

Village of Farmersville, on the Tuesday preceeding the Annual Conference, at 2 p. m., for examination.

In view of the growing importance of the knowledge both of Literature and Theology among us as Ministers,

Resolved,—

- 1st. That this Conference recommend to its Examining Board that at least half of the examinations for each year be with written questions by the examiner, and written answers by the candidate, all proper precautions being taken to ensure fairness and thoroughness.
- 2nd. That the Conference recommends a uniform scale of estimates and reports in all the years, each answer of each candidate being reckoned at so much per cent as the examiner may determine: and that at least 25 per cent on each subject of the first year be expected of the candidates in order to pass; 30 per cent in the second year; 35 per cent in the third year; forty per cent in the fourth year: the whole, however, being subject to revision and vote of Conference.
- 3rd. That a full record be kept of the results of the examinations; and that, to this end, Rev. E. I. Badgley, M.A., be appointed Registrar, with power to procure a proper book of record at the expense of the general fund of Conference, said book to be kept with the Conference papers and due entries made at each successive Conference.
- 4th. That in cases in which, in the course of study, it is only required that works be read, the examiner satisfy himself they have been read so as to be understood and used.
