

Gleaned by the Way.

When a girl says a young man is 'just heavenly,' he is probably of no earthly use.

I've always noticed in particular, that lots of men with fortunes left 'em an' who never worked a lick in their life are about the first 't' give advice on how 't' be successful.

To Purify the Blood.

The blood can only be kept clear of poisons imparted by the harmful action of the liver and kidneys, whose duty it is to filter the blood. Because Dr. Chase's Kidney-Liver Pills act directly and specifically on the liver and kidneys and restore them to beneficial vigorous action, they are the greatest of blood purifiers.

Guest (questioning the flattened pillows and the crumpled sheets) 'Look here, landlord, this bed has been slept in.' Landlord (triumphantly) 'That's what it's for.'

Jones—Smith says that it is the bills that makes the echo.

Brown—So they do.

Jones—And here I've lived all these years thinking it was the holler.

Green Sickness.

Is a disease of childhood, and is caused by indigestion and irritable heart and the symptoms are: nausea, vomiting, loss of appetite, and a general feeling of weakness. It is cured by Dr. Chase's Kidney-Liver Pills, which restores the healthy glow to the complexion, vigor and elasticity to the body and regular and healthy action to the vital organs.

Peter—My wife's learning the piano, my daughter's learning the violin, and my son's learning the banjo. Sister—And you are learning nothing! Oh, yes; I'm learning to bear it.

'How do you like your new maid?'

'Well, I find she's very sympathetic.'

'Indeed?'

'Yes, every time I complain of a headache she declares she has one, too.'

CASTORIA.

The Kind You Have Always Bought Bears the Signature of *Chas. H. Fletcher*

So you think a rich man can't go to heaven, eh?'

'Oh, yes, sah—he kin go dar all right, but his case'll be purty much de same ez dar de boy peckin' under der circus tent whilst de circus is gwine on!'

For That Terrible Itching.

Eczema, nettle and salt rheum keep their victims in perpetual torment. The application of Chamberlain's Salve will instantly allay this itching, and many cases have been cured by its use. For sale by Rand's Drug Store.

'George, I saw that Singleton woman to-day carrying the silk umbrella that she borrowed from me at the club car party?'

'Yes, I saw her. I was just going to ask her for it?'

'When I remembered that I borrowed it from Mrs. Trumper.'

CASTORIA.

The Kind You Have Always Bought Bears the Signature of *Chas. H. Fletcher*

A young man who had not been married long, remarked at the dinner-table the other day:

'My dear, I wish you could make bread such as mother used to make.'

The bride smiled and answered in a voice that did not tremble:

'Well, dear, I wish you could make the dough that father used to make.'

Piles

To prove to you that Dr. Chase's Ointment is a certain and sure cure for each and every form of piles, bleedings and protruding piles, the manufacturer has prepared a booklet, which you may have by sending your name and address to the publisher, Dr. Chase & Co., 150 N. 2nd St., Philadelphia, Pa.

Dr. Chase's Ointment

An Ozark County farmer received a note from a young man who had been 'going with' his daughter recently, which read as follows: 'Dear Sir, Wood like-Jessie's hand in marriage. She said I was in love and I think I need a wife. Yours Henry.' The farmer replied by letter, saying: 'Friend Henry: You don't need a wife. You need a spelling-book. Get one and study it a year. Then write to me again.'—Kansas City Star.

'You are charged,' said the court, reading the formal complaint, 'with unlawfully, feloniously and with unclean thought, appropriated to your own use and behoof a certain article—to wit: a vehicle—said vehicle having been wrongfully and feloniously abstracted by you from the premises of one John Doe, on or about the 15th of August, Anno Domini, 1907, contrary to the statute in such cases made and provided, and against the peace and dignity of the people of the state of Illinois. What say you? Are you guilty or not guilty?'

'I'm not guilty, judge,' protested the prisoner. 'All I done was to steal a hog.'

