THE ONTARIO CROP BULLETIN

A summary of crop conditions in Ontario as taken from the official report of the Ontario Department of Agriculture is as

contain Department of Agriculture is an follows:
Fall wheat falls below the average yield of recent years; spring wheat was a good or roe this year; having is described as 'the crop this year; having is described as 'the average. Rye is raised in limited quantities, but was up to average in yield and quality. They are year years as poor one in both yield and quality. Buckwheat good:
There does not seem to be as much entusiasm over tobacco growing as was expressed in former years, although the present of the proposed in former years, although the present of the crop appears to be excellent.

column to the early agrees cellent. Cover seed will be short, the fields head-ling poorly and yielding a small crop. Alaske did much better than red clover. Alaske did much better than red clover fair to good; mangels fair to excellent; sugar beets turned out well in yield and
