

Cancer Cured.

Burdock Blood Bitters again Vanquishes this Terrible Disease.

Mrs. E. J. Tufford, Paris, Ont., tells how it cured Cancer of six years' standing.

Not long ago we published in this paper an account of the case of Mrs. Gihula, of Buxton, Ont., who was cured of cancer of the stomach 12 years ago by Burdock Blood Bitters, and who, up to the present time, has had no return of the disease.

Now we let Mrs. E. J. Tufford, a fine old lady, 54 years of age, living at Paris, Ont., tell how B.B.B. cured her of cancer of six years' standing. This is her statement: "About six years ago I was afflicted with that terrible disease, a cancer under my left breast, about as large as a saucer. It was between the skin and the body, and fast to the body."

"I wrote to a Cancer specialist about my case and he desired me to go to him and have an operation performed, which I decided not to do on account of my years."

"I had heard a great deal about wonderful cures being made by Burdock Blood Bitters and decided to try it. I can assure you if it had not been for B.B.B. I should have gone the way of all flesh long ere this."

"After I had taken seven or eight bottles I found I was greatly benefited, so I continued its use until I was cured. 'People say to me' you are wonderfully smart for a woman of 54. I tell them I give B.B.B. all the credit."

"I tell folks they need not have boils, pimples, abscesses, cancers, salt rheum, scrofula or any blood disease if they will only use B.B.B. faithfully according to directions."

A case of such severity as the above ought surely be sufficient to convince the most skeptical of the thorough blood purifying properties of B.B.B. There is no disease or disorder arising from impure blood, be it the smallest pimple or the worst scrofulous sore or cancer, but what B.B.B. can cure to stay cured."

Baby's Own Soap

to all mothers who want their babies to have pink, clean, clear, and healthy skin.

SOME LAW POINTS

Fraud May be Proved by Circumstantial Evidence—One De-frauded

By a Contract Should Disaffirm the Same at the Earliest Practicable Moment After he has Dis-covered the Fraud

Fraud may be proved by circumstantial evidence.

A stranger to a note indorsing it after delivery becomes a guarantor.

One taking a note purporting to be signed by an agent must inquire as to the agent's power.

A creditor holding several securities for the same debt may realize from any one of the securities.

The giving of one's note to a creditor is not, in the absence of express agreement, payment of the debt.

One defrauded by a contract should disaffirm the same at the earliest practicable moment after he has discovered the fraud.

A partial payment of an undisputed claim, although received as complete payment, is not a satisfaction of the debt or obligation.

A claim owing to a firm of which one is a member cannot be set off against debts owing by such partner individually to the firm.

Recent Decisions, Highest Courts

FRANCE.

The name of the new president of France is pronounced as though it were spelled "Loobay."

The French republic has again baffled the widespread desire in Europe to predict its death and attend its funeral.—Philadelphia Press.

There is another humane thing in the French form of government. They don't incarcerate a man in the vice presidency over there.—Washington Post.

If France ever hopes to enjoy the respect of the great bulk of civilization some day, she will elect a president with a name like Smith or Jones, so the newspaper reader can pronounce it without a day or two for practice.—Pittsburgh Times.

President Loubet speaks of "the sang froid and dignity" of France in her difficulties. President Loubet seems to be an accomplished statesman, fully equal to throwing a bouquet every time France throws a fit.—Louisville Courier-Journal.

EDUCATIONAL ITEMS.

There are 10,000 teachers in the diminutive kingdom of Belgium.

In Pennsylvania there are 867 school districts in which the schools are open only half the year.

The Chicago board of education has decided that all teachers in the public schools of the city must hereafter live in the city.

A friend of the St. Johnsbury (Vt.) academy, who desires to remain unknown, has given \$10,000 to the institution.

President Harper of the University of Chicago believes that no college having an endowment of less than \$100,000 should be allowed to confer degrees.

AGUINALDO.

Aguinaldo is said to be a lover of music, but he doesn't like the new American two steps.—New York Press.

The suspicion is rapidly gaining ground that the Hon. Mr. Aguinaldo is carrying the joke a little too far.—Chicago News.

Aguinaldo should abandon rebellions and go in for pugilism. The wide difference between his threats and his performance proves that he has several qualifications available for the prize ring.—Troy Record.

