

The Cheapest Bicycle per Year.

A Cleveland costs, say, \$60, and lasts easily 10 years; cost per year, \$6.00.

A cheaply-made bicycle costs, say, \$30, and lasts 2 years; cost per year, \$15.00.

Not much of a sum in arithmetic to figure out which is the best investment, is it?

And if you ride a Cleveland, you have a beautiful and easy-running bicycle during all that time, with no expense except for new tires.

What of your friend who rides the so-called cheap wheel, and whose investment amounts to two and one-half times as much as yours per year?

It pays to pay for quality, for quality is something that is remembered long after the price is forgotten.

Cleveland Bicycles in both Cushion Frame and Rigid Frame Models are made and guaranteed by the

Canada Cycle & Motor Co., Limited,

Makers of the World's Best Bicycles,
Toronto Junction, Can.

BUCHANAN'S (Malleable Improved) PITCHING MACHINE

For unloading hay and all kinds of loose grain.

A POWER on Every Farm

THERE should be a power of some kind on every farm.

It saves labor, time and money, and increases the earning capacity of the farm.

It will work the raw material of the farm into a finished product.

All up-to-date farmers agree that the modern gasoline engine is the best farm power.

Our I. H. C. gasoline engine is the best gasoline engine.

It is strong, durable, long lived and is of full rated, actual (not estimated) horse power.

It is easy to operate and is easily kept in working order.

It develops the maximum of power with the minimum of fuel.

I. H. C. gasoline engines are made in the following styles and sizes:

Call on the International Agent for information or write nearest branch house for catalog. **CANADIAN BRANCHES:** Calgary, Montreal, Regina, Toronto, London, Ottawa, St. John, Winnipeg. **INTERNATIONAL HARVESTER COMPANY OF AMERICA, CHICAGO, ILL. (INCORPORATED.)**

Horizontal—(Portable and Stationary), 4, 6, 8, 10, 12 & 15 Horse Power.

Vertical—2, 3 & 5 Horse Power.

Specially adapted to cutting dry fodder and ensilage, husking, shredding and shelling corn; threshing and grinding feed; sawing wood, separating cream, pumping water, etc.

Indeed there is no service required of a power that will not be performed most satisfactorily by this engine.

If you are not intending to purchase an engine now, you may want one in the future and really ought to know more about them.

THE EUREKA PLANTER COMPANY, LIMITED
WOODSTOCK, ONTARIO.

LEARN TO BE A JUDGE of Wire Fence.

The quality of the wire and the stays are the vital points to be considered. It is upon these points the **DILLON FENCE** has gained the ascendancy. The wire used in the **DILLON FENCE** strands is made of hard steel, highly-carboned and coiled to protect it from the effects of contracting and expanding.

The **DILLON HINGE-STAY** is the only one of its kind and forms a square mesh. The stays will not slip nor bend when the top wires are borne down, and under no condition of weather can rust accumulate and eat its way through the wire. It is a common-sense fence. Write for our free illustrated booklet. Live agents wanted in unrepresented localities.

Owen Sound Wire Fence Co., Limited, Owen Sound, Ont.

FERTILITY!

"To the south, east, west and north of Edmonton there is a great area of the blackest and richest land I ever saw."

This is what one of Canada's leading journalists wrote in the Toronto Globe, after spending a whole season examining the resources of the entire west.

There are 20,000 square miles of this land around Edmonton.

Write to the Secretary

BOARD OF TRADE,
Edmonton, Alta.

will bring you interesting information about it.
