The entire break up of caste system of India, if suddenly broken up, & culture of individualism will be a very ~~great~~ hard thing for govt to deal with. You have a highly socialized system, if it goes by the board & gets disintegrated it is hard to see what will follow. We can feel to that even in Russia where culture is going on most actively & feeling of nationalism strongest, there is great dread of fear we have gone on with freedom of thought etc. which are congruent with the best civilization. How far there and most with best administration system of Russia is in doubt. Here we see a conscious effort of Holland to follow the best methods so far, & no further.

Great impression left in ~~the~~ mind while working on this subject.

1. Looking at the history of the world there are things we always find going on together, the reciprocal action between man & physical nature, & the fundamental question of history is which of them is the more important. Has nature made man what
