

AUSTRIAN ARMY IS DEALT SMASHING BLOW ON PIAVE

Allies Push Forward as Far as Vayolla, Taking 15,000 Prisoners.

VICTOR EMMANUEL UNDER GUN-FIRE

Last Lines of the Austrian Resistance on River Banks Are Broken.

With the Allied Forces on the Pieve, Oct. 28.—(By The Associated Press.)—The last lines of the Austro-Hungarian resistance on the central positions along the Pieve River were broken today by the British, French and Italian forces.

The Austrians were dealt a smashing blow. It resulted in the Allies making new advances pushing forward as far as Vayolla, which was taken by the victorious Italians, notwithstanding desperate resistance.

Italian Headquarters on the Pieve, Oct. 28.—"We used to say that all roads led to Rome," said an Italian general, speaking of the new advance, "but now it appears that all roads lead towards the land of the barbarians."

Many Prisoners.

Italian Headquarters, Oct. 28.—Fifteen thousand prisoners had been taken by the British, Italians and French up to late today in the advance across the Pieve which for the third time in one year is the scene of a desperate battle. This time, however, the tables are turned against the Austrians who are steadily being pressed back from the eastern bank of the river.

The battle now has been going on for five days, and has been marked by the desperate resistance of the Austrians.

They have directed their artillery fire against pontoon bridges thrown across the Pieve and their bombing airplanes also have caused trouble for the Allies. The Allies not only have had to battle against the swift river current, but also to contend with the renewal of the pontoons and foot bridges damaged by the Austrians. Once across the river the Allies have had to overcome strong Austrian trench positions and machine gun posts.

Cross Pieve.

Austrian prisoners declare that they know nothing of the political situation at home and the efforts of their government to arrange an armistice. The Austrian army post office is said to have stopped the delivery of mail some time ago.

Although facing a heavy cannonade and strong machine gun fire, the Allied troops succeeded in effecting a crossing of the Pieve. The British, Italian and French soldiers are in the best of spirits and eager to continue the advance.

All the roads leading to the mountains of the Pieve are crowded with heavy masses of troops, guns and other war material proceeding to the front in orderly fashion. When a staff auto rushes by at sixty miles an hour, it is a common joke among the soldiers to exclaim: "They are trying to beat us to Vienna."

King under Fire.

Italian Headquarters on the Pieve, Oct. 28.—(By The Associated Press.)—King Victor Emmanuel saw the Allied soldiers make the difficult crossing of the Pieve. He was dressed, as usual, in a uniform made of the same material as those of the private soldiers.

The king was under the fire of the Austrian guns and was at various points where gas shells and snipers were falling. He spent much time near where there was a heavy bombardment to prevent the Allied passage of the river.

RALEIGH HONORED AFTER 300 YEARS

London, Oct. 29.—Further evidence of the close ties binding together the English-speaking peoples was afforded by the Anglo-American festival held in London today to commemorate the 300th anniversary of the execution of Sir Walter Raleigh. The chief feature was a public meeting held at the Mansion House and attended by many eminent representatives of Great Britain and the United States. The Lord Mayor presided and among the speakers were Lord Bryce, Mr. Balfour and Sir Ian Hamilton. Edmund Gosse delivered the oration of the day, and a permanent memorial of the occasion it is proposed to establish in London a Raleigh House, to be used for promoting intellectual co-operation between British and American scholars.

New Anti-Dynastic State Formed in That Country Under Leadership of Count Karolyi.

Copenhagen, Oct. 29.—An independent and anti-dynastic state has been formed in Hungary under the leadership of Count Michael Karolyi in agreement with the Czechs and south Slavonians, according to Vienna reports received by the Politikon.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy, Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion, you have already tried pepsin, bismuth, soda, charcoal, drugs and various digestive aids and you know these things will not cure your trouble—in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic, just try the effect of a little bisurated magnesia—not the ordinary commercial carbonate, citrate, oxide or milk, but the pure bisurated magnesia which you can obtain from practically any druggist in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat.

You will find that provided you take a little bisurated magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and moreover, the continued use of the bisurated magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.

Canada CAN and WILL

ON July 31, 1918, Canadians had on deposit in banks more than a billion five hundred million dollars—that was \$160,000,000 more than was on deposit on the same date in 1917.

And, in the meantime, Canadians had invested \$425,000,000 in the Victory Loan 1917. Besides that they had bought \$60,000,000 worth of provincial and municipal bonds.

So the people of Canada during the past year have accumulated \$485,000,000 in bonds and over \$160,000,000 in cash more than they had on July 31, 1917. That represents concrete accumulated wealth.

Canada is to-day the richest country in the world, per capita.

Her war debt per capita is lower than that of any other fighting nation.

So Canada undoubtedly has the ability to oversubscribe the Victory Loan 1918.

And Canada must manfully and loyally support the Victory Loan 1918, because the national safety, the national honor and the prosperity of the country are at stake.

Canada's business prosperity is necessary to the maintenance of Canada's war efficiency.
