

THE ACADIAN.

WOLFVILLE, N. S., FEB. 14, 1919

Editorial Brevities.

The Committee of the Privy Council, on the recommendation of the Secretary of State, advise that Sunday, the 16th day of February, 1919, be set apart for a Day of Intercession for the Peace Conference, that its deliberations may result in the establishment of a world-wide peace on a just and permanent foundation.

Canadians who gave up their lives for their country on the battlefields of France and Flanders will lie as they fought, together facing the line they died to hold. Comrades in life they will be comrades in death.

Bodies now lying in isolated graves will be moved to cemeteries where the graves can be cared for.

The Daylight Savings Bill of last session is practically certain to be renewed when Parliament meets. Inquiry shows that opposition to the Bill, as expressed in communications received by the Government, is very slight, much less, as a matter of fact, than it was before the country had given daylight saving a trial.

As demobilization is proceeding rapidly, it is strongly recommended by the Post Office Department that the name and address of the sender be placed on all letters and parcels that are being sent overseas to our soldiers in order that it should be undeliverable they may be returned to the sender with the least possible delay.

The success of business depends much on the "drive and push" you put into it. Continual efforts count. Spasmodic flurries soon expire, and he who relinquishes his grasp a particle will lose more in a month than three months boozing will make up. Keep things moving. Judicious advertising will do it, and we offer you THE ACADIAN as the very best medium.

Applications and petitions for public works totalling over fifty million dollars are before the government at Ottawa. They have poured into the public works department from every province. They cover every type of public works from the humble building to the most ambitious project. Practically every day there is a delegation in evidence. It has been pointed out that it would be impractical, under existing financial conditions for the department to take up many of the schemes. But the applications continue.

A number of articles on subjects of national importance appear in The Canadian Magazine for February. One is on "Educational Preparedness," by Prof. Ira A. Mackay, of the University of Saskatchewan. It is a very timely article, and while it discusses the place that education must take in the advancement of any country, it takes Canadians to task for their indifference to it as a national factor and gives a warning that as Germany has been regarded as the school master of the world, it is now incumbent on other countries to see that she is not allowed to assume that role again. Prof. Mackay's warning, in brief, is that unless we advance education we cannot advance at all.

30 Years Ago.

The following extracts are taken from the files of "THE ACADIAN" of 30 years ago:

The first genuine snowstorm of the season took place on Tuesday and the merry jingle of the sleigh-bells is heard on our streets this week.

Since the late fire the agitation for a water supply is again being canvassed. Three sources are spoken of: one, the Davison Lake; one, the Black River; and the other, the Kentville reservoir.

Sewerage is almost as necessary as water, the storms of the present month amply prove. There has hardly been a rainfall of late that has not filled the gutters full to overflowing and in many places made travel on foot almost impossible.

We congratulate the residents of Gaspereau on having a daily mail established between that place and Wolfville.

The outcome of the meeting in Witter's Hall on Tuesday evening of last week was the formation of a book and ladder company.

War Savings Societies.

A War Savings Society is a group of persons organized to promote systematic saving among its members and to emphasize, in every way possible, the need and desirability of thrift. Ten or more persons may thus organize themselves and having done so, secure official recognition through the issue of a charter from the National War Savings Committee.

Organized in schools, factories, large business houses, and in the midst of already existing bodies, these War Savings Societies are capable of assisting greatly in the War Savings and Thrift Stamps campaign. Organizations such as the D. U. G. of the Empire, the Red Cross, the Home Makers, the Women's Grain Growers and others that could be mentioned can render valuable service by forming War Savings Societies and Thrift Clubs among their members.

War Savings Societies should be formed by the thousands throughout Canada.

The Thirty-Eighth Annual Meeting of Willow Bank Cemetery Company.

The annual meeting of the Willow Bank Cemetery Co. was held in the Town Hall of Wolfville on Monday, January 27th, at 7:30 p. m.

There was a fair attendance of lot-holders present. After the reading of the minutes of the last meeting the secretary, R. E. Harris, read the report of the directors, in which reference was made to the work done in the cemetery for the year past. It was frankly stated that, owing to the scarcity of labor after the spring clearing up, there was not as much done as during the last two or three years, due to inability to secure workers.

Among the improvements which were specially noted were, the re-setting of the pillars at the main entrance to the cemetery and the new cement steps to the right of the gateway. The improvement of the entrance is very marked.

There were 21 burials during the year. Five burial lots were sold. The number of lot-holders is 189. Of this number 65 paid the annual assessment of \$2.00 per lot.

A significant fact in the report was that not a child under 16 years was interred.