An Enterprising Firm

There are few men more wide awake and enterprising than A. J. McGill & Co., who spare no pains to secure the best of everything in their line for their many customers. They now have the Agency for Dr. King's New Discovery, which surely cures Consumption, Coughs and Colds. This is the wonderful remedy that is now producing so much excitement all over the country, by its many startling cures. THE FUN FOUNDRY.

No Doubt About It.

I have hung around the auctioneer For a dozen years or more.

For a dozen years or more, I have filled with recollections Of the distant days of yore.

When an uncut "first edition" Was worth a dollar ten.

That would now bring several hundred From a dozen different men.

I have read back prices current And of catalogues a pile.

Making notes of sales and buyers On the margins there the while.

I have heard a million stories Of the "finds" that have been made.

By the motley, mazy finders That before the shelves have staid.

Till the owners of the volumes In a frenzy got delight.

Have requested them to leave 'em While they looked up for the night.

I have wandered in and out. But I've come to the conclusion

As myself from days I've weaned That the greatest living find Is the "first edition find."

—Detroit Free Press

Mustaches or Not?

At a recent meeting of club women it was decided that mustaches are better than clean shaved upper lips.

"Except for waiters."

"And actors; they have to make so many changes."

"And football or rowing men, because it looks athletic."

"And young poets, because it looks decadent and fin-de-siècle."

"And any one else who looks better without."

An Original Verdict.

A coroner's jury delivered the following verdict on the sudden death of a merchant who had recently failed in business.

"We, the jury, find from the new doctor's statement that the deceased came to his death from heart failure, superinduced by business failure, which was caused by speculation failure, which was the result of failure to make an enough ahead."

—Atlantic Constitution.

The Lady's Vow.

The Lady Ethelinda swore (Though not at all profane) When glory's call Sir Thaddeus bore Across the raging main.

That she would break bread nevermore Till he returned again!

He went, yet nature varied not To run her usual round.

They were as old and as dry hot. The grass grew on the ground.

The sun still rose in that same spot Where it of yore was found.

He came "in many a bloody strife." He cried, "the days have sped Since for my sake, my own, my life, Thou hast not broken bread!"

"Say, love, I eat with a knife!" That true souled lady said—

A Depressing Season.

Winter is the most trying season of the year, so far as health is concerned. Confinement in-doors, and over-heated and impure air makes even usually strong people feel dull, languid, easily tired and generally run down.

A tonic is needed to aid nature in regaining lost energy. April is the month of all months when a tonic is of most service.

DR. WILLIAMS' PINK PILLS FOR PALE PEOPLE

is the only true tonic medicine. These pills make rich, red energy-giving blood and transform listless, dull, tired and worn-out men and women into smiling, healthy, happy, work-loving people.

Thousands—some of them your neighbors—have been made well by Dr. Williams' Pink Pills, but you must get the genuine.

NERVOUS AND WORN OUT.

Mrs. Peter Mahar, Seal Cove, Que., writes: "It gives me great pleasure to acknowledge the benefit I have derived from Dr. Williams' Pink Pills, for I believe had it not been for their use I would now be in my grave. My health was broken down, and the least exertion would fatigue me. I was troubled with dizziness, shortness of breath, and palpitation of the heart; my appetite was feeble, and I was extremely pale. I gave the pills a fair trial, and they have restored me to perfect health, and I can do all my household work without experiencing the least fatigue. Dr. Williams' Pink Pills are the best tonic I know of for weak, tired pale people."

The Genuine are sold only in Packages like the

Engraving. WRAPPER PRINTED IN RED.

At all dealers, or direct from the Dr. Williams' Medicine Co., Brockville, Ont., at 50 cents a box or six boxes for \$2.50.

NATURE TEACHES

The Calf to Turn its Mouth Upwards—The Unwillingness of the Calf

To put its Head Down and a Pail to get Its Food

Nature teaches the calf to turn its mouth upward to get its food. The unwillingness of the calf to put its head down into a pail is the result of instinct. Some have thought to offset this instinct by never allowing the calf to suck its dam even once. But we think this injures the calf. It needs stimulation when first born, and should be allowed to get it in the way most natural to it. In sucking the teat the milk comes slowly, and a good deal of saliva is mixed with it. But after once sucking the dam the calf should be taught to drink out of a pail, and to put its head down when eating. It will need to be pretty hungry to do this readily, and the finger should be used, placing it first in the calf's mouth, and then putting the finger into the milk. So soon as the calf gets fairly to drinking the finger should be withdrawn.

