

## McCormick Binders

**P**RACTICAL farmers who know what harvesting difficulties must be overcome in Eastern Canadian fields, urge the use of the **McCormick** binder. Ask them. You will find the **McCormick** has an unusual number of good, strong points that insure as complete a harvest as it is possible to get, even under worst field and grain conditions.

For Eastern Canadian fields the **McCormick** binder is built with a floating elevator which handles varying quantities of grain with equal facility. The binder guards are level with the bottom of the platform so that when the machine is tilted to cut close to the ground there is no ledge to catch stones and trash and push them ahead of the binder to clog the machine. These and other features you will appreciate.

Look for the same high-grade workmanship, the same famous **I H C** quality, in **McCormick** twine and in **McCormick** mowers as well as binders. Make the most of your crops. See the agent for catalogues and full information, or, write the nearest branch house.

**International Harvester Company of Canada, Ltd.**

## Alpha Gas Engines

Do Any Work—Use All Oil Fuels

An engine that will do the work you want it to do; that will operate without being continually adjusted and tinkered with; that will burn any fuel you wish, is one of the greatest conveniences you can have on your farm.

Alpha Engines entirely measure up to these requirements in every respect. You can always rely on them. They start and run on a simple, low-speed magneto. There are no troublesome batteries to watch or fuss with, or wear out and frequently require renewing. Simply turn on the fuel, give the flywheel a turn, and the engine is good for a steady all-day run at any kind of work.

Alpha Engines are ideal for farm use, because any one can operate them. Your wife or boy or hired man can use one of these engines without the least trouble, and do easily many small jobs that would otherwise require a lot of time and hard work. Alpha Engines will save you money by doing quickly those time-wasting jobs that ordinarily take you away from field work that is demanding your attention.

Ask for the Alpha Engine catalogue. It will give you a lot of valuable information on the many superior and exclusive features of these engines, and will show you how to get more work done in less time and at less cost.

Eleven sizes, 2 to 28 horse-power. Each furnished in stationary, semi-portable, or portable style, and with either hopper or tank cooled cylinder.

## Big Ben

Made in La Salle and Peru, Ill., by Westclox

—always on the Job

**Big Ben** is known as the watchlike alarm clock with a human brain—a clock smart enough to call just *when* and *as he's* told.

He's ringing up more than three million families each day of the year—some with a steady five-

minute call, and some on the "installment" plan.

**Big Ben** stands seven inches from tip to toe—big, faithful and exact—with bold numerals and clean-cut hands which show plainly in the dim, early morning light.

The next time you go to town call at your dealer's and ask to see **Big Ben**. If your dealer hasn't got him, send a money order for \$3.00 to his makers—**Westclox, La Salle, Illinois**—and he'll come to you prepaid.

### PEERLESS PERFECTION

Horse High — Bull Strong — Pig Tight

It's made right—from high grade material. In the construction of our **PEERLESS FENCING** we use open heart steel wire. By this process impurities are removed from the metal, thus eliminating one of the chief causes for the rapid rusting of fence wire. **PEERLESS** is guaranteed to give you satisfaction. Send for catalogue. Agencies nearly everywhere. Agents wanted in open territory.
