bu MARY CHIPMAN

Four Dalhousie graduates have returned this year to take up duties as members of the faculty: Gordon Beecher take up duties as members of the faculty: Gordon Beecher Weld, Carmen Frederick Moir, Daniel Allan Soberman, and New Dug-Out For Engineering Society, John Jay, opened the first meeting of the Keith C. Hoyt.

year he is with the Faculty of

housie to take Science. He re- with the Governor - General's ceived his B.Sc. in 1950, his Diploma of Education in 1951, and his Bachelor of Education in 1951, and his Bachelor of Education in 1951, and his Bachelor of Education in 1953. 1953. Mr. Moir taught at Lock-

bell Memorial Scholarship. Mr. Soberman graduated with a B.A. University of Prague, where he in 1951 and an LL.B. in 1952. He taught from 1920. He became a did post graduate work at Harvard, before returning to Dal-

The Chemistry Department has a new Assistant Professor in the person of Dr. H. Brian Dunford, who will give classes in Physical Chemistry. A native of Alberta, Dr. Dunford graduated from the University of Alberta with an Honours Degree in Science in Dr. Maskal will be a lecturer in 1950. He obtained his Ph.D. from Pathology. rural sociologist in the Department of Agriculture at Ottawa, and last year was on the faculty of Huron College, Toronto.

McGill in 1955 for his work on chemical kinetics. He is at present a post-doctorate Fellow at McMaster University.

Mr. Weld was born in Toronto in 1932, and attended Rothesay Collegiate. He entered Dalhousie Engineering School in 1950, and received his Diploma in Engineering in 1953. Mr. Weld's education was completed at the Nova in the Physics Department of Dalhousie University. After at-Scotia Technical College, and this Dalhousie University. After attending high school in his home Engineering.

Following high school graduation in his home town of Darthousing high school graduation in his home town of Darthousing high school in his home town of North Sydney, Dr. Hoyt joined the RCAF and served in the last war. He then entered Dalhousie and graduated in 1949

Two new members of the coming to Dalhousie as a special lecturer in Education.

A native of Toronto Mr. Soberman attended Harlord Collegiate in that city. Moving to Halifax, he completed his high school education at Queen Elizabeth High

Scotland, in 1921, and graduated with first class honors B.Sc. from In 1946, he came to Dalhousie with first class honors B.Sc. from with an entrance scholarship, and later won the George H. Camp-Taylor had been a lecturer in Pathology for five years at the Scottish Physiotherapy Hospital, and for three years an examiner for the Institute for Medical La-boratory Technicians. This year housie Law School as a lecturer. Dr. Taylor is Associate Professor in Pathology at Dalhousie.

Dr. Maskal was born in Cowell, South Australia in 1912. He

A former Dalhousie student, Dr. W. T. Morse, has been appointed Associate Professor of ed a travelling and research fellowship by the R. Samuel Mc-Laughlin Foundation for 1953-54 which was continued in 1955. In addition to teaching, Dr. Morse will carry out Medical Research

The president of the Dalhousie season by introducing Vice-president Doug Lennox, and the Secretary-Treasurer, Bill Phillips to the

new students. The business discussed was as follows:

1. Peter Adams was elected as the society's representative to the Dalhousie Athletic Association.

2. The ENGINEER'S JAM-BOREE will be held around the middle of November. Bill Roberts was elected chairman of the Jamboree Committee with Doug Lennox, Rodney Crooks, Ernie Mac-Aulay and Bud Rogers as committee members.

3. The financial statement was unavailable because some of the text book prices had just been received. However, the statement is expected to be favourable.

4. Bob Goodfellow, vice-president of the Dalhousie Athletic Assn., urged the Society members to participate in Interfac Rugby. The first match, Engineers vs Law, will be on Monday, Oct. 17.

5. John Jay's mention of past TOURS met with great applause from those who had participated in them. Dexter Kaulbach and Three new part-time lecturers at Dalhousie this term are Dr. after this year's tours to industrial

6. The ENGINEER'S BALL

received his Ph.D. n 1955 from Harvard University where he had been a resident fellow. He reads nine languages fluently and speaks Serbo-Croatian, English,

Italian and German.

Dr. Kenneth R. Thompson has been appointed Lecturer in Classics. Born and educated in Kingston, Ont., Mr. Thompson graduated from Queen's University in 1953 with an Honours B.A. in Classics.

HERE FORMERLY

Miss Mary Lawrence has been appointed to the Department of Phychology where she is a Lecturer in Phychology and Director of Intern Training in Phychology. She has been a Clinical Phychologist with the Department of Veterans' Affairs in Halifax and October 25 at 12 noon in room 234 Toronto and for the past two of the Arts Building. All girls are years was on the staff of the asked to attend. Social, debating, University of Toronto.

ly Dr. W. J. Archibald and Miss for the Shirreff Hall Open House Helen Reynolds.

The main purpose of the meeting was to elect officers for the coming year; the executive is as

housie held its first meeting of the year at noon Thursday, October 13, in the West End Common Room of the Men's Residence. Over forty students were present, an extremely good attendance, as

the minimum for club formation had been set at twenty members.

President: Malcolm Bradshaw Vice-President: Alan Creaghan Secretary: David Millar

It was decided that guest speak ers, prominent authorities on international affairs would be invited to the meetings to deliver halfhour talks, followed by a question and discussion period. The first of these talks is planned for the second meeting, to be held about October 20.

The chief aims of the International Club are to create an interest in world affairs among Dalhousie students and to develop a firm understanding about certain problems, such as the Communist policy in Eastern Europe. In order to join the organization a student need not know a great deal about current affairs, but he must have the necessary interest and desire to learn.

The club is supported by the Canadian Institute of International Affairs, a group composed of university professors, business and professional men, and some students. On its executive are several members of the Dalhousie

Detailed plans for the new Dental Building are now being worked on by the architects, Dr. A. E. Kerr, Dal president, an-

nounced recently.

The proposed site for the new building will be at the corner of University Avenue and Robie Street, to the west of Forrest Building. It will contain the present Dental School which is situated in the Forrest Building and does not have sufficient facilities for the teaching and practical use of dentistry.

The sum of \$150,000 has been

contributed by the Government of Nova Scotia and other Pro-vincial Governments towards construction of the building.

The proposed school is to be a three-storey structure of ornamented brick and stone and will be similar to the Dalhousie Clinic, Medical Science Building and Dental Library, all of which are on the Forrest Campus.

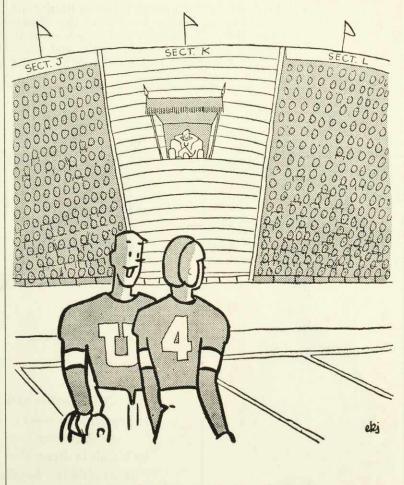

NEW LECTURERS

J. A. Myrden, Dr. H. H. Tucker, concerns and sporting events. and Dr. A. F. Pasquet, all of whom are with the Medical School. Dr. Myrden graduated ary. Co-chairmen for the ball and Co-chairmen f from Dalhousie with a B.Sc. in committee are Jim McNeil and 1946, and received his M.D.,C.M. Dave Patterson. in 1950. He is now a teaching fellow in the Department of Surgery.
