

GERMAN HATE \$60,000 TO EXPLOIT CANADA

THE BUSINESS MEN OF GERMANY SYSTEMATICALLY BACKMAILED FOR YEARS BY THE KESER

Syndicate Was Formed to Operate in Dominion—It Consisted of Heads of Twelve Great Firms and Half of Capital Was to Be Supplied by German Government—August Thyssen, Wealthy German, Writes Pamphlet on Subject.

Washington, Jan. 22.—German business men have been blackmailed by Emperor William from the days immediately preceding the war until the present according to an article written by August Thyssen, one of the wealthiest members of Germany's business community, and a leader of the republican movement. The article was first published in pamphlet form but it was suppressed and the author fined.

"I am writing this pamphlet," the writer says, "because I want to open the eyes of Germany, especially of the business community, to the facts when the Hohenzollerns wanted to get the support of the commercial class for their war plans, they put their ideas before us as a business proposition. A large number of business and commercial men were asked to support the Hohenzollern war plan on the ground that it would pay them to do so. Let me frankly confess that I am one of those men who was led to agree."

"In 1912 the Hohenzollerns said that the war had become a necessity to the preservation of the military system upon which their power depends. In that year, the Hohenzollerns might have directed, if they had desired the foreign affairs of our country so that peace would have been insured in Europe for at least fifty years."

"I was personally promised a free grant of 30,000 acres in Australia and a loan from the Deutsche Bank of \$750,000 at 3 per cent to enable me to develop my business in Australia. To several other firms were promised special trading facilities in India, which was to be conquered by Germany—be it noted by the end of 1915 a syndicate was formed for the exploitation of Canada. This syndicate consisted of the heads of twelve great firms; \$100,000,000 half of which was to be found by the German government."

"These promises were not vaguely given, they were made definitely by Bethmann-Hollweg on behalf of the emperor to gatherings of business men and in many cases the promises were made in writing. I have mentioned the promise of a grant of 30,000 acres in Australia that was made to me. Promises of a similar kind were made to at least eighty other persons at special interviews with the Chancellor and particulars of these promises were entered in a book at the trader department."

"But not only were these promises made by the chancellor, they were confirmed by the Emperor of Germany. Three occasions addressed large private gatherings of business men in Berlin, Munich and Cassel in 1912 and 1913. I was at one of these gatherings. The emperor's speech was one of the most flowery orations I have heard."

"The emperor was practically enthusiastic over the coming German conquest of India. India he said, is occupied by the British. It is, in my opinion, the greatest mistake that has ever been made by the British. We shall not merely occupy India, we shall conquer it, and the vast resources that the British allow to be taken by Indian princes will after our conquest flow in a golden stream into the Fatherland. In all the richest lands of the earth the German flag will fly over every other flag."

"But this is what has happened in reality. In December of 1916, the Chancellor, Bethmann-Hollweg, began to have interviews once more with business men. I was personally asked to guarantee a subscription of \$1,000,000. I declined to give this; so did some others. I was then favored with a

THE "PATS" BAND.

The St. Mary's Brass Band which enlisted with the 140th Battalion, and after some time in England was drafted to the Princess Patricia's Canadian Light Infantry in France, and was the first band that has crossed the channel as a unit, gave a delightful concert at a brigade banquet in France on December 12. The programme which arrived yesterday shows that the old "St. Mary's" is continuing to render real music, and friends of the bandmen will be pleased to learn that they are happy to be "Over There."

Charles H. Williams is the bandmaster, and holds him the band is Harold Williams, sons of a late veteran bandmaster and instructor. Like their father, nothing but the best music would suit, and perhaps that is the reason that this band is being taken notice of.

Bandmaster Williams has been promoted to warrant officer, and like others in the "P. P. Band," left excellent positions in the city to go overseas.

CHILDREN HAD WHOOPING COUGH

Whooping cough, although specially a disease of childhood, is by no means confined to that period, but may occur at any time of life. It is one of the most dangerous diseases of infancy, and yearly causes more deaths than scarlet fever, typhoid or diphtheria, and is more common in female than male children.

Whooping cough starts with sneezing, watering of the eyes, irritation of the throat, feverishness and cough. The coughing attacks occur frequently, but are generally more severe at night.

On the first sign of a "whoop" Dr. Wood's Norway Pine Syrup should be administered, as it helps to clear the bronchial tubes, if the collected mucus and phlegm.

Mrs. George Cooper, Bloomfield, Ont., writes: "It is with pleasure I can write and tell you that there never was a better cough medicine made than Dr. Wood's Norway Pine Syrup. Our child, who had whooping cough last winter, and that is the only thing that seemed to help him, it loosens up the phlegm so that they could raise it easily. I will never be without it."

"Dr. Wood's is 25c and 50c a bottle, put up in a paper wrapper, and three pine trees the trade mark; manufactured by The T. Milburn Co., Limited, Toronto, Ont."
