THE HEART SONGS OF 90,000,000 PEOPLE

Many of these songs cannot be found in any other collection. They came in yellow, time-worn, tear-stained sheets—that had been sacredly treasured from childhood—others were written out from memory—some were given by titles only—or remembered verses, involving a long search to obtain the whole.

Of the thousands received it is safe to say that the several hundred finally selected—as having the largest number of votes and the highest endorsement—represent today the taste of the Canadian people in its choice of music.

We believe that the distribution of this unrivalled song collection will bring more happiness into the homes of our readers, will do more to

make them attractive to young and old; do more to inculcate a love for music; to soften, elevate, and refine the home life; to cultivate the nobler and higher virtues of the fireside—than any other means we could adopt.

More Than 400 Songs.

EVERY SONG chosen for some personal association; some tender memory; some life-lasting effect; for the haunting beauty of its words; for the thrilling music of its melody. The familiar songs of the long-ago, that are treasured in the heart forever.

Over 500 Pages.

FOUR YEARS of song gathering to obtain the correct words and music of this unrivalled collection—many of them Folk songs only here published for the first time. Others never before found in a home volume. The real heart songs of 90,000,000 people.

Arranged in Lower Key.

THE only songbook written and arranged in low key so that every member of the family can join in the singing. Many pieces harmonized and adapted for the first time to mixed voices. A veritable treasury of words wedded to music that is not for a day but for all time. For the family—for parties—for social gatherings.

THE STANDARD'S SPECIAL OFFERING TO YOU

We consider it a great privilege to be able to place before our readers this marvelous offer. With more than 100,000 copies already sold at \$3.00 each—it was no easy matter to persuade the publishers to consent to a daily newspaper practically giving away thousands of copies. Yet we have done this, and they now agree with us that it will enormously increase the demand for their work.
