

Leading, as Usual.

Our Goods for the Fall of 1892 are already in, and we are prepared to show our customers a larger range and better values than ever before.

Our Dress Goods and Mantle Cloths are simply marvels of beauty and cheapness, and in Dress Linings and Trimmings we are 15 per cent. below market values, an advantage obtained by buying in very large quantities for spot cash.

We have given special attention, and with gratifying success, to the procuring of Men's, Ladies' and Children's underwear. Don't fail to see them; it means to you money saved.

In Boots & Shoes we are keeping our usual large stock well assorted, with a few special lines, or Snaps, added.

We are now keeping a large range of Hand-painted Window Shades (40 different designs) complete, with spring rollers; also Lace Curtains, Curtain Poles, Fancy Pole Ends and Fittings, and all greatly reduced in price.

We make our Gent's furnishing department a specialty, and can give a better Suit, better Pants, better Hat, Boots, Shirt, Collar, or Tie, than can be got elsewhere for the same money. We have always had a large stock in these lines, and give special attention to the buying, dealing only with manufacturers, and getting lowest cash prices.

Come and see us. Give us an opportunity to serve you, and you will realize the above statements as facts.

CENTRAL BLOCK H. H. ARNOLD

Good Value | POLITE | Fair Dealing

The family who spend their money right will succeed. The family who spend their money wrong can not. When you want Groceries and Provisions go to the store and get our prices and see our goods. We claim to give you more value for your dollar than you can get elsewhere. The question will arise, how can this be? It only requires an explanation and you will admit that we can do all we claim. We have always had a large stock in these lines, and give special attention to the buying, dealing only with manufacturers, and getting lowest cash prices.

We started business to sell goods, not to give them away. We cannot live without a little profit, but we cut that profit down to the lowest point. We prefer 5 per cent. profit on ten sales before 40 per cent. profit on one. When you want any and everything in Groceries and Provisions, go to Thompson's. Please note the following prices:

Best granulated sugar 20 lbs. for \$1.00
Bright yellow sugar 25 lbs. for 1.00
Best Valencia Raisins, 5 lbs. for .25
We have purchased this week a whole line of Tea, well worth \$50., which will be sold for 25c per pound. Don't fail to come and see for yourself.

The Columbus entertainment given by the pupils of the public school, the high school hall on Tuesday evening last afforded a very enjoyable evening for perhaps the largest audience that ever assembled in that building. The programme consisted of twenty-seven numbers and they were all of and off the boards in less than one hour and a half, a fact creditable to the excellent training they had received from their teachers and to the executive ability of the chairman, Mr. Sherman. Readings were given by May Stevens, C. Slack, H. Barber, Maggie Barr, Angeline Wilts, K. Kilborn and G. Gilroy; recitations by C. Kilborn, C. Wilts, G. Johnson, M. Crawford, M. Wright, Edith Wear, Elma Wilts. The acoustic and Columbus Catechism given by classes were excellent numbers, the union passages being nice in point of time and good in respect to inflection. The singing was by a class composed largely of little girls, and all the songs were well rendered. Mrs. Donovan played the piano accompaniment.

It is said to be the intention of the spirit of patriotism, were given by Rev. J. Grenfell and Wm. Wright. Judging from the applause it received the most popular feature of the entertainment was the Harmonica Band. The players were E. Leehy (piccolo), G. Merrick (piano), S. Manhard, C. Sherman, C. Sherman, C. Stafford, H. Barber. Their music ran with a rhythmic swing that seemed to harmonize with the feelings of the boys in the back seats and they were soon all beating time, and some were even moved to "call off." The collection amounted to over \$10, and after paying all expenses sufficient remained to purchase a new football for the school, and to this purpose the money will be devoted.

Halladay, Elgin; and the editor of the Reporter started on their annual pilgrimage to the shrine of the red deer in the vicinity of LaVant, a station on the K. & P. The editor's birch-bark-canvas-covered canoe ("Sea-foam") had been presented with a tin button and painted a beautiful 17th of Ireland green with vermillion and gold. The canoe was painted to match, and one glance at the whole outfit would be sufficient to persuade a deer that they were not hunters, but that they were deer hunters, in which they and their families may take shelter when the storm comes.

The long-distance telephone circuit between New York and Chicago is now open, and the new line running in Chicago to the ticking of watches in New York, nearly 1,000 miles away. No charge was made at a social held by the Baptists of Brockville last week, and in reference to this feature of the gathering, the Recorder credits it to the success of the cause of the cause of the Gospel spread by purely voluntary giving. Where a charge was made at socials, etc., a man might flatter himself he had given fifty cents to the Lord when in reality he had paid fifty cents for his own gratification and perhaps consumed a dollar's worth of grub.

At the Provincial convention of the W. C. T. U., held in Belleville last week, Miss Mary Stone represented the Athens Union. Among other items the expenditure was \$208 which had been raised for the royal commission fund.

Recently, one of our advertisers said: "Please discontinue my advt. for the present. It has paid me; no doubt about that—but I have too much business, more than I can attend to. Early in the new year will renew it." And yet there are men who say it does not pay to advertise!

Robt. Wright & Co., of Brockville, have sold through the columns of the Reporter, "The Advertiser for the purpose of calling attention to our business, and in no other way can we introduce ourselves. It pays. We have goods to sell and we sell them at a profit, and we want your money."

Other leading business men both in Brockville and Athens have shown week after week their faith in the value of the Reporter as an advertising medium. The moral of this is plain: it requires no elucidation on our part.

The Royal Revival team, the "Crusaders" are holding meetings in Athens in the interest of temperance and particularly in behalf of the B. T. of T. Their singing is excellent, their audiences large, and the probability is that a strong ledge of that worthy order will be established here. The order enforces total abstinence and provides a cheap form of insurance for both men and women.

The Fiction Times, in its report of a meeting of the Prince Edward County Teachers' Institute, says: "In the afternoon Mr. F. Cornell of Wellington read a paper upon 'The Formation of a Correct Taste in reading.' * * * No away ever read before the convention elicited greater commendation. It was excellent." We are pleased to note that the teachers of Leeds are being so ably represented in the councils of the profession in P. E. County.

Mr. H. Rowsom, who has spent the summer with his son-in-law, N. J. Macchall, at Potsdam, N. Y., returned to Athens on Saturday last. N. J. has done a good season's business, making an average of 22 cheese of about 60 lbs. each per day, and handling high as 1,700 lbs. of milk. Mr. Rowsom has pretty well mastered the art of cheesemaking, including the manufacture of sage cheese, for which, in York state, there is a brisk demand at a good price.

Early Saturday evening a citizen at the west end of the village was returning home when he was suddenly beset by a dog that barred his progress and evinced a disposition to bite. Pending a settlement of the question as to whether the dog was mad, it was thought best to remove the animal. Accordingly, a gun was procured and carefully aimed and fired. The shot was greeted with shrill canine yells, telling that the aim had been true to the mark, but a diligent search failed to discover the dog.

It is a singular fact that the cheapness of an article should even temporarily retard its sale, and yet that the experience of Messrs. Tuckett & Son in the introduction of their new famous "Myrtle Navy" tobacco. People who had been in the habit of smoking the finest Virginia tobacco, could not for a time be made to believe that they were offered the same article at about one half the old price, and it was only by slow degrees that they were induced to put the question to the test of an actual trial. When they did adopt that test, however, it never failed to satisfy them.

On to the Woods. On Thursday last a party consisting of Chas. Stager, Brockville; B. W. Loverin, Greenbush; Wm. Neilson, Lyn; Phil.
