Senator the Right Hon. Arthur Meighen,

ONT.

My dear Senator:

OTTAWA.

It seems strange to address you in that term, but you cannot imagine what a great thrill of pleasure your appointment to the leadership of the Senate has brought to your many friends out here and particularly to myself. We were all so delighted that you accepted this, as we know what it will mean to the welfare and good fortune of both the Party and the government. Everywhere one goes in this City, one finds expressions of real gratification that you are again active in our Party. We feel that your presence will bring to the Senate abilities and leadership of advantage, not only to the Senate and the Government but to our Party throughout Canada.

With my very best wishes.

Yours very sincerely,

LJL/WAL.