D. A. R.'s Financial Statement.

From the report of the Railways & Canals Department of the Dominion the following details of the business of the Dominion Atlantic Railway for the year ending June 30, 1907, are taken:

Passenger earnings for the year, \$380,157.99; freight earnings, \$398,413.83; operating expenses, \$497,985.43, about 86 3/4 cents per train mile. The amount of railway capital stood as follows:

Stock (amount outstanding) \$2,433,333.00; funded debt (amount outstanding) \$5,466,572.00. This latter item is designated as bonds, \$907,207; and miscellaneous obligations, \$256,967. Total railway capital \$7,900,007.00.

The number of passengers carried 334,805; total mileage of passenger trains 304,267; of mixed trains, 184,694; freight trains, 87,160; total amount of freight carried was 362,497. The company had in operation 24 locomotives—12 passenger, 12 freight; 52 cars in passenger service—22 first class, 11 combination, 8 dining, 2 parlor and 16 baggage, express and postal; and 375 cars in freight and company's service—191 box, 235 flat, 14 stock, 25 coal, 4 cabooses, and 4 others, of a total capacity of 30,225. There are 17 iron bridges on the road of an aggregate length of 4,074.8; and 7 wooden bridges of an aggregate length of 2,263 feet. There are also 29 trestles, of an aggregate length of 8,218 feet.

Why Catarrh is Dangerous.

Usually it comes with a cold. Being slight it is neglected—but the seed is sown for a dangerous harvest, perhaps consumption. To cure at once, inhale Catarrhzone. It destroys the germ of Catarrh, clears away mucous, cleanses the passage of the nose and throat. The hacking cough and sneezing cold soon disappears, and health is yours again. Nothing known for colds, catarrh and throat trouble that is so curative as Catarrhzone. It cures by a new method that never yet failed. At all dealers 25c. and \$1.00. Get Catarrhzone now, to day.

Two Horse Tales.

An Albanian who had been in an eastern state while freshets were in full swing told the following about a horse which had been attached to a footbridge crossing a brook to keep the structure from going adrift. The flood finally swept horses and bridge down stream. Later the bridge was discovered lodged against the bank, with the horse sitting quietly on the former.

A bystander who had listened intently to this tale remarked quietly: 'I see suthin' similiar onced.'

'Indeed? What was it?' asked the story teller.

'Ye see, was the reply, after the horse I see was took down stream no buddy ever 'spected to see him alive ag'in. But he was a powerful sort o' brute, an 'bout a hour afterward we see him a-comin' up stream a-pullin' the blame old bridge arter him!'

New Theory About Rheumatism.

This disease is constitutional—caused by virus in the blood that circulates to all parts of the body. To cure, you must use a constitutional treatment. Nothing so completely dispels the poison from the system as Ferrozone. It purifies and renews the blood, clears it of every taint. The system is vitalized and strengthened and thus enabled to fight off threatened attacks. Not only does Ferrozone relieve at once—it cures rheumatism, gout and lumbago permanently. Results guarantee, 50c. boxes at all dealers.

Mourning Vagaries.

Mourning is not what it used to be, said an undertaker. In fact, I expect to see it go out altogether in the next century or so. Perhaps it is just as well. No young widow, I've heard say, can wear mourning without looking like a adventures. But in the seventeenth century widows not only wore mourning, but their bed curtains were black, and the sheets and pillowcases had black edging, like stationery. Even their lingerie had mourning bands. In Italy the ladies of the renaissance carried their mourning as far as their knives and forks, which had ebony instead of ivory handles. Grey cloth superseded black for mourning in the eighteenth century.

How to Improve Health.

No better way than to improve the blood,—cleanse and enrich it,—give it nourishment and strength. This can be quickly done by Dr. Hamilton's Pills which have a vitalizing, purifying effect that is unequalled in any other medicine. With lots of pure rich blood circulating to all parts of the body, with snap and vim running through every vein and artery, robust health is inevitable. No cleansing building tonic is as good as Dr. Hamilton's Pills. Sold by all dealers.

