

The Joy of Living

Headaches are generally caused by nervousness or biliousness, and are very exhausting. They should never be neglected, but should be treated at once.

Dr. Wilson's Bitter

corrects the causes of headache, and restores that joy of living not known to headache sufferers.

The Braxley Drug Company, Limited
17 JOHN ST.

Inspectors Wilson's Annual Report On Prohibition

(Continued from page 2)

the proprietors of said drug stores are making application for a license I would recommend that no license be granted to any drugist, but that it be given to parties whose only business is attending to that one particular affair and that the government regulate the price of liquors.

(3) I would also suggest that for the more efficient working of the enforcement of the prohibition act that the province be divided into five separate districts and that each district be supervised by a senior officer who would be responsible to the chief inspector for the carrying out of his duties and that in each district there be junior officers responsible to the senior. This would enable the officers to much more efficiently enforce the law and then it might be possible to make some arrangements for these officers to have some other duties and to be related to some other department I would propose that the province be divided into districts as follows:

(1) St. John and Kings counties with headquarters at St. John.

(2) York, Sunbury, Queens and Charlotte counties with headquarters at Fredericton.

(3) Westmorland, Albert and Kent counties with headquarters at Moncton.

(4) Northumberland, Gloucester and Restigouche counties with headquarters at Bathurst.

(5) Madawaska, Victoria, and Carleton counties with headquarters at Edmundston.

Respectfully submitted,

W. D. WILSON,

Chief Inspector.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Medicine.

Hall's Catarrh Medicine has been taken by Catarrh sufferers for the past thirty-five years, and has become known as the most reliable remedy for Catarrh. Hall's Catarrh Medicine acts thru the Blood on the Mucous Surfaces, expelling the Poison from the Blood and healing the diseased portions.

After you have taken Hall's Catarrh Medicine for a short time you will see a great improvement in your general health. Start taking Hall's Catarrh Medicine at once and get rid of Catarrh. Send for testimonials free. F. J. CHENEY & CO., Toledo, Ohio. Sold by all Druggists, 75c.

HAD RHEUMATISM FOR FIVE YEARS

No Return of the Trouble Since Taking "FRUIT-A-TIVES"

MR. JOHN E. GUILDERSON

P. O. Box 128, Parrsboro, N. S.

"I suffered with Rheumatism for five years, having it so badly at times I was unable to get up without assistance."

I tried different medicines I saw advertised and was treated by doctors in Amherst, also in my home town, but the Rheumatism came back.

In 1916, I saw in an advertisement that "Fruit-a-tives" would stop Rheumatism, and took one box and got relief; then I took them right along for about six months and the Rheumatism was all gone and I have never felt it since.

Anyone who would care to write me as regards "Fruit-a-tives" I would be glad to tell them what "Fruit-a-tives" did for me."

JOHN E. GUILDERSON,

Contractor and Mason.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

\$45,000,000 THEFTS FROM CARS SHOWN.

Booty Double That in Any Pre-war Year.

Wholesale looting of merchandise in transit on the railroads of the United States caused a loss of approximately \$45,000,000 in 1919, according to United States Railroad Administration statistics made public recently.

This is estimated to be more than double the losses sustained in any pre-war year, but it is pointed out that the increased cost of the commodities stolen, roughly estimated to average 85 per cent. must be taken into consideration when comparing the losses in the days of low prices with losses now. Nevertheless there has been a steadily increasing number of packages stolen, and the organization combating the thieves have met an increased intensity in diverting goods from their owners.

A technique of robbery has been developed so highly that the methods of "master thieves" are similar in the United States, England, France, Italy and Argentina, according to a recent report of the United States Chamber of Commerce in Argentina. Detectives, however, are inclined to discredit that organization's belief that a new dispersed international organization is at work stealing merchandise.

Substitution is the usual method used by the thieves. Sometimes boxes supposed to contain velvets are found at their destination to be filled with calico or other cheaper grades of cloth, but as a rule, waste paper is found. These are referred to as "concealed losses" by railway men, and are especially difficult to trace, as the shipment leaves and arrives apparently in good condition, and it is almost impossible to discover at what point the theft occurred.

