

LICENSES UNDER CONTROL OF CITY

Referendum Clause of Seattle Declared Void by Court.

Seattle, Wash., June 8.—By a decision handed down by the state supreme court in Olympia to-day, the people of West Seattle have lost their fight to prevent the establishment of saloons on the sound and bay shore where crowds go for outings on Sunday and at other times during the week.

While West Seattle is especially interested, both the saloon and anti-saloon interests throughout the whole state are affected.

The state supreme court holds that the referendum clause of the city charter as regards saloon or other licenses rests entirely with the city council and regularly designated licensing officers of the city.

MAKE TRIP TO WINNIPEG.

Business Men of North Dakota Travel on the Red River.

Winnipeg, June 8.—A large number of business men from Grand Forks and other North Dakota towns arrived here yesterday by the steamer and were welcomed by many river craft and thousands of citizens.

It was the first trip made by steamer between Grand Forks and Winnipeg in 23 years.

The object of the trip is to impress the United States congress with the feasibility of Red River as an avenue of commerce, and get an appropriation for its improvement. With St. Andrew's locks above completed, navigation will be possible for steamers to go right through to the head of Lake Winnipeg, a distance of five hundred miles.

WOMEN TORTURED BY MASKED ROBBERS

Bind Victims to Chairs and Hold Lighted Candles to Their Feet.

Pittsburg, Pa., June 8.—The work of robbers at Belmont, Pa., near here, has so aroused the community that a lynching is threatened if the men are captured.

Five men, all masked, broke into the home of Mrs. Minnie Ashe, 90 years of age, and ransacked the place. With the aged woman were her daughter, Mrs. Mary Ober, 60 years of age, and her granddaughter, Miss Minnie Ober, 23 years of age. The men found only \$20 in the house, and, believing there was more, they bound the three women and tortured them. They used picture wire in fastening the women to chairs. Then they held lighted candles to their bare feet.

Before leaving the house the burglars released Miss Ober, who recovered sufficiently to summon help.

Over 100,000 trees are said to be destroyed every year in the collection of the bark from which is made the drug cascara sagrada.

PILES FOR FOUR YEARS

Only those who suffer from Piles can know the agony, the burning, throbbing, shooting, stabbing pains which the ailment causes, and the way it wrecks the sufferer's life.

Zam-Buk is blessed by thousands who used to suffer from piles, but whom it has cured. One such grateful person is Mrs. Elizabeth Taylor, of Greenwood Avenue, Toronto. She says:—"For four long years I suffered miserably from bleeding piles. During that time I spent an immense amount of money on 'remedies' and doctor's prescriptions but got no ease. Zam-Buk was different to everything else I had tried, and it cured me. I am grateful for the cure, and as I have never had piles since, I know the cure is permanent."

Another thankful woman is Mrs. E. A. Gardner, of Catalina, Trinity Bay. She says:—"In my case Zam-Buk effected a wonderful cure. For twelve years I had been troubled with blind, bleeding, and protruding piles. I had been using various kinds of ointments, etc., but never came across anything to do me good until I tried Zam-Buk, which cured me. That this may be the means of helping some sufferers from piles to try Zam-Buk, is the wish of one who has found great relief."

Zam-Buk is a purely herbal balm and should be in every home. Cures cuts, burns, bruises, eczema, ulcers, blood-poisoning, prairie itch, sunburn, blisters, sore feet, summer sores, and all diseases and injuries of the skin, etc. All druggists and stores sell, or from Zam-Buk Co., Toronto, for price.

BOARD OF TRADE AND CIVIC AFFAIRS

Resolution Will Come Up Favoring Contract Work on Streets.

(From Tuesday's Daily.)

At a meeting of the council of the Board of Trade this morning the question of civic improvements was taken up. The meeting, in fact, was given over quite largely to a discussion of civic affairs, the members of the board expressing a desire to assist the council in every way in the matters now before the latter body.