The New Brunswick Tourists Association has just held its annual meeting.

The report of the secretary showed an amazing increase in the aggregate of license fees during the last two years. In 1906 the licenses issued to sportsmen in New Brunswick amounted to \$102. In 1907 the license fees amounted to \$29,166. No mean source of revenue to the Province. The guides reported that moose were on the increase. Deer were plentiful, caribou were becoming scarce, and wolves had almost disappeared.

Yonnon—Was Dr. Peck's treatment of your rich uncle satisfactory?

Johnson—Quite so. I came into the town recently.

Ships for the Future.

To a shipping port like Parraboro and a community interested in shipping as is this whole section of the country the following statements from the Scientific American will be of interest:

Recent towing tank investigations carried on independently by both the British and the German builders of large and fast ocean steamers, have established the fact that in ships of the largest dimensions and high speed, a liberal amount of beam in proportion to length is conducive to speed. This accounts in part for the great beam, 88 feet, of the two latest Canarders, moreover, a tentative design was drawn up recently in Germany for a vessel similar to these, in which the unprecedented beam of 90 feet was found to give the best results.

There is no reason to suppose that a beam of 88 feet and a length of 790 mark the limit of size in future ocean steamers. On the contrary, the builder of the 'Lustitania' recently assured the writer that, as the result of his observations, while crossing in that ship, he was more than ever convinced that there was every advantage of speed, safety, comfort and economy to be derived from great size, always excepting, of course, the increased difficulty of handling at the terminal ports. The same authority stated that he confidently looked for ships to grow ultimately to a length to 1,000 feet, with other dimensions in proportion.—Leader.

HOW TO TEST YOUR KIDNEYS.

If any of your family have been troubled with kidney disease make a test of the urine and satisfy yourself whether you need a good remedy before the disease has caused serious complications.

To-morrow morning put some urine in a glass or bottle and let it stand for twenty-four hours.

If it shows particles or germs floating about, is milky or cloudy, or contains a reddish sediment, then your kidneys are diseased.

Commence at once to take Ferrozone to arrest these unnatural conditions.

Ferrozone is especially intended for the immediate relief and cure of kidney and bladder troubles and its health-giving properties will be felt at once in new blood, healthy circulation, and a general strengthening of the system.

Ferrozone quickly corrects urinal disorders, headache, and pains in the back. It improves the appetite, digests the food, makes it nourish the nerves, makes them strong and enduring, and fits one for lots of hard work.

Don't be misled by cheap, so-called kidney cures offered by dealers for the sake of extra profits. There is only one safe and reliable specific for kidney, bladder, liver and urinal troubles, and its name is Ferrozone.

Refuse point blank to accept a substitute, and insist on your druggist supplying 'Ferrozone' your price per box at all dealers.

Farm life and country schools develop character and manhood and reproduce. City facilities refine and stimulate, often at the expense of the more solid qualities. The educational world seems gradually settling down to the conviction that the best training must include more of the features which render the country bred boy the mainstay of the nation.

Many Sleepless Nights, Owing to a Persistent Cough. Relief Found at Last.

'For several winters past my wife has been troubled with a most persistent, disagreeable cough, which invariably extended over a period of several weeks and caused her many sleepless nights,' writes Will J. Hayner, editor of the Barley, Colo., Bulletin. 'Various remedies were tried each year, with no beneficial results. In November last the cough again put in an appearance and my wife, acting on the suggestion of a friend, purchased a bottle of Chamberlain's Cough Remedy. The result was indeed marvelous. After three doses the cough entirely disappeared and has not manifested itself since.' This remedy is for sale by Rand's Drug Store.

A young officer, riding through a Scotch village one day in full uniform and mounted on a splendid horse, was much annoyed by a lad following him along the street. At last he said to the boy: 'Did you never see a white horse before, my lad?' 'Yes,' said the boy, 'I seen a wair (worse) horse many a time, but never a wair rider.'

