A TEST EXPERIMENT.

Peculiar Power Possessed by a New Medi-
cine.

Of new discoveries there is no end,
but one of the most recent, most re-
markable and one which will prove in-
valuable to thousands of people, is a
discovery which it is believed will take
the place of all other remedies for the
cure of those common and obstinate
diseases, dyspepsia and stomach troubles.
This discovery is not a loudly-advertised,
secret patent medicine, but is a scien-
tific combination of wholesome, perfectly
harmless vegetable essences, fruit salts,
pure pepsin and bismuth.

These remedies are combined in lozenge
form, pleasant to take, and will pre-
serve their food qualities indefinitely,
whereas all liquid medicines rapidly
lose whatever good qualities they may
have had as soon as uncorked and ex-
posed to the air.

This preparation is called Stuart's Dys-
pepsia Tablets, and it is claimed that
one of these Tablets of lozenges will
digest from 300 to 3,000 times its own
weight of meat, eggs and other whole-
some food. And this claim has been
proven by actual experiments in the
following manner: A hard-boiled egg
cut into small pieces was placed in a
bottle containing warm water heated to
ninety-eight degrees (or blood heat); one
of these Tablets was then placed in the
bottle and the proper temperature main-
tained for three hours and a half, at the
end of which time the egg was as com-
pletely digested as it would have been in
a healthy stomach. This experiment was
undertaken to demonstrate that what it
would do in the bottle it would also do
in the stomach, hence its unquestionable
value in the cure of dyspepsia and weak
digestion. Very few people are free
from some form of indigestion, but
scarcely two will have the same symp-
toms. Some will suffer most from dis-
tress after eating, bloating from gas in
the stomach and bowels, others have
acid dyspepsia or heartburn, others palpi-
tation or headaches, sleeplessness, pains
in chest and under shoulder-blades, ex-
treme nervousness as in nervous dys-
pepsia, but they all have the same
cause—failure to properly digest what is
eaten. The stomach must have rest and
assistance, and Stuart's Dyspepsia Tablets
give it both, by digesting the food for
it and in a short time it is restored to
its normal action and vigor. At the
same time the Tablets are so harmless
that a child can take them with benefit.
This new preparation has already made
many astonishing cures, as for instance,
the following:

"After using only one package of
Stuart's Dyspepsia Tablets I have re-
ceived such great and unexpected benefit
that I wish to express my sincere grati-
tude. In fact, it has been six months
since I took the package and I have not
had one particle of distress or difficulty
since. And all this in the face of the
fact that the best doctors I consulted
told me my case was chronic dyspepsia
and absolutely incurable, as I had
suffered twenty-five years. I distributed
half a dozen packages among my friends
here who are very anxious to try this
remedy." Mrs. Sarah A. Skeel, Lynnville,
Jasper Co., Mo.

Stuart's Dyspepsia Tablets are sold by
druggists everywhere at 50 cents for
full-sized packages. A little book on
"Stomach Diseases" mailed free by
addressing F. A. Stuart Co., Marshall,
Mich.

QUESTIONS AND ANSWERS. Veterinary.

LUMPY JAW.

I have a cow with lump covering the
lower jaw. It breaks out sometimes
under the jaw and sometimes near the
ear, and seems to be sore. Is it lump
jaw? It started last spring. H. S.

Milestone, N.-W. T.

Ans.—The symptoms given resemble
lump jaw, and indicate that it has
reached a stage that would be hard to
cure. If a valuable cow, you might try
iodide of potash, two drams, dissolved in
a cupful of water, and given as a drench
twice daily for ten days, stop for ten
days, then repeat the treatment for other
ten days. If recovery does not take
place in a month after this treatment,
would advise slaughter and burial of the
carcass.

Miscellaneous.

HOW TO SECURE CANADIAN CLYDESDALE STUDBOOK.

I noticed in November 5th issue that
Vol. XII., Canadian Clydesdale Studbook,
was completed. Where can I get it?
Shoal Lake.

J. L.

Ans.—Send \$2.00 to Henry Wade,
Secretary Canadian Clydesdale Associa-
tion, Parliament Buildings, Toronto,
Ont. Two dollars makes you a member
of the Association for one year.

BURLAP FOR WAINSCOT.

