### FOREST FIRES IN GREECE

Athens, Aug. 22.—The immense forest fires that have swept Greece during the past few weeks have been a source of particular chagrin to Queen Sophie, for the object of the queen has been the leading figure in the conservation movement in Greece. The barren mountains, that three thousand years ago were clad with verdure, have, again, a lot to tell the women of Greece. But this year she had no luck, for during the night following this Arbor Day ceremony, a wandering shepherd passed with his flock and the leading figure was ignobly eaten by the sheep.

### WAR TIME FINES

Berlin, Aug. 22.—One of the most expensive motor boat trips on record is reported from the Jungfernssee, a lake west of Berlin. Despite the prohibition against the use of such craft under a regulation adopted by the federal council last August, a party of six essayed a short trip. A police boat noted and overhauled them at a short chase. The motorboat, valued at 13,000 marks, was declared forfeited to the state.

## COST OF LIVING IS STILL GOING UP

Being a Baby Now Is Much More Expensive Than in days of Yore.

London, Aug. 22.—(Correspondence of the Associated Press) It is estimated that the all-round expenditure on a baby born this year is probably from \$100 to \$125 higher than in 1914.

Food alone adds about \$15 to the year's cost of the war-baby. Milk has gone up four cents a quart, and it is said that the average baby consumes from 400 to 450 pints a year.

Baby foods are up about ten per cent. Feeding bottles cost about 32 per cent more than before the war, and heating the night's feed has advanced from ten cents to 25 cents a pint.

Baby garments cost more also. Everything made of wool has risen. Wool mixtures materials and garments are 25 per cent higher, the wholly cotton ones, owing to the rise in raw materials and labor, must be paid for at the rate of about 45 per cent more.

Even a baby's bath costs about one-third more; soap is a third dearer; the bath thermometer is up about 25 per cent; toilet powder—chiefly because of the rise in the price of the boric acid it contains—is 100 per cent dearer.

Nearly all medicines cost much more.

Perambulators are about one-fourth dearer. What formerly was sold for \$15 is now \$20, and so on. A cot that could be bought before the war for \$5 is now \$7.50; the fleecy wool mattress, baby's basket and baby's high chair are all up proportionately.

Nursing wages have advanced \$5 or more, and her keep is costing at least one-third more—an increase of \$50 or more a year.

### SOME STATISTICS

Washington, August 22.—Approximately 172,000,000 postage stamps have been issued by the United States since they were first placed on sale at New York, July 1, 1847.

Issuance passed the billion-year mark in 1882, the two-billion mark in 1890, the three billion mark in 1896, the six, seven, eight, nine and ten billion marks in 1906, 1907, 1909, 1910, 1911 respectively, and the eleven billion mark in 1914.

Last year the exact number of ordinary postage stamps issued by the United States was 11,226,386,416. Stamped envelopes and wrappers issued numbered 1,937,642,296.

### CHEAP FARES FOR TROOPS.

Gen. Logie Asks Railway Board to Issue Order.

Camp Borden, Aug. 22.—The railway companies have been charging the soldiers three cents per mile one way for return for their week-end leave of absence. The Government rate is one cent per mile one way or two cents return. The railways say that is for second-class cars. Gen. Logie has written the Dominion Railway Board, asking them to make an order fixing the rate at two cents per mile return, the same class of cars to be supplied as heretofore.

The Toronto Exhibition officials have asked for 24 of the camp bands to play at Toronto on September 5.

General Logie has given permission to Bandmaster Slater to take that number, the exhibition authorities to pay all expenses.
