"BABY IS EASILY RUINED, BUT TO SLEEP IN A GENDRON BABY CARRIAGE"

"When we visit other ladies I always know if they are particular mothers—because particular mothers know all about the soothing swing of a GENDRON. The arrows point to the points I want to make here. The springs are triple-curved, finely tempered steel, guaranteed to absorb every jar. The hubs on GENDRON wheels are covered with roller caps. There's no danger of scratching the furniture when you drive the baby around the house in a GENDRON. It's easy to understand why good mothers insist on a GENDRON carriage for baby."

# Money, Money,

Would you save money if you had a chance? There is not a man or woman living who, if they could save a dollar in a purchase, would not do it. The great trouble to-day is to convince people of value. There are hundreds of people to-day who are looking for cheap articles. The first place they land is in some Jew or emigrant junk store. The fact is you can tell them when you see them coming up street—they look cheap, simply because they are dressed cheap, it keeps them poor, everlastingly buying cheap goods. If a white man offered the same people Better Goods at half the money they would think you were doing them wrong. At this store you get Genuine Bargains. We carry nothing but first-class up-to-date Goods. We are offering some genuine good Bargains in Suedette's Underwear, heavy grey, regular \$3.50 and \$4.00, now \$2.90 to clear. Men's Overcoats.
