ST. GEORGE'S SOCIETY WILL ATTEND SERVICE

Will Parade to St. Paul's Church on Sunday Evening—Annual Dinner at Royal on Wednesday.

St. George's Society will hold their annual church parade to service in St. Paul's church on Sunday evening, when Rev. E. B. Hooper, the chaplain of the society, will preach. The members of the society will meet in their rooms at 23 Charlotte street at 6.15 arranged in the conventional attire for such occasions, with the addition that each member will wear a rose as a token of the origin of the order.

From their rooms the society will proceed in a body to St. Paul's where seats will be reserved for them in the nave. At the church a special service will be held, and the choir will sing hymns especially adapted to the occasion. The local lodge of St. George's society has for over fifty years taken this way of showing their respect to their patron saint and their loyalty to the Empire.

Next Tuesday will be St. George's day, but the annual dinner will not be held until Wednesday evening. However, the members of the society and their guests will assemble in the Royal Hotel and will doubtless make up for lost time. The guest of honor at the dinner will be Hon. Josiah Wood, Lieutenant Governor of the province, while other guests will be R. B. Patterson, president of the St. Andrew's Society; R. J. Ritchey, president of St. Patrick's Society, and the United States Consul, H. S. Culver.

MOUNT TEMPLE MADE HARD EFFORT TO SAVE TITANIC

Ice Impeded Progress of C. P. R. Liner and She Reached Spot After Big Ship Had Gone Down—Saw Carpathia in Distance.

Coming from the scene of the terrible disaster to the Titanic, the C. P. R. liner Mount Temple, in charge of Capt. Moore, arrived in port yesterday with a passenger list of over 1,450, new settlers for Canada. The passage across was smooth, except for the encountering of a large quantity of ice in the vicinity of the spot where the Titanic met her doom. The passengers coming over on the vessel represent several nationalities, a number of Italians being conspicuous in the list. The new settlers are a likely looking lot, rugged and intelligent appearing, and look like a valuable acquisition to the country. Shortly after putting out from port, one of the number was seized with pneumonia and instead of a home in Canada, found a resting place in the deep.

The Mount Temple was among the steamers to arrive at the scene shortly after the final scene of the terrible tragedy had been enacted. Among the first, the vessel heard the frantic appeal flashed through the air from the ill-fated Titanic, and with only 50 miles of water between her and the sinking vessel, hurried to her help, with all possible despatch, only to find that the cruel waters had closed over the vessel, carrying with her, hundreds of imprisoned men.

The "S.O.S." from the Titanic, followed by the announcement of the collision and indication of the spot, reached the Mount Temple about 12.30 on Monday morning. The Mount Temple immediately started to the aid of the Titanic. Scarcely had she headed in the direction of the accident than an immense field of ice was encountered, through which the steamer was obliged to plough in her race to succor the unfortunate men on the sinking boat. Large icebergs loomed up in the distance, and as the Mount Temple neared the locality where the accident occurred, the quantity of ice grew greater, impeding the progress of the vessel. Although all possible despatch was used, the Mount Temple did not reach the spot only to find that the Titanic had disappeared from view.

Arrived at the scene, the captain of the Mount Temple sighted the Carpathia a short distance away, and learned that the latter vessel had succeeded in rescuing the boats from the doomed steamer. In the hope, however, of finding some survivors from the Titanic, the divers were let down and the gangplank lowered, but although she remained for some time near the spot, not a boat nor a person was sighted, and the Mount Temple steamed on her course to the port where she arrived shortly after noon yesterday.

EVIDENCE OF FAITH IN ST. JOHN'S FUTURE

Ontario Man Wants to Engage in Business Here if He Can Find Partner to Run It.

Secretary Anderson of the Board of Trade has received a communication from a party in Ontario, stating that he is anxious to find a man in St. John who is ready to consider a proposition to enter into a partnership for the purpose of opening a haberdashery establishment in St. John. The Ontario man writes that he has considerable capital which he is prepared to invest in a dry goods business here, if he can find an enterprising man who is willing to become his partner and take charge of the business here.

This offer is one of the many indications of the interest being manifested by outsiders in the possibility of great developments in St. John in the near future, consequent upon the conversion of Courtenay Bay into a harbor, the building of the Valley Railway, and other projects intended to divert traffic to this port and open up the province for settlement.

The real estate men have recently received a large number of communications from manufacturers and merchants, asking for information about lands available as sites for new industries or stores, while every week a number of outsiders come here to personally look over the situation and study the opportunities for starting new industries and opening new businesses, all of which shows that the people in other places have a strong faith in the future of the city and are eager to share in its development.

RIVER STEAMERS MADE FIRST TRIP

Champlain and Majestic Arrived Yesterday from Palmer's Wharf and Gagetown—Both Had Good Freights.

The wharves at Indiantown presented a lively appearance yesterday afternoon on the return of the steamers Majestic and Champlain from their first trip up river. The Champlain, from Palmer's wharf, was the first to arrive. From a commercial standpoint the trip proved to be a success, as the steamer carried a large freight both up and down the river, the return freight being made up of farm products, Captain Wesson, of the Champlain, reports that The Reach is clear of ice and that there is no ice running in the river.

The steamer Majestic, Captain Day tied up at her wharf at 6 o'clock, after going up as far as Upper Gagetown. On board the boat were several passengers besides the usual quota of farm produce. The Majestic also brought to the city 20 head of fine looking beef cattle, together with a calves, all of which will be gladly received by the butchers.

On the way up river the Majestic succeeded in making the passage through the Gagetown canal, but on the way down, the canal was blocked and those in charge had to take the vessel around to Gagetown by the main river. While the Majestic was lying overnight at the Upper Gagetown wharf those on board saw several heavy runs of ice and on the way down the steamer had to be slowed several times to avert a collision. It is expected that the Majestic will succeed in getting to Fredericton today, while Captain Wesson of the Champlain, intends to try for Hatfield's Point.

Exmouth street Methodist church, missionary Sunday, special sermons will be preached in the morning at 11 o'clock, and in the evening at 7 o'clock, by Rev. J. L. Barry, of Moncton. Sunday school and Bible class at 2.30.

DEMONSTRATION A GREAT SUCCESS

Advantages of Use of Dollar Gas Well Shown—Difficulties of Former Method Explained by Expert.

An interesting and very instructive demonstration of the economy of One Dollar Gas, as a general domestic fuel, was given in the St. John Railway Company's showrooms, yesterday afternoon, by Miss Daisy K. Gayton, assisted by Vincent the Caterer.

Miss Gayton, enumerated the difficulties encountered in the cooking of meals and heating of water by the old methods, and proved conclusively that much time could be saved and labor reduced to the minimum by utilizing One Dollar Gas, which is also, by far, the most economical fuel for household purposes.

The date of the next demonstration is given in the One Dollar Gas advertisement on page 2.

Fraser, Fraser's Sale.

I just dropped in to the big sale of dry goods and ready to wear garments at Fraser, Fraser and Co.'s and found the store crowded with people around their remnant counter. They are selling all their remnants at about half price. There are dress goods, prints, muslins, cottons, linens, towels, curtain muslins, cretonne, etc.; size from one yard to six yards. They have about ten of those girls' spring coats left to fit girls 8 to 12 years, only \$1.98, worth \$5 and \$6. Go and get some of the big bargains they are offering. It will pay you.
