Vigorous and Outspoken.

(Chatham World.)

The St. John GAZETTE of Saturday was a 16 page paper, in honor of its being two years old. It claims a larger city circulation than any other daily, and a larger advertising patronage. It has grown wonderfully fast, from a modest beginning, and is a brilliant, vigorous, outspoken paper. It has drawn capital as well as business to itself, and is now a well established concern.

A RELIC.—Mr. W. H. Patton has just had a present made to him, by a friend living at Dorchester, which has caused a good many of his masonic brethern to break the tenth commandment. It is a masonic apron of apparently great age, as the shape is different from the square one that has been in use so many years. The material is fine white silk and it is bound with sky-blue satin ribbon. The lap and body are covered with the emblems of the craft beautifully hand painted, the most noticeable being the eye, sun, moon and stars, which are on the lap. Unfortunately there are no records as to its age, the late owner not knowing how it came into the possession of the family and it is rather peculiar that none of them were masons.

MINARD'S LINIMENT.—A syndicate of Montreal capitalists has been formed for the purpose of buying out the Minards business from Messrs. C. C. Richards & Co. of Yarmouth. Since quiring the proprietorship of the above firm in this valuable medicine they have extended their business throughout the whole dominion and Newfoundland. The GAZETTE understands the price offered was about $75,000 which was refused.

THE AGRICULTURAL SOCIETY met yesterday afternoon. The track committee reported having completed the purchase of Moosepath park, and reported also some improvements being made on it. The cattle sheds for the fall exhibition will be erected by September 1st.

Detectives Watch the Wedding Presents.

LONDON, July 30.—The successful raids made on the wedding presents at the Stanley-Tennant marriage have created a panic in households where similar events are about to take place. In the case of a wedding in high life that is announced to occur next week, and where the presents already received have been unusually numerous and valuable, a request has been sent to Scotland Yard for a corps of detectives, to remain on the premises for several days and nights in advance of the wedding day.

Yesterday, while John Egan, who has charge of the dumps on the Common was making his rounds he found an old satchel partly buried in the debris and opening it found three human skulls; one of them apparently a woman's had a portion of the top sawed off, the other two had not been subjected to much skilful sawing. It might be in the interests of decency to have this matter investigated.—Halifax Recorder.

An aged man named Stultz, a carpenter, met with a serious accident at the new building being erected at Humphrey's woolen mill, Moncton, on Tuesday. He fell to the ground, a distance of about 20 feet, alighting on a pile of bricks. His shoulder was dislocated, two ribs broken and other injuries inflicted. Mr. Stultz is about 50 years of age.

PELEE ISLAND CO.'s Grape Juice is invaluable for sickness and as a tonic is unequalled. It is recommended by Physicians, being pure, unadulterated juice of the grape. Our agent, E. G. Scovil, Tea importer, No. 13 North Wharf, can supply our Brands of Grape Juices by the case of one dozen.

SUSSEX NOTES.

An Interesting Budget From That Bustling Kings County Town.

The weather has been extremely hot for the past few days. The crops however are progressing fairly and the farmers generally are well satisfied with the present prospects.

The ladies connected with Trinity church sewing circle gave an enjoyable garden party on the elegant grounds of Major O. N. Arnold "The Knoll." The Sussex band furnished music gratuitously and what with dancing on the green, ice cream, strawberries, lemonade etc., all present seemed to thoroughly enjoy the affair.

Mr. Edmond Fairweather is about commencing operation on an extensive warehouse to be built for H. A. White Esq. between the stores of S. H. White & Co., and J. S. Trites. It is to be utilized by Messrs. S. H. White & Co. who are doing an extensive business.

It is also stated that Mr. F. Theal, finding his nursery business extending so rapidly is to erect a warehouse for his accommodation shortly. These buildings indicate that there is still some life and business in Sussex and it is to be hoped these signs of prosperity may continue.

F. E. Morton, Esq, Judge of Probates, has moved into his new law office in the Depot house addition, recently built. The finishing touches are now being put on to this block by Mr. West the contractor.

It is understood the Hon. Geo. E. Foster is now visiting his constituents in Kings county and will no doubt be interviewed by many who have axes to grind as well as by others who are glad to have him with them for a short time, as his pressing duties keep him pretty close at Ottawa.

The residents of Studholm and Millstream have been agitating for a railway, for some time known as the Sussex, Studholm and Havelock Ry.—If the necessary subsidies can be had it will be undertaken at no very distant date, and the promoters should now take the opportunity of the Minister of Finance presence in their midst to interview him on the chances for a Dominion subsidy

A meeting was held on Tuesday evening in Oddfellows hall to consider the matters in connection with prohibition and the probable formation of a third party, presumably in this county. Mr. J. E. Bulmer of Nova Scotia, was present and aired his views on the subject. The attendance was slim and judging from appearances enthusiasm on the subject was not at a premium.

The friends of the Scott Act have been patiently waiting the action of the new inspector in this vicinity. As yet the matter runs on in the old groove, and "tangle-foot" can be had as freely as ever. What the cause of the delay is I am unable to say, but we shall probably have something definite later on, of which I shall try to inform you.

The probabilities are that a public meeting will be held in Sussex before very long in connection with the Imperial Federation movement. The matter is now being talked of, and as Sussex is thoroughly loyal, a good attendance will no doubt be given in the same. There should be no difficulty in forming a good working branch of the league here at an early day.

Considerable speculation is indulged in as to the recent decision in the famous Goold-Stockton Equity suit over a manganese mine at Jordan mountain, which has dragged through the mazes of the law courts for some years. It is said that an appeal will be made by the plaintiff Goold from the decision of the equity judge and that the end is not yet, but how correct it is I am not prepared to state.

The many friends of Dr. Frank Ryan, who runs a large dentistry practice at Windsor, N. S., were glad to see him in their midst. He proposes spending some days among his friends and relatives in Sussex and vicinity.

When Mr. Herbert Goold made the venture of starting a hot house and flower establishment, it was thought the field would not prove remmunerative, but the contrary has proved to be the case and a visit to his place is always enjoyable. Mr. Goold finds a good local market and is also meeting with much encouragement in St. John, Moncton and other towns along the line and should business keep on increasing as it has done he will have to add to his establishment at an early day.

Mr. Jefferson Killam of Chebogue has landed in our office our first installment of hay, Timothy, the stalks of which are five feet high. He says he cuts over four tons to the acre. This is accomplished, he says, by tilling the land, "using brains and manure."—Yarmouth Times.

Mr. Elijah Ross, of Carleton, N. B., passed through here last evening, en route to Charlottetown, whither he was taking a fine new four-oared shell which he has built for the South End Boating Club. Mr. Lorang Bourque, of Shemogue, while cruising in the woods on Monday near the Copp's river, about six miles from Port Elgin, came upon a lumber camp and was attracted by the vile stench arising therefrom.