After discussion, it was decided to submit the following resolution to the monthly meeting of the board on Thursday afternoon:

"Resolved, that, in the opinion of this board, it is most desirable that all works of local improvement for which appropriations have been made, should be completed without delay and the assistance of contractors should be obtained.

A letter was read from the Chief Commissioner of Lands and Works in which he outlined what was intended to be done on Vancouver Island this year in the way of opening it up. This consists of the examination of sections surveyed some years ago near Alberni.

GROCERS' DAY AT A.-Y.-P. EXPOSITION

Seattle Stores Will Be Closed To-morrow—Sports in Stadium.

Seattle, Wash., June 8.—For the first time the doors of the Hawaiian building at the exposition were thrown open to the public to-day. The building was delayed owing to the late arrival of the United States transport Dix, on which they were shipped, but the Hawaiian commissioners have been working day and night to get their display in order, and they were ready this morning to receive callers. A bevy of Hawaiian belles were in attendance to serve the fruits and delicacies of the islands to visitors.

To-day's quiet at the exposition will give place to bustle and excitement to-morrow when the grocers will have their day at the fair. Every grocery store in the city will be closed for the day and the providers of eatables will themselves be eating and making merry at the exposition. Following the luncheon at noon to the national delegates of the Grocers' Association, there will be addresses and sports in the stadium all the afternoon.

The Catholic Order of Foresters will do their share toward making the day a busy one.

VETERAN IN JAIL.

Los Angeles, Cal., June 8.—A charge of arson, which may be supplemented by a more serious charge is pending against Corwin Phelps, a civil war veteran, who was taken from the Sawtell soldiers' home to the county jail. The charge is brought by Phelps' wife, who swears that a year ago her husband fired a shack at Sawtell, in which the body of Lawrence Hemmerle, a veteran, was found afterwards. Hemmerle had a belt containing \$1,000, but after the fire only \$60 was found in it.

Hemmerle rented the shack from the Phelps and the authorities made an investigation and several arrests were made, but no clue to the supposed murderer was found. Recently, however, strife developed between Phelps and Hemmerle, and Phelps retained a lawyer to procure a divorce, and that when Mrs. Phelps heard of it she swore to the charge of arson. Phelps is being held in default of \$2,000 bail.

STRETCHED MIDDY. Lengthened Out.

A dispatch to the New York Tribune from Annapolis says: Luther Welsh, of Kansas City, who had to stretch himself four years ago to get into the naval academy, will graduate as No. 4 among the 174 picked men of his class, and with equally as good a record in athletics and as a drill commander.

Welsh had passed the mental examination and had an appointment as a midshipman within his grasp when he was found short by an inch in reaching the required height. Undaunted, however, he submitted himself to a specially constructed instrument similar to the rack of Inquisition days, and succeeded in pulling out the reefs in his spinal column until he measured up to the full standard of an American midshipman.

The principal features of Wednesday's entertainment of the Countess of Aberdeen, who is visiting Boston, were a breakfast tendered by the professional women's club and a reception this afternoon in which the Victoria club, the British Charitable Society and the Scottish Charitable Society joined.

MAIL SERVICE IN BRITISH COLUMBIA

Hon. W. Templeman Interviews C. P. R. Official Regarding Improvements.

Ottawa, June 8.—Hon. W. Templeman had a conference this morning with the minister of trade and commerce, and with Mr. Creelman, representing the C. P. R., relative to improvement of the mail service in British Columbia, especially in the northern portion. Arrangements will be made for an improved service to Queen Charlotte Island and on the Skeena and Skeena rivers.

Mr. Templeman with Mr. Brock, acting director of mines, will make an official trip through northern British Columbia in August, investigating the needs and prospects of further development of the mining industries. Mr. Templeman leaves for Victoria at the end of this week.

COLLEAGUE COURSES. United States Attorney-General Deplores Modern Tendency to Specialization.