A tickling cough, from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe that Dr. Shoop tells mothers everywhere to give it without hesitation even to very young babies. The wholesome green leaves and tender stems of a long-healing mountainous shrub, furnish the curative properties to Dr. Shoop's Cough Cure. It cures the cough, and breaks the germ and removes bronchial inflammation. No opium, no chloroform, nothing harsh used to injure or suppress. Simply a restorative plant extract, that helps to heal aching lungs. The Spaniards call this shrub which the Doctor uses, 'The Sacred Herb.' Don't let Dr. Shoop's 'Take no other.'—A. V. Rand.

Wisdom is the jewel of great price dug from the mine of failures and losses.

Tired Catarrh treatments are being mailed out free, on request, by Dr. Shoop, Beattie, Wis. These tests are proving to the people—without a penny's out—this great value of the scientific prescription known to druggists everywhere as Dr. Shoop's Catarrh Remedy.—A. V. Rand.

And This is Life.

A little bit of springtime, A little bit of snow, A little bit of summer, Then wintry winds that blow, And thus the changing seasons In swift procession go.

A little bit of sunshine, A little bit of rain, A little bit of snowing, The fields with golden grain, A little bit of falling, Of loss and dress and gain.

A little bit of sorrow, A little bit of grief, A little bit of failure, A little victory, And that is all of living, For you, my dear, and me.

Reason Enthroned. Because meals are so fast they are consumed in great excess. This leads to stomach troubles, biliousness and constipation. Revise your diet, let reason and not a pampered appetite control, then take a few doses of Chamberlain's Stomach and Liver Tablets and you will soon be well again. Try it. For sale at Rand's Drug Store. Samples free.

Some men start out to look for trouble and then pick out a place where there isn't one chance in a hundred of finding it.

MOTHER'S
Seigel's Syrup
Cures all stomach troubles and makes you strong and fit, because it strengthens stomach, liver and bowels, cleanses your system and

The Nurse's Story.

'Why don't you give the world the benefit of your experience with such cases, Mrs. R.?' So said my friend Dr. N.—as we talked over a sad case that had just left my doors for the asylum. 'I think your experience would be of great service to the young.'

Early last year I got a letter from a gentleman living in the North of England, asking me to take into my home for a few weeks a young married lady, whose case was considered hopeless both by doctors and clergy.

At first I felt vexed at being asked to take such a hopeless case, and said so, at once. My second thought was, if God's hand was in the case I might be of use. And it is my practice always to ask the Great Master what is best. So after that one brief, glorious prayer 'Oh, send out Thy light and Thy truth that they may lead me,' I felt constrained to write again to the husband, and say I would take the lady for one month and give her a chance. I shall never forget the sad day she arrived, and the wild way in which she asked for a glass of wine at once. I told the nurse to bring me a cup of hot, strong coffee for the patient, without sugar or milk, and in this I put twenty drops of all volatile.

Not a pleasant drink, you will say; true, but the very best to stop the craving for stimulants. At first the poor lady declined it, but on my assuring her I was a trained lady nurse, and would give her nothing to harm her, she drank it up. Then from her own lips I heard the sad story. And here let me say, that although despair was now written on every feature of her face, yet she must say true, but the very best to stop the craving for stimulants. At first the poor lady declined it, but on my assuring her I was a trained lady nurse, and would give her nothing to harm her, she drank it up. Then from her own lips I heard the sad story. And here let me say, that although despair was now written on every feature of her face, yet she must say true, but the very best to stop the craving for stimulants. At first the poor lady declined it, but on my assuring her I was a trained lady nurse, and would give her nothing to harm her, she drank it up. Then from her own lips I heard the sad story. And here let me say, that although despair was now written on every feature of her face, yet she must say true, but the very best to stop the craving for stimulants.