Reference was also made to the fact that some five lot-holders had made provision for the perpetual care of their lots. What it is known that by the payment of \$1000 one may secure the permanent care of his lot without any further payment on his part, there ought to be a very large number of lot-holders who will avail themselves of such an opportunity. By the payment of \$125 the stone will be re-lettered and cleaned as may be required. (See Art. 16 of the By-laws of the Corporation). The trustees of this fund are W. H. Chase, E. G., and Dr. A. Cohoon, who reported \$450 on hand December 31st, 1918.

The treasurer of the Corporation reported receipts for year including the balance of last year, \$399.16, and the expenditures for the year \$103.28, leaving the balance on hand Dec. 31st, 1918, \$295.88.

The directors for 1919 are Rev. J. W. Manning, Dr. A. J. McKenna, C. S. Fitch, W. H. Chase and R. E. Harris. Mr. Fitch is the managing director and R. E. Harris is the secretary-treasurer.

B. O. Davidson and Rev. W. L. Archibald are the auditors.

Any of the above named gentlemen will be glad to give all necessary information concerning the burial of the dead in Willow Bank cemetery.

The directors appeal to the citizens of Wolfville and vicinity to give their most hearty support in their efforts to beautify and adorn the resting place of their dead. J. W. MANNING, President.

Trophies Taken by The Canadians.

Ottawa despatch.—The Commission on Canadian War Records and Trophies, composed of Sir Byron Walker, Dr. A. G. Doughty and General E. A. Cruikshank, will make a report to the Government this week, which report will contain recommendations as to the collection and handling of the trophies captured by the Canadians during the war, as well as the invaluable records of service given and success attained by the troops from the Dominion.

The trophies captured by Canadians form a most interesting and practically invaluable collection, said General Cruikshank, President. They include practically everything from

Large German guns of the heaviest type to bridges and records. Some of these trophies have already reached Ottawa and are stored here, still in the boxes in which they were shipped, but by far the greater portion of the collection is still to come across the seas. There will be several shiploads in all, judging from the information we have received so far.

The People's Forum.

DEAR SIR.—We have been very interested in the discussion in your paper concerning the Wolfville High School. From the different arguments advanced it is evident to the fair-minded reader that the School Board is permitting and sanctioning a very inefficiently organized High School. An educational system that necessitates "taking a gambler's chance" in the matter of examinations should not be permitted in a university town. An educational centre like Wolfville should not put up with an incompetent graded High School, but should have a well organized school, furnishing efficient instruction along broad lines in keeping with the university.

We suggest that the members of the new School Board wake up to the responsibilities and possibilities of their office, and meet the demands of the progressive public of an enlightened age.

Our Soldier Heroes.

Cpl Roy H. Eaton, of Grand Pré, was among those who returned from overseas this week on the "Tunisian," which docked at St. John on Monday. Cpl Eaton went overseas with the 40th Bn. In October, 1915, and was transferred to the 20th Bn. New Brunswick. He served in the trenches for eight months when he contracted trench fever and has been in hospital for two years. Cpl Eaton, accompanied by his family, arrived at his home at Grand Pré on Tuesday evening unexpectedly. As soon as word of his arrival got around about twenty-five of his friends gathered at his home and gave him a royal welcome. Refreshments were served and a pleasant social evening had.

The sad news reached Wolfville on Sunday of the death in England of Pte. Blake Shaw, Pte. Shaw went overseas in a Forestry Battalion in July, 1917. Word came a couple of weeks ago that he was sick with pneumonia, and this news was followed by word that he was on the road to recovery. The news of his death on Feb. 5th at Reading Hospital came therefore as a great shock to his relatives and friends. Pte. Shaw was the son of the late J. M. Shaw of this town. He leaves a widow, formerly Miss Bishop of New Minas, and one child. THE ACADIAN extends sympathy to the bereaved ones.

Pte. Clarke Cook, son of Mr. W. H. Cook, returned from overseas on Monday. He was a member of the 16th Bn., which was recruited at Truro in August, 1916. Pte. Cook was wounded at Parachendi and invalided to England, and returned home by the "Carnegie," which arrived in Halifax on Saturday.

Flour Substitutes at Feed Prices

Here is the story in a few words. Carrying out the regulations of the Canada Food Board we put in a pretty large stock of the flour substitutes recommended by them. Shortly after the fighting ceased the ban was lifted to a very large extent and we had a considerable stock of the substitutes on hand. Now we want to close this stock out as quickly as possible—hence your chance to get the lines mentioned below at low prices given—

Don't you think that it would be saving something worth while putting in a supply at this price and use freely with your flour?

Corn Flour, per 98 pound bag	\$4.50
Barley Flour, per 98 pound bag	4.50
Rye Flour, per 98 pound bag	6.35
Barley Flour, in 14 pound bags, 14 bags to the bbl., per bbl.	\$10.50
Oat flour, in 14 pound bags, 14 bags to the barrel, per bbl.	10.50

Why use cornmeal and other feeds when you can buy the much more nutritious cereal flours which we are offering at such low prices.
