

and abundantly sprinkled with lime, before and during the existence of any contagious disease or epidemic.

10. That all stagnant water about dwellings, yards, streets, and in cellars, pits, and vacant lots and other places, be at once drained off if practicable; and all hollow and wet places be filled up with fresh earth and sand; and all drains, sewers, and water courses, obstructed or stopped up, be at once opened, so that the waters may flow freely and unrestricted; and where the Public Health is endangered from the want of Main Drains or Sewers in any street or place, that the proper authorities do forthwith cause the same to be made, so as that all cellars, pits, and vacant lots, in which water remains, may be immediately drained off.

11. That where Swine are kept, if they occasion any bad or offensive odour, and especially if fed from the Offal of Butchers Sheds, or Slaughter Houses, they be immediately removed to such a distance from any dwelling, so that the inhabitants may not be annoyed by such offensive odours.

12. That Butchers keep their premises particularly clean, and dispose, without delay, of all the Offal, Excrements, and remains of the Animals slaughtered, in such wise as not to offend their neighbours, or the public, with the bad odours resulting from the putrid effluvia, so abundantly given off from such substances. It would moreover be desirable that no Slaughter House be allowed within the limits of any City or Town.

13. That all Skins and Hides, and the skulls, horns and bones adhering to such skins and hides in Tan-ners' yards and premises, and all hoofs and horns and bones collected for or intended to be used in the manufacturing of Neats' Foots' Oil, shall not be allowed to accumulate, but in every instance, be removed before disagreeable odours arise therefrom, to such place, or be put into such a state as that the Public Health be not endangered thereby.

14. That Tanyards and Tanneries be visited by the Health Officers, at least once a week, to see that
