Silver is King

Last year Copper was king of metals, advancing from 12 to 30 cents a pound.

This year Silver is King, and is advancing by leaps and bounds—no man dare say what the ultimate price will be. Last summer silver was worth 46 1/2 cents per ounce—to-day it is 74 cents and going higher every week.

The advance in copper last year caused a sensational market in copper shares, many low-priced copper stocks advanced more than 1000 per cent.

That was last year; this year it is Silver, and now is the opportune moment to purchase high-class silver stocks.

We have underwritten 250,000 shares of Lorrain Consolidated Mines, Ltd., at 20 cents per share net to the Treasury of the Company, and are now allotting these shares to our clients at 22 cents.

The fact that we have underwritten this large block of treasury stock, thereby guaranteeing the Company \$50,000 for development purposes, is the best evidence of our sincere belief in the future of the Company.

Lorrain Consolidated has, in our opinion, the three necessary elements of a successful mine. The Company owns outright 53 acres in the South Lorrain-Cobalt silver district, on which engineers have located four large and six smaller veins. \$40,000 has already been spent in proving up the property and two shafts have been sunk, one 162 feet, and the other 110 feet. Drifting and cross cutting to the extent of several hundred feet has also been done.

The management of Lorrain Consolidated is in the hands of men whose names stand for everything that is honorable in mining.

Men of this character do not associate themselves with a mine unless they are fully convinced of its merit, and we never underwrite a stock until we are satisfied it has a good chance of making good.

This Company has a well-located property, an honest and efficient management and ample capital for development. We therefore feel justified in recommending the purchase of the stock.

Application will be made for listing the shares in Toronto, Boston and New York.

Reports of development work to date and extracts of engineer's statements will be furnished free on application.

SAGUENAY RAILWAY TO BE TAKEN OVER

Bill Providing for Acquisition Gets Third Reading in the Commons.

Ottawa, May 17.—The third reading was given by the Commons yesterday to the bill providing for the acquisition by the Government of what is generally known as the Quebec and Saguenay Railway system. There was no vote on the bill itself, but an amendment moved by Sir Wilfrid Laurier to have the letting of contracts under the legislation made subject to the authority of Parliament was declared lost on division.

Although not very much real opposition to the bill developed there was discussion of a somewhat spirited character in which the old assertion was repeated that French stockholders in the road had been frozen out by a group of Montreal and Quebec financiers, who had induced them to sell their bonds at a low figure and would now reap a harvest therefrom as a consequence of the Government acquisition of the road.

Mr. J. G. Turfiff referred to the bill as "nothing but a political steal, a gigantic piece of folly in payment by the Government of the political support it got the other day."

Hon. Rodolphe Lemieux, who announced some time ago that the government brought the bill down it would delay prorogation, did not, however, oppose it very strenuously.

It was pointed out by the Government speakers, including Sir Robert Borden, that to adopt Mr. Lemieux's suggestion would involve paying much more than the road was worth since the money given for the road would have to go first to the present holders of its bonds.

Sir Rodolphe Forget made a statement in the course of which he asserted he was not interested in any of the three roads to be taken over. He said the French bondholders had received their money back with interest, that they had not been induced to sell out by the company and that it would be impossible now that they had disposed of their bonds to recoup them.

EXPORT OF PULP NOT PROHIBITED.  
The Prime Minister told Hon. Rodolphe Lemieux that the Government had not considered prohibiting the exportation of pulp and paper from Canada. Mr. Lemieux had heard a rumor in Montreal that such prohibition was about to be provided for by order-in-council.

To Sir Wilfrid Laurier, the Prime Minister said that the Government had recommended to Sir Charles Davidson that counsel representing the leader of the Opposition or Mr. D. J. McDonald, if such a course were allowed to appear before the Royal Commission at the investigation of the Militia Department's sale of defective ammunition to Vickers-Maxims, Limited. The Government would have to consider the appointment of counsel to the commission by reason of the desire of Mr. John Thompson, who had performed his duties thoroughly and impartially, to retire because of certain recent criticism. To a further question by Sir Wilfrid Laurier, the Prime Minister said that the government would not give any undertaking, at present, as to the remuneration of counsel permitted to appear on behalf of the leader of the Opposition, or Mr. McDonald.

"Perhaps," said Sir Robert Borden.
