Terra Novas Win In a Fast Game

Are Now Nine Points and Unless Saints Can Defeat Them Will be Champions For 1916—Game Was One of the Best For the Season

One of the best football matches seen for the season was that played last evening between the Terra Novas and the Collegians. The game from start to finish was warmly contested and the Terra Novas won by the narrow margin of one goal. In their former meeting the Collegians were defeated by six to none.

In the second half the Terra Novas succeeded in again scoring through E. Kavanagh who sent in a pretty shot from centre field. The Terra Novas had a penalty in this half but it was kicked by the Collegians. The Collegians tried hard to even up the score but full time found the Terra Novas two goals ahead.

Timely Letter From the Hon. J. R. Bennett

Colonel Secretary Bennett Writes Dealing With Unfounded Rumors Relative to Our Boys at the Front—Advises no Heeb be Paid to Anything but Official Lists

Dear Sir,—During this week, a number of rumors have been current in reference to the Casualty Lists of the First Newfoundland Regiment. It was stated by many persons that a long list of Privates who had been killed had come in—some knew the list was received on Sunday, others asserted it arrived on Monday, still more on Tuesday, while the actual number of killed on the list was in some cases given and in a few cases actual names were mentioned. There was no truth whatever in these rumors, though some persons stated that there was no doubt authority for them. As a rule I do not take notice of such rumors, but in the present instance, knowing the anxiety felt by many who have boys in the Regiment, I thought it well to put myself on record in the hope that my statements may steady the anxious hearts and lead them to see that there is nothing whatever to be put in the reports which are always so prevalent here.

The list (containing the names of fifty-seven (57) Non-Coms and Privates of the Newfoundland Regiment) who had been killed in action on the last inst. was received by His Excellency the Governor just before twelve o'clock noon on Wednesday the 26th inst. This message was immediately decoded and a copy typed at noon was sent by His Excellency the Governor to this office, reaching here at twelve-fifteen p.m. The Official List was posted in the Post Office at 5.30 p.m., followed an hour afterwards by the Official List of those men who were killed in parts of Newfoundland other than the City of St. John's. The rule established here in relation to fatalities is, that the next-of-kin be visited by the Clergymen and the sad news communicated, after which the official intimation is sent. As soon as this office learns that the various Clergymen have performed their sad duties, the lists are posted in the City and copies sent to the newspapers. In his way it is thought first of all to break the sorrowful news to those who are immediately concerned, and when this has been done the general public are given the list. The quickest possible despatch is given to the matter and the various Clergymen cooperate with this Department, not only to ease the blow, but by promptness to permit the posting of the lists and thus to allay the anxiety of those who are, happily, not so immediately concerned in the names on the said list.

From the time when the first Casualty List was received, down to the present, this office has been hard at work, Sundays and Mondays, at night as well as day, and, in some instances, as late as three o'clock in the morning. No effort is spared in this connection, and, as head of the Department, I am glad to bear testimony to the more than excellent work done by my staff with assiduity, celerity and loyalty.

In closing, I would ask the public to place no reliance, whatever, upon any reports that they may hear, but to wait patiently for the Official Lists and to believe nothing else. These Lists are published with the least possible delay, and I should not for a moment countenance the withholding of such list after the next-of-kin have been notified. When the next-of-kin reside outside St. John's, a telegram is once despatched to the Clergymen and also to the relatives, that to the Clergymen being first delivered. The List is, however, posted or published in St. John's as soon as the next-of-kin in the City have been notified.

We need all our courage, patience and strength in this time of cadness. Let us not be frightened by shadows; by false rumors and unfounded reports; but let us steady our nerves and pay no heed to any but the official reports. And, in loyalty to our boys, who are fighting for us, and with sympathy for the fathers and mothers whose hearts are so anxious, let each one see that, so far as he or she is concerned, there shall be no more of these unfounded statements that cause so much unnecessary suffering.

Yours truly, J. R. BENNETT, Colonial Secy.

OUR THEATRES

THE NICKEL The attendance at the Nickel theatre last evening was a record one. There were two attractions, the new serial, "The Diamond from the Sky," and the Florizel's orchestra. The latter rendered a charming programme, and were warmly applauded. The opening number was "Keep the Home Fires Burning," followed by "The Heart Bowed Down," "When Other Lips" and other popular airs. The serial, "The Diamond from the Sky," opened splendidly, and the indications are that it will be the most popular story ever presented at this theatre. There are a large number of characters, and all are ably sustained by high-class artistes. The audiences were delighted with it. This afternoon there will be the regular bi-weekly matinee, which all the children should attend, as the show will be a particularly interesting one. The pictures will all be repeated to-night, and those unable to be present last evening should go.

