THE RAZOR STEEL, SECRET TEMPER

CROSS-CUT SAW.

We take pleasure in offering to the public a saw manufactured of the finest quality of steel, and a temper which toughens and refines the steel, gives a keener cutting edge and holds it longer than by any process known. A saw to cut fast "must hold a keen cutting edge."

This secret process of temper is known and used only by ourselves.

These saws are elliptic ground thin back, requiring less set than any saws now made, perfect taper from tooth to back.

Now, we ask you, when you go to buy a saw, to ask for the Maple Leaf, Razor Steel, Secret Temper Saw, and if you are told that some other saw is as good, ask your merchant to let you take them both home, and try them, and keep the one you like best.

Silver steel is no longer a guarantee of quality, as some of the poorest steel made is now branded silver steel. We have the sole right for the "Razor Steel" brand.

It does not pay to buy a saw for one dollar less, and lose 25 cents per day in labor. Your saw must hold a keen edge to do a large day's work.

Thousands of these saws are shipped to the United States and sold at a higher price than the best American saws.

Ulcercure

A new Chemical Compound discovered by Dr. Warnock, Member of Royal College of Veterinary Surgeons, England; Fellow of the Glasgow Veterinary Medical Society.

A NEW DISCOVERY.

With a specific chemical action, for the immediate cure of wounds and ulcerated sores on Horses, Cattle, Dogs, etc., such as Barb Wire Cuts, Collar and Saddle Galls, Cracked Heels, Frost Bites, Foot Rot, Rope Burns, Malignant, Sallenders, Broken Knees, Ring Worm, Scratches, Scalds, Cuts, Burns, and all foul and putrid sores of all descriptions. Recommended by the largest stock owners in Canada.

Tongue Creek, Alta., Aug. '93.

Meers, A. E. Waldon & Co.

Gentlemen.—I have had several opportunities of observing the wonderful curative properties of Warnock's Veterinary Ulcercure. Last year a valuable mare that I was breaking to harness ran into a wire fence and had the muscles of the forearm of one leg cut through to the bone. The wound was so deep and the lips so wide apart that it was impossible to stitch it, so I applied Ulcercure as directed and the wound rapidly healed. There was almost no scar left, the animal regained perfect use of her leg, and I sold her a short time afterwards for a good price. Another of my mares sustained an ugly tear in front of one of her hocks, almost laying the joint open. A few days rest and the application of Ulcercure caused the wound to heal quickly, without leaving any stiffness of the joint. I have seen the medicine used in numerous other cases in this district, and always with the same satisfactory results.

WM. C. McDOUGALL, Rancher.

PRICE \$1. OR SIX FOR \$5. Each bottle contains two hundred applications. Sold by all dealers in medicine, or sent to any part of Canada on receipt of price. A single trial will prove the wonderful curative properties of Ulcercure. Samples free. Send for Dr. Warnock's pamphlet on the treatment of wounds in domestic animals. Address,
