Rey. P. J. Ed. Page. Professon of Chemistry, Laval University, Quebec, says: - I have analysed the India Pale Ale manufactured by John Labatt, London, Ontario, and have found it a light ale, containing but little alcohol, of a delicious flavour, and of a very agreeable taste and su-perlor quality, and compares with the best im-ported ales. I have also analysed the Porter XXX Stout, of the same Brewery which is of an excellent quality; its flavour is very agree able; it is a tonic more energetic than the above ale, for it is a little richer in alcohol, and can be compared advantageonsly with any imported article."
