

Fistula and Poll Evil

Any person, however inexperienced, can readily cure either disease with **Fleming's Fistula and Poll Evil Cure**—even bad old cases that skilled doctors have abandoned. Easy and simple; no cutting; just a little attention every five days—and your money refunded if it ever fails. Cures most cases within thirty days, leaving the horse sound and smooth. All particulars given in **Fleming's Vest-Pocket Veterinary Adviser**. Write us for a free copy. Ninety-six pages, covering more than a hundred veterinary subjects. Durable bound, indexed and illustrated. **FLEMING BROS., Chemists, 75 Church Street, Toronto, Ont.**

SAVE-THE-HORSE

(Trade Mark Registered.)

Gets Advice; Sells Horse for \$800.

Ogden, Ia., April 18, 1912. Troy Chemical Co., Binghamton, N. Y. Gentlemen—I have used Save-The-Horse for years, and I never found any case but it would do just what you claim for it. I have a horse I want to race and want your advice and another book. I lost or mislaid mine. The last time I bothered you your advice and treatment did the work. I sold the horse for \$800. Yours truly, H. S. HELPERY.

Every bottle of Save-The-Horse is sold with an iron-clad contract that has \$60,000 paid-up capital back of it, guaranteeing to permanently cure or refund the money; no matter whether it is Bone or Hog Spavin, Tendon disease or Pains—or how aged, serious or complicated the lameness or blemish may be.

OUR LATEST Save-The-Horse BOOK—is our 70 Years' Experience and DISCOVERIES—Treating over 100,000 horses for Ringbone—Thoropin—Spavin—and All Lameness. It is a Mind Settler—Tells How to Tell for Spavin—What to do for a Lameness. Covers 55 Forms of Lameness—Illustrated. MAILED FREE.

But write, describing your case, and we will send our BOOK—sample contract, letters from breeders and business men the world over, on every kind of case, and advice—all free to horse owners and managers.

Write! And STOP THE LOSS. TROY CHEMICAL CO., Commerce Ave., Binghamton, N. Y.

Live Stock of all Descriptions

Draft horses of all breeds a specialty. Intending buyers should write us for particulars, as we can place before them the most attractive proposition they have yet experienced. We can send highest references from satisfied buyers of nearly all breeds.

GOSSIP.

James Picken, the well-known Clydesdale breeder, of Torrs, Kirkcudbright, Scotland, is now in Canada renewing acquaintances among the Clydesdale breeders of this country. Some twelve years have passed since Mr. Picken's former visit to this country, and he notes many changes in the complexion of things in that time. He reports weather conditions in Scotland during the past season as unprecedentedly unfavorable for farming operations.

Robt. McEwen, of Byron, in changing his advertisement, writes to say that he will be making an exhibit of home-bred wethers and ewe lambs at Guelph, and would be pleased to meet anyone interested in Southdowns while there. The Angus are coming on well, and there is some very promising young stock among the calves. A ten-month-old bull calf, from Orlean's Queen, by Zaras Mark, will make a right good sire for somebody, and is now offered for sale for the first time. There are also some young females in calf to Black Beverly, the second-prize yearling at Chicago last winter, and anyone wanting something good in this way would do well to write for prices.

Lincoln Red Shorthorns in the herd of John Evens, Burton, near Lincoln, Eng., have been making good records. In 1911, forty-nine cows, all ages, yielded 403,910 lbs. of milk, an average per cow of 8,243 gallons (over 8,240 lbs.) in one milking period, and 26.5 per cent. of the herd were heifers with their first calves at foot. The best record was made by a cow in her ninth period of lactation, giving 15,514 lbs. of milk. The best daily average was 44 lbs., made by a cow in her fourth period of lactation. The average for this herd in the past has been as follows: The 31 cows calving in 1890 averaged 740 gallons per cow; 35 in 1891, 720; 34 in 1892, 795; 38 in 1893, 732; 39 in 1894, 884; 43 in 1895, 867; 43 in 1896, 889; 36 in 1897, 881; 38 in 1898, 824; 34 in 1899, 860; 36 in 1900, 785; 48 in 1901, 758; 40 in 1902, 776; 42 in 1903, 730; 43 in 1904, 842; 54 in 1905, 816; 48 in 1906, 802; 53 in 1907, 771; 50 in 1908, 810; 51 in 1909, 838; 51 in 1910, 854; 49 in 1911, 824.

ORMSBY GRANGE CLYDESDALE SALE.

There was a fairly large attendance at the sale of imported Clydesdale fillies, the property of D. McEachran, on Thursday, November 21st, on his farm, Ormsby Grange, Ormstown, Que. Fourteen out of twenty-one offered were sold at an average of \$475 each. Before the sale commenced, a parade was made of three magnificent stallions, the Pride of Blacon horse, Selborne, whose massive size, perfection of form, and wonderful action, with absolute soundness and freedom from blemish, good feet and rich seal-brown color, called forth great admiration; Fyvie Time, by Baron Beau-lieu, out of an Up-to-Time mare, grand dam by Sir Everard, a two-year-old of great promise, large size, good color, and true action; and a yearling colt, Kintyre Champion, half-brother to Silver Cup, being by King's Champion, out of a dam by Hiawatha. This colt, perfect in form and action, is of a rich mahogany color, was greatly admired, and subsequently sold for \$600—a bargain for the buyer. Next followed the great champion mare, Linlithgow Lass, the recently-acquired champion mare Royal Bloom, and her grand filly foal, by Hiawatha. This mare is perfect in form, rich bay in color, stands seventeen hands, but her perfect proportions make her look less. She weighs 1,760 lbs. The foal, Lady Bloom, is a big filly, marked exactly like the sire, Hiawatha. They were greatly admired, and proved an object lesson to the interested on-lookers. Clearly the fillies were of too high a class, and too valuable for the local breeders. However, seven grand local breeders. The yearling colt remain in fillies and the yearling more are as good Quebec, and several more are as good as sold, so Dr. McEachran will succeed in the end in placing good breeding stock in his district. Some of the very best did not reach the reserve price, and are still for sale, at fair values for such fine stock.

MOLASSINE MEAL

Watch a horse when he is eating his oats—note how he slobbers—bolts a lot—and spills a lot—also a large proportion is undigested.

Take a couple of handfuls of MOLASSINE MEAL, and mix with the oats at the next feeding time—reducing the oats by the amount of MOLASSINE MEAL added—then watch him eat—note how he masticates each mouthful and with what evident enjoyment.

Every particle of nutriment is obtained from its feed—that's why it will cost you less for feed and you get better work out of your horses, if you feed them regularly with Genuine MOLASSINE MEAL (Made in England).

Prevents colic and eradicates worms.

Get the genuine made in England. Ask your dealer, or write us direct for full information.

IMP. CLYDESDALES AND PERCHERONS.

I have 65 head of Clydesdales and Percherons in my barns to choose from, a great many of them are prizewinners in Canada, Scotland and France, and other extra show horses that have not yet been shown. I have never had so many good horses at one time before. Intending purchasers would do well to see through my barns before buying. My horses are all for sale and at right prices.
