

## WHEN YOU COME TO THE ROOF PUT ON OUR FAMOUS EASTLAKE METALLIC SHINGLES

Lightning has no effect on them. They are absolutely fireproof. Rain and snow—heat and cold—can't rust, crack or warp them. The perfect fitting side lock (exclusively Eastlake) makes the roof absolutely leak-proof, and cost of putting on much less.

### OUR GUARANTEE:

We guarantee Eastlake Metallic Shingles to be made of better material, more scientifically and accurately constructed, to be more easily applied, and will last longer than any other Metal Shingle on the market. Our guarantee is absolute. Our Shingles have been made since 1885.

Eastlake metallic Shingles are made either galvanized or painted. They are handsome in design, attractive on the house and last a lifetime. Our cheapest grade will last longer and costs less than the best wooden shingles. Our best Metallic Shingles make as superior a roofing to wooden shingles, tin, slate, etc., as these were to sod roofs. Let us send you the proof. Write us. Complete information free.

## THE RAZOR STEEL Secret Temper, Cross-Cut Saw

We take pleasure in offering to the public a saw manufactured of the finest quality of steel and a temper which toughens and refines the steel, gives a keener cutting edge and holds it longer than by any process known. A saw to cut fast must hold a keen cutting edge.

This secret process of temper is known and used only by ourselves.

These saws are elliptic ground, thin back, requiring less set than any saws now made, perfect taper from tooth to back.

Now, we ask you, when you go to buy a saw, to ask for the Maple Leaf Razor Steel, Secret Temper Saw, and if you are told that some other saw is as good, ask your merchant to let you take them both home and try them, and keep the one you like the best.

Silver Steel is no longer a guarantee of quality, as some of the poorest steel made now is branded silver steel. We have the sole right of the "Razor Steel" brand.

It does not pay to buy a saw for one dollar less and lose 25c. a day in labour. Your saw must hold a keen edge to do a large day's work.

Thousands of these saws are shipped to the United States and sold at a higher price than the best American saws.

friction and cog hoist for deep well propositions, mineral, oil and coal  
prospecting, to a depth of 3000 feet.

### Stickney Gasoline Engines

1 to 16 H.P. Stationary or Portable

### Canadian Geared Airmotors

the cheapest of all power for the farmer

Horse Powers, Feed Cutters, Grain

Crinders, Saws, Tanks, Pumps, Empire

Cream Separators

Portable Wood Sawing Outfits

Catalogues and Prices on application

This cut shows an up-to-date Barn Construction, 40 feet by 70 feet, and the method of covering with Corrugated Sheets. The framework is light, as the corrugated sheets, when nailed in place, make the building very rigid. This drawing is made from actual plans and the barn has been built many times with splendid results.

The saving of wood sheeting, as compared with the ordinary barn construction, will cover the difference in cost between wooden shingles and our "Acorn Quality" Corrugated Galvanized Sheets.

This galvanized covering protects your building from lightning, prevents fires from the outside, is easily and cheaply applied, and OUTLASTS A GENERATION.

Do not make a mistake and put up an old style barn, when you can secure a better and more durable construction for less money.

See the page of barn illustrations in our new catalogue, and write for our book of testimonials with list of users.