How to Fight Early Lice.

It is a task to get into the poultryhouse at night, take each hen off the roost and dust the body with some substance obnoxious to lice, yet there are times when it should be done, especially during the warm season. A mixture for that purpose, and which is cheap, is made by using one pound of sulphur, four ounces of Scotch snuff, two ounces of Dalmatian insect powder and half a pound of carbolic (not carbonate) of lime. It must be thoroughly mixed and kept in a closed vessel. Hold the fowl's head down, and with a pepper-box dust well in among the feathers.—Farm and Fireside

He Was "Next"

Smith—Smart is a pretty slick individual, but I managed to get ahead of him to-day.

Brown—How did you do it?

Smith—By getting to the barber shop first.

Cause and Effect.

"Doctor, I didn't think it would be necessary for you to come again, but my throat this morning is so hot and dry."

"Has your wife, sir, been showing you my bill?"

Something Unusual.

She—Have you noticed that Mr. Shortleigh is paying a good deal of attention to Miss Clayton?

He—Yes, and it's the first time I ever knew him to pay any.

"Mamma, I am soliciting for home charities. We have hundreds of poor, ragged, vicious children like those at your gate, and—"

"Say, these children are mine!" and the slamming of the door could be heard in the next street.

RALEIGH COUNCIL.

The Raleigh council held a meeting on April 10th. All the members were present.

A communication was received from P. D. McKeellar re his taxes for 1897 on lot 1, No. action.

A notice was received from Albert Doyle to repair the Mummy drain. Application was received from F. Hughes for loan of \$100, under the tile drainage act.

The committee appointed to investigate the matter of the gravel pit at Cedar Springs, submitted report on the same showing that they had measured the lot where the gravel pit is and found that it runs back from the town line further than was supposed and as a consequence nearly one-half of the lot still remains untouched.

The Raleigh and Tilbury town line committee reported that they had met the committee from Tilbury East re the widening of its town line north of Fletcher and that they had agreed to repair said road and the township of Tilbury, pay \$50 to Raleigh \$40 and Raleigh to bring on the engineer.

The treasurer submitted final report on the collector's roll which was received.

Resolutions.

Moved by Pardo and Clayton, that the petition of Albert Doyle to repair the Mummy drain be entertained and Angus Smith, O. L. S., be instructed to examine and report on the same.

Moved by Clayton and Irving, that the report of the town line committee be adopted and W. G. McGeorge, O. L. S., be instructed to go over said road from Fletcher north to the river road, and make a report and estimates on the cheapest and best plan of widening the said road.

Moved by Clayton and Irving, that the commissioner of Div. No. 4, be instructed to build a bridge over the 18 and 19, side road drain at the 12th con. road and the same be charged to the 18 and 19th, side road drain and McGeorge make a supplementary report accordingly.

Moved by Clayton and Pardo, that the reeve be hereby instructed to apply to the judge for an order to have Mrs. McCarty's children placed in charge of the Children's Aid Society with full power to take any steps he considers necessary and advisable.

Moved by Pardo and Clayton, that the clerk be instructed to communicate with the Hamilton Bridge Co., re the cost of iron bridges ranging from 12 to 20 feet span and request the company to set a day and send an agent to meet a committee of the council.

Moved by Clayton and Irving, that the commissioner of Div. No. 4, be instructed to build a bridge over the Gov. Drain, No. 1, for P. G. Gibson at lot 13, con. 11, and charge the same to Gov. Drain No. 1 account.

Moved by Clayton and Irving, that the report of the committee appointed to investigate the gravel pit at Cedar Springs be adopted and the commissioner of Div. No. 5 be empowered to set with a committee from Harwich and have a fence built along the north side of the lot.

Moved by Pardo and Irving, that the application of F. Hughes, re loan for the drainage be entertained.
