

THE MILL TO THE STREAM.

"I notice," said the stream to the mill, "that you grind beans as well and as cheerfully as fine wheat."
"Certainly," clacked the mill; "what am I for but to grind? and so long as I work what does it signify to me what the work is? My business is to serve my master, and I am not a whit more useful when I turn out fine work, but in performing any that comes as well as I can."
That is just what boys and girls ought to do—do whatever comes in their way as well as possible, and those who act so are sure to get along nicely.

THE SECRET OF BEAUTY.—No cosmetic in the world can impart beauty to a face that is disfigured by unsightly blotches arising from impure blood. Burdock Blood Bitters is the grand purifying medicine for all humors of the blood. It makes good blood, and imparts the bloom of health to the most sallow complexion.

PETER the Great, Emperor of Russia, was one day in a sailing boat, when he became so angry with one of his companions that he seized him with the intention of throwing him overboard. "You may drown me," said his subject, "but your history will tell of it." The reminder was effectual, and the Emperor pardoned the man.

A CURE FOR HEADACHE.—What physician has ever discovered a cure for headache? Echo answers none. But Burdock Blood Bitters by their purifying, invigorating, nervine properties afford a cure in nearly every case. The health-giving principles of this remedy are unequalled by any other preparation in the world.

CONFEDERATION Life Association.

THE FOLLOWING PROFIT results in this Association will be of interest to intending insurers:

Policy No. 618, issued in 1872, at age 30, for \$1,000 on the All-life plan. Annual premium \$20.89.

At the Quinquennial Division on the close of 1876, the holder elected to take his profits by way of TEMPORARY REDUCTION of Premium, and has had the benefit of the same.

This Policy-holder will, at the ensuing Quinquennial Division, after the close of the present year (1881), have a TEMPORARY REDUCTION the ensuing five years \$978, EQUAL to 46.81 per cent. of the annual premium.

The cash profits for the five years are \$4983, equal to 41 per cent. of the premiums paid during that period.

The cash profits if used as a PERMANENT-REDUCTION would reduce all future premiums by \$205, equal to 12.68 per cent. of the annual premium.

The above unsurpassed results are the profits for the SECOND FIVE YEARS of the policy. The next Quinquennial Division takes place as early as possible after close 1881.

THE TONTINE INVESTMENT POLICY of The North American Mutual Insurance Company combines in one form the greatest number of advantages attainable in a Life Insurance Policy. It appeals at once to the intelligence of all who understand the principles and practice of Life Insurance.

All Policies whether on Life or Endowment Rates, are subject to no higher charge in Premium Rates, in taking the "Tontine Investment" form.

The extra benefits of this are conditioned only upon continuance of the Policy for a certain specified term or Tontine period of ten, fifteen or twenty years, selected by the insured himself.

Two things most desired in Life Insurance are the certainty of protection in early death, and profit in long life. These are combined in the "Tontine Investment Policy" of the North American Mutual Life Insurance Co., which also issues Annuities and all the ordinary approved forms of Life Policies.
