

**The cost of an ALPHA Gas Engine is less than the cost of doing without one**

YOU plan to some day have a gas engine. You realize that you need one—that there are many jobs on your farm could be done quicker, easier and cheaper if you had an engine. Your idea is that it will save money and time, which is also money.

Very true; yet, if an engine will save you money, you ought to use it right now. That is the way to save the money that will pay for the engine. When you buy an Alpha Gas Engine you begin to save. As long as you put off buying one you are losing money that would soon pay for the engine.

It is not a question of how soon you can afford to buy an engine, but how long can you afford to do without one. You surely realize that during your lifetime you have in one way and another lost the price of several engines, by trying to get along without an engine. Good sense demands that you stop the loss at once.

Ask us for complete information and prices of Alpha Gas Engines. They are made in eleven sizes, 2 to 28 H.-P. Each furnished in stationary, semi-portable or portable style, and with hopper or tank cooled cylinder.

**DE LAVAL DAIRY SUPPLY CO., Ltd.**

LARGEST MANUFACTURERS OF DAIRY SUPPLIES IN CANADA. Sole distributors in Canada of the famous De Laval Cream Separators, and Alpha Gas Engines. Manufacturers of Ideal Green Feed Silos. Catalogues of any of our lines mailed on request.

**SYDNEY BASIC SLAG**

Will Ensure You Larger Crops

WHAT Sydney Basic Slag has done for other Ontario farmers it will do equally well for you. Get in line with it this season. Your country needs bumper crops. If interested, and of course we know you are interested, write, and we will mail testimonials from users who are pleased with the results. Or perhaps you could assist us by disposing of 20 tons in your district this winter in your spare time. If so, you will be reasonably paid for your trouble.

Write us, and our general sales agent will give you territory.

**This Book**

**Shows How to Make Better Farm Improvements.**

A copy will be sent to you free of charge.

If you intend making any kind of farm improvements—the building of a house, barn, hen house, root cellar, tank, silo, walk, fence or the many other things needed on every farm—then you need this book.

It contains instructions for building every kind of structure better and more economical than is possible in any other way.

This book is the standard authority on farm building construction. It has proved of untold value to more than 75,000 progressive Canadian farmers.

Concrete is practically indestructible—it cannot burn or rot out and never needs paint or repairs. If you haven't a copy of this valuable book, send the coupon now.
