., announcing the death of Mrs. Archibald's mother, Mrs. Lucinda Oxner, there. As there had been no word that she had been ill, and as no particulars were contained in the telegram, it is believed that her death was sudden. Mrs. Oxner was about seventy years of age, and is survived by six children. Not only in West St. John, but throughout the city there will be deep sympathy for Mrs. Archibald in her great loss. She and her husband left for Chester on the Halifax train today and expect to return on Saturday.

COMPLAINTS TO WASHINGTON

Rev. Mr. Robinson Not Pleased With Immigration Official's Action

Rev. W. R. Robinson said this morning that an official of the U. S. Immigration department here was insolent to him in the railway depot yesterday and as a consequence he has notified the immigration department at Washington and has demanded an apology.

Mr. Robinson said he was sitting in the depot with a woman he was to see on the train when the official demanded to see her ticket. The woman was not going into the United States and Mr. Robinson told the official that it was not his business where she was going. Mr. Robinson says that the officer roughly pushed him aside and he demanded of the woman that she show her ticket.

FAIRVILLE NEWS

This morning, owing to an accident to the overhead trolley wire, Fairville passengers were obliged to transfer at the foot of the village to the Carleton line by means of which they were carried to the bridge.

Notice in yesterday's paper that the St. John Railway Company were installing the illuminated sign system on the St. John city service was read by Lancaster residents with satisfaction. They feel that there is great need for this improved equipment on the West End and Fairville cars, where pedestrians have to cross a cold bridge and remain in almost an equally cold waiting room until the car they have just missed arrives.

There is no distinguishing mark at present and passengers frequently run the bridge without need, and take their leisure when their car reaches here. These cars were fitted at one with electric announcements of destination, the people, particularly these cold nights, would greatly benefit.

WORTH PICKING UP

A floating fender of timber which has been secured to the face of Nos. 2 and 3 tracks at West St. John for the use of the C. P. R. steamers, has gone adrift and disappeared. As it is worth between \$300 and \$400, men employed around the harbor are keeping a watchful eye out for the stray fender.