South Bethlehem, Pa., June 8.—Attorney-General Wickersham to-day deplored the annual alumni address at Columbia university. The address was heard by several hundred alumni and students of the university and citizens of this city.

Wickersham deplored the modern tendency of specialization in college courses, and advocated a thorough general education even for those who are preparing for technical professions.

He gave his opinion that diversified, broad collegiate courses were more valuable in active life than the narrow specialization, and favored the extension of the elective system in American colleges.

LE ROI TWO SHAFT TO BE DEEPENED

Will Be Sunk to 1,200-foot Level at Cost of \$18,000.

In order to develop the downward continuation of the Le Roi ledge, which extends into Annie territory, and also to get at the other ledges on Le Roi Two property it has been determined to deepen the present shaft from the 900-foot level to 1,200 feet. This shaft will enable the Le Roi Two to tap, by means of crosscuts, the Le Roi ledge on the 1,200-foot level where it dips from the Black Bear ground into the Annie mineral claim, says the Rossland Miner. Below the 1,200-foot level it belongs to the Le Roi Two. The dimensions of the continuation of the shaft will be the same as those of the present shaft, sixteen by six feet. The task will take about eight months of time and will cost about \$60 a foot, or a total of \$18,000.

As there has been considerable diamond drilling downwards from the 900-foot level it is known that there are important ore bodies below that level, and so it is certain that the deepening of the shaft will lead to important results in the way of increased ore production.

Work on the I. X. L. continues. A new and narrow ledge was recently found on the surface, is being drifted on, and it is yielding considerable high-grade ore. It is thought this ledge will widen out considerably after it is further exploited.

The O. K. is being operated by the lessees with fairly satisfactory results.

In the South Belt the work of sinking the shaft on the Annie Brown ledge is making good headway, and with the progress of the work the probabilities of the making of a mine increase. On the Richmond the shaft is also being deepened, and the indications are of a promising character. Work on the Mayflower is making fair progress, and, within a reasonable time, there will be a carload of ore ready for the smelter. The work on the Blue Bird is getting out considerable ore of a high grade which is being placed on the dump preparatory to making a shipment.

MORRIS ACQUITTED. Found Not Guilty of Charge of Murdering His Brother.

After a trial at Regina lasting over a week and the hearing of over a score of witnesses, Ernest Morris, charged with murdering his brother, Charles, on April 15th, was found not guilty.

When Morris left the box somebody started a demonstration, but was immediately silenced. Outside the court many friends crowded around Morris to shake his hand, including some of his Milestone friends and several of the jurymen. The verdict seemed popular.

TAFT IN QUANDARY. Finds It Difficult to Secure Minister to China.

Washington, D. C., June 10.—President Taft has offered the ministerial post to China and is believed in official circles to have stirred up some feeling of resentment in that country and the president is said to be perplexed as to the proper disposal of the post.

The ministerial has already been offered, or its offer considered, to ex-Senators Fulton of Oregon, and Hemmerle of Indiana, and to Wm. Nelson Cromwell of New York. In view of the refusals encountered the president probably will not announce another nomination until its acceptance has been assured him. It is stated that he has another man in mind for the post, but no hint as to the identity of the probable appointee has escaped official circles.

Statistics show that the Germans patronize the railroads almost twice as frequently as they did ten years ago, and average longer journeys.

ONE ON THE DOCTORS.

Madame J. Roux, St. Moise, Que., says: "Fruit-a-tives cured me of severe Liver Disease. Neither doctors nor any other remedy did me any good, but Fruit-a-tives promptly cured."

"Fruit-a-tives" always cure Liver Trouble, Biliousness and Constipation because they act directly on the liver. They stimulate the secretion of Bile, which decreases the quantity of blood in the liver and thus relieves the congestion or Biliousness. With plenty of Bile to move the bowels, there is an end to the Constipation.

"Fruit-a-tives" are a positive cure for all troubles arising from a disordered liver.