Could you find out from those com-
petent to judge, and answer in the "Ad-
vocate": how would burlap answer in a
living room, 12 x 24, in a farmhouse as
wainscoting? How is it put on?
Is it as good as wooden wainscoting?
Where could it be obtained in quantity?

D. J. C.

Ans.—We notice that burlap is being
used in a number of buildings in Winni-
peg in place of ordinary wainscoting.
The burlap is pasted on, and when dry
and well-set is varnished. When finished,
it has a very nice appearance. It has not
been tested sufficiently long as to pro-
nounce on its durability.

REARRANGING HOUSE.

Two years ago we started to build,
but had not sufficient capital to build a
whole house, so we only built dining-
room and kitchen. The main part is of
stone, 20 x 22, with the end to the road.
In the original plan we intended to
build an L to the east, with a veranda
facing the north. To build that now,
we think we will have too big a front
part, and I don't like to turn the din-
ing-room into the kitchen as some ad-
vise. Do you think it would be ad-
visable to pull down the kitchen and
build a bigger one (it is well built)?
How could we arrange the piece to the
east? We would like a parlor and bed-
room down stairs (not too big). Also
would like a pantry, wash-room and
woodshed.

ADMIRER OF THE "ADVOCATE."

Ans.—Build the addition as you previ-
ously intended; making it about 16 x 28,
with the end toward the road. Have a
good carpenter put a mansard roof over
both old and new parts of the house.
The new part will extend eight feet
nearer the road than the dining-room.
In the roof, a gable can be made above
this projection. The front door would
be cut in the end of the dining-room.
The hall will be in the same room, and
the downstairs bedroom at the back
end of the new addition, and entered by
a door behind the stair from the dining-
room. The rest of the new addition
will be parlor, but should be accessible
from the dining-room and hall by double
doors. Have a turn in the stair, so
that it can be set well back, and so
make more room in the hall. At the
back end of the dining-room, arrange
pantry and wash-room. We would not
advise enlarging the kitchen, for the
smaller the kitchen the more likely will
the family be to live in the house.
Large kitchens mean closed parlors—a
most lamentable condition. The wood-
shed would have to be built conveniently
to the kitchen, in such a position that
it would be entered on coming from the
barn; then pails, etc., would always be
left under cover.

Appreciates Health As Never Before.

Well known Farmer Who Was
not Able to do a Day's Work
Made Strong and Well by
Dr. Chase's Remedies.

In hundreds of cases Dr. Chase's Kid-
ney-Liver Pills and Nerve Food have
been found to work together with ex-
cellent results.

While the Nerve Food is enriching the
blood and building up the system the
Kidney-Liver Pills ensure the activity of
the liver, kidneys and bowels in re-
moving the poisonous waste material.

The result is a complete restoration of
the whole body.

Mr. Leonard Miller, Canboro', Haldi-
mand Co., Ont., writes: "Dr. Chase's
Nerve Food and Kidney-Liver Pills did
wonders for me, as they seemed exactly
suited to my case. Before I began
taking this medicine, I could not do a
day's work to save my life. Now I can
work all right, and attend to my busi-
ness with good courage. This means a
great saving to me, as well as a pleas-
ure, for I have a two-hundred-and-fifty-
acre farm and a large stock to look
after."

"Instead of being in misery from pain
and suffering, life is now sweet to me,
and I appreciate good health as I never
did before. I have said all that I
could to my friends and neighbors in
recommendation of Dr. Chase's remedies,
for I know that when they have cured
me they will cure others. I may say
that I have learned a great deal about
health and disease from reading Dr.
Chase's Recipe Book, and would not be
without it for twenty-five dollars."

Dr. Chase's Nerve Food, 50 cents a
box; Dr. Chase's Kidney-Liver Pills, one
pill a dose, 25 cents a box, at all
dealers, or Edmanson, Bates & Co.,
Toronto. To protect you against imita-
tions, the portrait and signature of Dr.
A. W. Chase, the famous recipe-book
author, are on every box.

SHORTHORNS AND YORKSHIRES.

Prizewinning herd of Saskatoon Fair, 1903;
also first honors for cow, yearling heifer, bull
and heifer calves. Six choice young bulls for
sale, from 24 years down, sired by Fairview
