The Observer will be sent to any Canadian address from now until July 1 for only 10 cents.

## A CALL TO LIBERALS.

The Liberals in New Brunswick are called upon to organize for a political battle which may come during the summer. It seems highly probable that the naval bill will be thrown out by the senate, in which case Mr. Borden, if he keeps the pledge which he made, will go to the country. Whether the struggle comes sooner or later, it is necessary for the Liberal party to be thoroughly organized and ready to give a good account of itself. The issue between the two parties in Canada is clearly defined, and the result of the next appeal to the people will have a most important bearing upon the future of this country.

The Liberals of this province have every reason to look forward with confidence to an appeal to the people, and no effort should be spared on their part to complete an organization which would place them in a position to meet the enemy in the field. They cannot hope for and do not desire the assistance of the trusts and combines, and therefore appeal to the rank and file of the party for the funds that are necessary for the legitimate purposes of organization. The appeal is issued over the signature of Messrs. Emerson, Corvill, and Turgeon, and the response should be prompt and universal. The appeal is printed on another page of this issue and is commended to all Liberals and to those independents and former Conservatives who believe that the interests of Canada would be best served by a return to power of the party led by Sir Wilfrid Laurier, who has done more than any other Canadian for the cause of Canadian unity, and who is in the broadest and truest sense a great imperialist, under whose guidance for so many years Canada has advanced along the pathway of progress and prosperity. —Times.

## THE ROADS.

Notwithstanding there has been much less snow and rain than usual the county roads are the despair of motorists and those who have driving or hauling to do. The editor drove over 25 miles of Carleton county roads a few days ago. There was no mud—less than at any time last year—but the broken down culverts and holes made speed impossible and travelling tedious. At night the condition makes the roads not only a menace to life and limb but practically impassible. The road law of the antiquitous old government was blamed for much, but the highly-praised Hazen law is infinitely worse in its results. Like "waving the old flag," it seemed a gooey thing for getting votes, but it failed in any myre practical purpose.

Intelligent road making and value for the money is what is required, and needed without any other day's delay.

## NOTHING FOR FARMERS.

The budget debate brought down in Parliament on Monday showed that the Dominion has a surplus of \$55,000,000 for the fiscal year. The total revenue was nearly 200 millions, made up almost altogether from customs and excise duties paid by the people. The huge surplus proves that the people are paying too

much for the protection of millionaire manufacturers; paying more than is needed by about \$50 a family. In view of this great surplus the finance minister finds the government can remove the duty on traction-ditchers, which means that Carleton county farmers may now import one of these useful implements without duty. With the exception of a slight reduction on cement, the consumers are given no share in the prosperity of the country. Those who had hoped for a reduction of the tariff on the necessities of life, and particularly on farm machinery, are disappointed.

The finance minister says that the great surplus indicated that no revision of the tariff is needed, plainly implying that the Tory conception of tariff revision is to raise the tariff still higher. From the Liberal, from the farmers' point of view, the indication is that a generally reduced tariff could well be afforded.

## BORDEN'S FLIGHT.

"No policy which Mr. Borden may inaugurate with respect to the Senate can possibly rescue him from the situation in which he finds himself today in connection with his proposal to borrow \$35,000,000 from Great Britain and send back to that country a cheque for the amount on the plea that Canadians are incapable of constructing or controlling their own ships of war."

## Grace Lillian Britton.

At her home in Windsor on Tuesday morning, May 6, after a lingering illness of consumption, Grace Lillian Britton, oldest daughter of Mr. and Mrs. G. O. Britton passed peacefully into rest at the age of 21 years and 2 months.

Deceased was a member of the George St. U. B. church, Freder-

ction, having united with that cemetery, where the Young People's Helping Hand Society lined the grave with beautiful evergreens.

Deceased will be greatly missed by those in the sorrowing family as well as by the large circle of friends to whom she endeared herself by her pleasant manner and Christian life. But to them all there is the consolation of the new life beyond the grave. She leaves father and mother, four sisters and one brother and a grandfather to mourn their loss.

Mrs. J. Cook, Miss Clara Watson and the operators of the Farmers Telephone Co. sent beautiful floral offerings, and many friends gathered to offer their sympathies to the bereaved family and to pay a last tribute of respect to the memory of the departed one.

Interment was in the Windsor

# Paralysis and Locomotor Ataxia

The most dreaded results of neglected nervous diseases—Study this chart and the symptoms stated here to learn if you are in danger—  
DR. CHASE'S NERVE FOOD will cure you.

To understand paralysis and locomotor ataxia, which is paralysis of the limbs, and their causes, it is well to remember that every movement of the body or its members is due to the contraction of muscle, which can only take place under the influence of the nerve force. As this all-important nerve force is created in the nerve centres of the brain and spinal cord, and conducted along wire-brain and spinal cord, to the various parts of the body, any derangement of the brain, spinal cord or nerve fibres may result in paralysis or loss of the power of movement.

Paralysis, then, is the natural result of all neglected nervous diseases.

If you find yourself nervous and irritable, over-sensitive to light, sound and motion, addicted to continual movement or tapping of the fingers, twitching of the limbs during sleep; if you have nervous headaches or dyspepsia, are unable to sleep or rest, feel downhearted and discouraged, and unfit to fight the battles of life; if your nerves are weak and exhausted, your blood thin and watery, you have every reason to fear paralysis of at least some part of the body, and consequent suffering and helplessness.

Paralysis can always be prevented, and partial paralysis actually cured, by the timely use of Dr. Chase's Nerve Food. The time to begin treatment is when any of the above-mentioned symptoms become apparent. These are indications of a degeneration of the nerve cells, and when nerve force becomes exhausted paralysis is bound to follow.

## Dr. Chase's Nerve Food

ets on the system in an entirely different way to ordinary medicines. It is neither a stimulant to whip tired nerves to renewed activity, nor a narcotic, or opiate, to deaden the nerves. On the contrary, it is a food cure, which forms new, red corpuscles in the blood and creates new nerve cells. Every day it is bringing back health, strength and vitality to scores and hundreds who have become discouraged through the failure of doctors and other treatments to cure them. Why not get started on the way to health at once by not get this great, food cure? Dr. Chase's Nerve Food, 50 cents a box, 6 boxes for \$2.50. At all dealers, or EDMANSON, BATES & CO., LIMITED, ED, Toronto.