"Fruit-a-tives" are the juices of apples, oranges, figs and prunes—prepared by a newly discovered process, and combined with valuable tonics and antiseptics. They are, without doubt, the most popular remedy in Canada to-day.

50c a box, 6 for \$2.50, or trial box, 25c. If you can't get "Fruit-a-tives" in your neighborhood, these wonderful tablets will be sent, postpaid, on receipt of price by addressing Fruit-a-tives Limited, Ottawa.

SPEEDING AUTO DRIVER WOUNDED

Shot by Chief of Police When He Refused to Obey Command to Stop.

Indianapolis, Ind., June 10.—Chief of Police Metzger shot and seriously wounded Samuel Dowden, a local attorney, who was speeding his automobile Tuesday evening and refused to stop at the chief's demand. Metzger was accompanied by Police Chief Wilson, of Oakland, Cal., when Dowden's automobile whizzed by.

"Stop," cried Metzger. His command was repeated by Wilson to no effect. After commanding him again to halt, Metzger drew his revolver and fired three shots. Dowden was shot through the knee and was carried to a hospital by policemen who were attracted by the shooting.

Metzger said he fired at the tires of the machine, which he claimed was going at a speed in excess of 35 miles an hour.

It was announced yesterday that a grand jury would be asked to investigate the case.

VESSELS DAMAGED IN THE SOO LOCKS

The Assiniboia Aground as Result of Breaking of the Gates.

Sault Ste. Marie, Mich., June 10.—The Assiniboia, a lumber steamer, was damaged and is now aground in the Soo locks, practically wrecked, and several other steamers are slightly damaged as the result of the sudden breaking of the gates which caused the water to surge.

When the gates gave way the Assiniboia and the steamers Crescent City and Walker were coming down the Canadian canal. They were carried down to the lower level with tons of water which suddenly dropped. Tugs rescued the vessels from sinking.

SKIN ERUPTIONS AND PIMPLES

Disappear Under a Treatment With Dr. Williams' Pink Pills.

There can be health and vigor only when the blood is rich and red. There are thousands of young men just approaching manhood who need the rich, pure blood of Dr. Williams' Pink Pills can make. They have no energy; tire out at the least exertion, and who feel by the time they have done their day's work, as though the day was a week longer. In some cases there is a further amount of danger in the pimples and disfiguring eruptions which break out on the face. These are certain signs that blood is out of order, and that a complete breakdown may result. In the emergency Dr. Williams' Pink Pills is the medicine these young men should take. These pills actually make rich, red blood. They clear the skin of pimples and eruptions and bring health, strength and energy.

Here is the experience of Adolphus Rolland, of St. Jerome, Que., who is a young man of 19 years of age, who says: "For more than a year I suffered with general weakness, and I gradually grew so weak that I was forced to abandon my work as a clerk. My appetite failed me, I had occasional violent headaches and I began to suffer from indigestion. I was falling so rapidly that I began to fear that consumption was fastening itself upon me. Our family doctor treated me but I did not gain under his care. I was in a very discouraged state when a friend from Montreal came to see me. He strongly advised me to try Dr. Williams' Pink Pills. I did so and inside of three weeks I began to feel better. My appetite began to improve and I seemed to have a feeling of new courage. I continued the pills till I had taken ten boxes and I am now enjoying the best health I ever had. My violent headaches and I began to suffer from indigestion. Our family doctor treated me but I did not gain under his care. I was in a very discouraged state when a friend from Montreal came to see me. He strongly advised me to try Dr. Williams' Pink Pills. I did so and inside of three weeks I began to feel better. My appetite began to improve and I seemed to have a feeling of new courage. I continued the pills till I had taken ten boxes and I am now enjoying the best health I ever had. My violent headaches and I began to suffer from indigestion. I was falling so rapidly that I began to fear that consumption was fastening itself upon me. Our family doctor treated me but I did not gain under his care.
