BUT IT IS FREE TO YOU FOR A 2-CENT STAMP TO COVER POSTAGE
From cover to cover, its practical directions for erecting every farm building—great and small—are so valuable that it is absolutely protected by United States copyright and can only be secured from us.

It is brimful of detail plans, sketches and the latest building hints. This book is for complimentary distribution only. Send your address at once—ask for free copy of Bird's "Practical Farm Buildings." Not a theory in it, but practical advice by an expert authority. Incidentally it gives you information on the roofing question which anyone who believes in getting his money's worth will be mighty glad to have. Tell us when you write if you're interested in roofing.

Locking the barn door is good as far as it goes, but there's danger to stock from quite another source.

Guard against dangerous dampness and draughts. **PAROID READY ROOFING** (sold under money-back guarantee) is absolutely tight in the hardest storm.

But this is one reason only—you will learn the others and a great deal more when you get the book.

DON'T miss the book—send for it—send **NOW**.
