ST. JOHN MAN THOUGHT DEAD IS NOW SAFE

Sergeant O'Brien, who was Believed Killed has been Doing Gallant Work in Saloniki — Recommended for Commission.

Sergeant Fred O'Brien, the St. John boy who was believed to have been killed in action, is safe in Saloniki according to letters from the young soldier which reached his relatives in this city yesterday. Sergeant O'Brien who was one of the first to enlist with the overseas forces under Col. Corbett was a regular correspondent for several months, but when he had not been heard from for over ten months his relatives here feared that he had fallen in battle. Inquiries were made from every available source, but these only served to increase the belief that he had made the supreme sacrifice. Yesterday a letter from the young soldier brought the good news that he is alive and well. It is thought that his former letters went down on ships which met the destruction through the activities of the German submarines.

Sergeant O'Brien's letters also brought the welcome news that he had been recommended for a commission for gallant work in the field. The young officer has had several thrilling experiences since he enlisted in the king's army in this city and on several occasions fellow soldiers have written home of his glorious deeds. The commanding officer of the forces at Saloniki took a great personal liking to Sergeant O'Brien and was only too pleased to endorse the recommendation for his commission. The local friends of this popular young officer will rejoice in the welcome news that he is safe and will attend genuine congratulations to him on his well earned promotion.

Laugh When People Step On Your Feet

Try this yourself then pass it along to others. It works!

Ouch! ? ! ? ! ? ! This kind of rough talk will be heard less here in town if people tread with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezone when applied to a tender, aching corn dries up and lifts right out without pain. He says freezone is an ether compound which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce of freezone will cost very little at any drug store, but is sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement, since the inauguration of the high heels.

TWO SONS OF W. E. RAYMOND ARE PROMOTED

Commissions for Two Local Men who have Done Their Bit in Support of the Allied Cause—One goes to the Imperial Forces.

The English mails have brought welcome news to W. E. Raymond of the Royal Hotel. His two sons, William and Harold N. Raymond, who gave up lucrative positions to enlist in the ranks, have been promoted to the rank of lieutenant for gallantry in action. Both young men have splendid war records and their many local friends will be pleased with the news of their well-merited promotion. William Raymond has been promoted to his lieutenancy in the Canadian Engineers. Following a successful course in mining engineering at McGill university he went to Mexico and was engaged there on engineering work at the outbreak of the war. He returned to Canada to answer the call and went overseas in the ranks.

Harold N. Raymond is a graduate of Boulder College, Colorado. He was forced to leave St. John on account of the climatic conditions interfering with his health. He was a successful electrical engineer with the General Electrical Company when war broke out, but joined the forces in a desire to do his bit. He carried on in France for over nineteen months, when he was recommended for a commission with the Imperial Forces.

OBITUARY.

Thomas J. Barnes.

The death of Thomas J. Barnes, took place in the Carney Hospital, Boston, Thursday, after a short illness. Mr. Barnes was a former well known business man of this city, and previous to going to the states was a printer in Prince William street at the site of the present printing house of Barnes & Company, the members of which firm are cousins of the deceased. His wife, who survives, was Miss Margaret Doherty, a daughter of the late George Doherty of St. John. Mr. Barnes was about sixty-three years of age, and a son of the late Jacob Barnes. Besides his wife, he is survived by four sons, Thomas, Austin, Jackson and George, all of Boston, and one daughter, Alice, also of Boston.

BRITAIN—CALLS TO CANADA—

THE FACTORY THE FARM
She must have Food—

for her Armies in the Field—for her Workers in the Factory—in the Munition plant—in the Shipyard—in the Mine.

THERE'S DANGER IN SIGHT—BUT YOU CAN HELP

DO YOU KNOW—

that the rapidly rising price of food stuffs means that the World's reserve supply is getting small?

DO YOU KNOW—

that a world-wide famine can only be averted by increasing this supply?

DO YOU KNOW—

that a "food famine" would be a worse disaster to the Empire and her Allies than reverses in the Field?

YOU CAN—

help thwart Germany's desperate submarine thrust on the high seas.

YOU CAN—

do this by helping to make every bit of land in Canada produce—the very last pound of food stuffs of which it is capable.

AND REMEMBER—

that no man can say that he has fully done his part—who having land—be it garden patch, or farm, or ranch—fails to make it produce food to its utmost capacity.
