

3,000 YEARS AGO THE EGYPTIANS CURED DISEASE WITH FRUIT

To-day, Canadians Are Doing It With "Fruit-a-tives"

—The Famous Fruit Medicine

We are apt to consider the age we live in as the most wonderful age that the world has ever known. It is, in many respects, yet the ancients surpass us in some things. Engineers of our 40-story sky-scrapers still marvel at the massive pyramids and the sphinx. So, too, the Egyptian physicians of 3,000 years ago, used fruit juices as a medicine for treating blood trouble, liver and kidney disease, and stomach weakness. Their method of mixing fruit juice as a medicine, is also one of the lost arts. A well known Canadian physician, however, perfected a method of utilizing fruit juices, which is one of the greatest discoveries of modern medical research. "Fruit-a-tives" is the natural cure for Chronic Constipation, Biliousness, Indigestion, Torpid Liver, Kidney Disease, Pain in the Back, Bad Complexion, Rheumatism, Nervousness, Headache and Neuralgia. See a box, 6 for \$2.50, or trial box, 25c. At all dealers, or from Fruit-a-tives Limited, Ottawa.

EXHIBITS THAT MAKE THINGS

Some Interesting "Process" Displays for Dominion Exhibition at St. John.

Experienced exhibition promoters will testify that the show which contains a number of "process" or manufacturing exhibits is usually credited with being a success from the standpoint of public interest. Realizing this to be an absolute truism, the management of the Dominion Exhibition to be held in St. John N. B., September 5th to 15th, have been successful in arranging with some of the most important manufacturers in Canada to demonstrate the making of their wares in Machinery Hall. There will be a woolen mill's loom in full operation, knitting machines at work, nail and tack making machines, foundry activities, printing processes, wood-working novelties, boot and shoe manufacturing, electrical mechanics, motor boat demonstrations, etc., not to mention the mouth-watering processes involved in the making of candies, fancy confectionery and baking. In order to accommodate numerous applicants for space and power in the mechanical department of the approaching big show, the Exhibition Executive have been forced to make arrangements for increased facilities, and those who visit St. John next September will spend a great deal of their time within Exhibition gates watching these "process" exhibits. A notable feature in this section of the show will be the invasion of the East, as it were, by vigorous western concerns, who have made early request for preferred positions.

HAIR SLAUGHTER

Killed by Negligence

Hair must have nourishment or die. If it does not have proper nourishment it will lose its vitality, grow weak, and become an easy prey to the ravages of the vicious and destructive genus of dandruff.

Parisian Sage is a hair nourisher; it is the result of sincere study and experiment by one of the world's leading scientists.

It should be used regularly as a hair dressing by everyone with healthy hair, because it never fails to prevent dandruff, falling hair, or any scalp disease.

But Parisian Sage is not only a preventive it is a certain cure for dandruff; it stops itching of the scalp instantly; it makes hair grow thick and luxuriant. It is especially in demand by ladies, because it makes the hair beautiful, soft and fluffy. T. J. Durick the druggist, sells it under a positive guarantee to do all that is claimed for it, or money back, 60 cents for a large bottle.

The scientists gravely announce that there is sodium in large quantities visible in Hailer's comet. Perhaps the inhabitants of Mars have been putting salt on its tail.

A delicate pomade is the best form of hair-dressing. BEARINF is that and more; it makes the hair grow, 50c. a jar.
