## PUBLISHER'S TALK

THERE has been some talk recently in British Columbia and elsewhere as to the propriety of flying the Union Jack or the Canadian Ensign over school-houses and public buildings. Mr. Barlow Cumberland, the greatest authority in Canada on the Flag, its history and its use, has written a paper for THE COURIER which should settle the matter for once and for all. Officially it is already settled, although the general public and even the official classes seem to have some doubts still.

MAY we again point out that THE COURIER is publishing each week a coloured cover which is wholly "Made in Canada." The artists and engravers are all native workers. We repeat this because a few people have expressed doubt that such work can be done in this country. The illustrative and decorative arts have made tremendous progress in the Dominion during the past five years.

CANADIANS have recovered from their sensitiveness on the subject of snow and some of our most popular covers have been those depicting the joys of our Canadian winter.

DISTRUST dealers who try to substitute inferior inks. Remember that substitution is practised because inferior articles allow exorbitant profits.

Ridicule the excuses, "out of stock," or "just as good," and — buy elsewhere. Insist on having

## Ten Years' Growth

The measure of a Company's prosperity is its steady growth, along safe lines, at a moderate outlay for expenses of management.

*The Mutual Life ASSURANCE CO. OF CANADA.*

fills the bill in these respects, its operating expenses for many years having been much lower than any of its competitors while its growth for the past ten years has been abundantly satisfactory in every department of its business.