THE CRESCENT The Crescent Picture Palace presents to-day Hughie Mack and Dorothy Kelly in "The Sultan of Zulon," a sible delay, and I should not for a moment countenance the withholding of such list after the next-of-kin have been notified. When the next-of-kin reside outside St. John's, a telegram is once despatched to the Clergymen and also to the relatives, that to the Clergymen being first delivered. The List is, however, posted or published in St. John's as soon as the next-of-kin in the City have been notified.

The use of Carbonvoid means Bright Spark Plugs, Clean Cylinders, no Carbon, less trouble, no back firing. IT PAYS. Mr. Andrew Devereaux, a well known resident of Logy Bay, passed away yesterday morning at the General Hospital, to which he had been admitted only a few days before, suffering from blood poisoning in the knee. A widow and several children survive, to whom deep sympathy is extended. The remains have been confined and sent to Logy Bay for interment.

Memorandum From Governor Davidson

Regarding the Casualty List of the Newfoundland Regiment in the Battle of July 1st—18 of the Time Expired Men Are Returning Home

It is improbable that any further casualty lists following on the battle of 1st July will be received for some time to come.

On the 1st July the actual strength taking part in the advance was 28 officers and 783 other ranks. There are mentioned in Colonel Hadow's dispatch in reserve 14 officers and 75 other ranks besides the men specially detached on other duties. It is probable that there were 200 officers and men who did not take part in the actual advance.

Of those who took part in the action (out of the total 809) 2 officers and 95 other ranks are reported to have returned unaccounted for. The official returns show that 110 officers and men are reported killed in action or died of wounds, and 495 officers and men are reported wounded. The number still unaccounted for includes 1 officer and 41 of other ranks.

The Governor has now called for telegraph for lists in the following form:—

(1) Those who took part in the charge and returned unaccounted for.

(2) Those who were held in reserve and who were unable to take part in the charge and who are unaccounted for.

(3) Those who remain unaccounted for. Of those who are unaccounted for it is probable that most of them are either in the enemy's trenches or would be in front of them where our stretcher bearers were unable to remove them, on account of the enemy firing on the hospital parties. Judging from the proportion of killed to wounded (110 to 495) it is reasonable to suppose that of the 115 unaccounted for 25 may have been killed and 90 wounded or disabled in some way. These 90 were probably carried to the enemy Casualty Hospitals and treated among their own wounded and have been transferred to Germany as prisoners of war.

Returns regarding prisoners of war in enemy hands will not reach us for some weeks. The Agents of the American Embassy at Berlin make it their business to obtain particulars as to the arrival of prisoners of war in Germany and transmit the lists through the American Embassy in London to the War Office. The Governor estimates that complete lists will not be obtained under two months.

There are about 300 men of whom we have no particulars as yet, namely, those who returned unaccounted for from the charge (95) those who were in reserve or otherwise employed (about 100) and those who advanced and are still unaccounted for (115).

Of these we know that 200 are on duty unaccounted for and of the remainder 115 we hope that about 90 are wounded prisoners of war, most of whom will probably make a complete recovery.

In addition to these gallant fighting men there were 27 others who preferred to take their discharge and desert their comrades who were then actually starting on the march which was to take them into this great battle. Of these time expired men 15 are reported to be returning to their homes on the S.S. Corinthian.

NOTICE

Sealed Tenders addressed to the Minister of Marine and Fisheries and marked "Tenders for Reconstruction of West Pier of the King's Wharf" will be received up to and including the fifth day of August next, at four p.m. for the performance of the necessary work in connection with the reconstruction of the Western portion of said wharf.

Specifications and plans of the work required may be seen at the Office of Marine and Fisheries at any time by persons who intend submitting Tenders, and "Form of Tender" may be obtained from the said Office upon application.

Any person or Firm submitting Tender must be prepared to deposit with the Minister of Finance and Customs within three days after acceptance of their tender a sum of money equal to five per cent. of the amount of same, and to execute a contract for the due performance of the work when called upon to do so. They will also be required when submitting tenders to enclose a certified cheque or cash to the amount of Two Hundred Dollars which shall be open to forfeiture in event of failure to enter into necessary agreement for the performance of the work when called upon to do so.

The lowest of any Tender not necessarily accepted.
