"I am not a prophet, but I can say that the spirit of the German soldier s being broken. The British alone have captured since the first of July, upwards of 30,000 prisoners, with much war material. One officer told me that within a very small compass -a few hundred yards of trenches
-upwards of 2,000 German dead and several hundred wounded unable to escape covered the ground. Another example: One regiment of German which was wiped out by the Canadians the other day had been formed only two weeks previously from the remnants of ten crack Ger-

sire for practical systems, certain changes have been effected, with much saving in cost. Co-ordination of Training

"In addition to the reforms ferred to, the chief are those relating to the securing of more rest for our troops at the front, and at the same time to effect improvements in the training.

"Also with regard to the question many months a rebellion must break out against Kaiserism throughout the length and breadth of the Gerdepartments of the training between Canada and England, and England and the front. I have had my conferences with the War Office, the Secretary of State for War, the Right Hon. David Lloyd George, Sir William Robertson, General Whigham and other leading War Office officials, together with the Commander-in-chief, Sir Douglas Haig, and our own corps, divisional and brigade commanders at the front.

Allies Too Much for Germany Britain is stronger on sea now than at the beginning of the war. The Kaiser's submarine's may reach British waters and do some slight damage, but they seldom return home. Her Zeppelins have proven to be vulnerable. I myself have seen two of them brought down. At the front we have the mastery in Artillery; we have always had it in man-hood. The result is that foot by hood. The result is that foot by foot, mile by mile, the allied bullfoot, mile by mile, the allied bulldog pluck and doggedness have proved too much for the Imperial Guards.
I have been over mile on mile of
German fortifications, surpassing in
strength any fortress we constructed.
To-day, however, the allies have to
face breech-loading rifles, bombs,
machine guns, and all classes of artillery firing high explosives, yet
everything goes down before the onrush of the soldiers of Britain, of
France, of Canada, of Australia,
New Zealand, South Africa and Newfoundland, in fact of all the allies.
I have seen German dugouts thirty

I have seen German dugouts thirty and forty deep, each capable of hold-ing hundreds of men, yet these have ing hundreds of men, yet these have been taken for mile upon mile.

Gallant Deeds Second to None "Such heroism and manhood have never before been experienced. Nothing can keep our boys from the firing line. The full story of the gallant deeds and the successes of Canadians on the Somme will be made public in detail in due time; but they stand out, as the Right Hon. Lloyd stand out, as the Right Hon. Lloyd George and all under him state, as second to none, and rivalled only by

the historic British Guards.
"The men at the front expect much from the people of Canada.
They are giving up their lives and
those at home must live up to the
noble ideal set by them by the gallant Canadian lads who are fighting
for freedom on the sail of France for freedom on the soil of France Canada, must, therefore, continue co do her duty."