The silk industry has been one of the most severely hit in the last year, and so great has the loss become that the Railroad Administration has been considering excluding raw silks from the privilege of freight transportation by rail. The Merchants' Association of New York through its traffic bureau, has protested against such an exclusion, and is advocating some less radical measure to minimize or prevent the theft of silk in transit.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair gets soft, fluffy and beautiful—Get a small bottle of Danderrine.

If you care for heavy hair that glitters with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderrine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice heavy, healthy hair if you have dandruff. This destructive scourge robs the hair of its lustre, its strength and its very life, and if not overcome it produces a fever, headache and itching of the scalp; the hair roots fall out, become and die; then the hair falls out fast. Surely get a small bottle of Danderrine's Danderrine from any drug store and just try it.

KING OF ALL "RAINMAKERS"

Secret of Success of Solly Greencup, Who is Well Remembered in the West, Was Simple.

Given an ingenious mind and an eye to business, a live man can make money out of almost any old thing.

Perhaps you remember the extraordinary success scored some years ago by Solly Greencup, the rainmaker. If not, you can read his record in a portfolio of newspaper clippings collected all the way from Nome to San Diego, from eastern Oregon to western Kansas.

Solly Greencup, indeed, occupied for a while a position unique in the annals of meteorology. Scientists might doubt and cynics might scoff, but whenever Solly went after the rain clouds he always got 'em. Moreover he didn't work on "the heads-I-win, tails-you-lose" principle of some other rainmakers. Solly Greencup, when he once decided he could produce rain in a given district, always backed his opinion with hard cash. If he asked the farmers to put up \$1,000 for an inch of rain, he put up another \$1,000 himself as a forfeit in case he failed. And he always won.

Greencup never explained his methods. All the farmers wanted was the rain. All Greencup wanted was the money. With this result both were satisfied. His apparatus consisted of a flag pole, an electric battery, a kite with a metal tail and an air balloon filled with a mysterious gas. If scientists demanded the reason for these contrivances, he shook his head and smiled.

Sometimes Greencup would have to stay a long time in a locality before he could find the exact combination necessary to coax the wet forces into action. Sometimes he had to confess that the dries were too strong for him. But as soon as he posted his forfeit and set up his apparatus the desired moisture followed in a few days.

Once in Elsinore valley he gave the ground a good soaking for a paltry \$2,500, thus saving a \$1,000,000 grain crop. Of course, he made a tidy fortune, yet at the time no one considered his charges exorbitant. And everybody admitted he was a good sport. As he grew wealthy Greencup never gave himself a frill nor assumed the title of "professor." These things were afterward remembered to his credit.

A few years ago Greencup went permanently out of the rainmaking business. In a street car accident he lost his left foot, which had to be amputated above the ankle. After that for love or money he refused to experiment with the weather.

When the secret of his success was finally revealed some carping moralists called him make-believe. He never claimed, like another famous personage, to be in partnership with the Almighty. But at least he had done something that nobody in the world had ever done before.

He had capitalized a corn.

Big Private Telephone Exchange.

The size of the private telephone exchange grows with the erection of every hotel or office building of any considerable proportions. The largest ever constructed is that of a New York hotel which has been recently opened to the public. It occupies 3,165 square feet of floor space, having an operating room 110 feet long by 15 feet wide, a terminal room 30 feet long and 25 feet wide, a rest room 23 feet by 15 feet and a locker and wash room 30 feet by 14 feet. The operating force consists of one chief operator, one assistant chief operator, eight supervisors and 110 attendants. The switchboard consists of twenty-three positions. Thirteen positions are equipped with teleautographs used for paging and announcing only. The switchboard has a capacity of 3,340 extensions and 180 trunks. The hotel has telephone service in each of its 2,200 rooms, and there are forty public telephone booths served by four switchboards connected with the main switchboard. The following gives some idea of a few of the items which make up part of the telephone system: 630 fuses, 1,170 condensers, 2,400 relays, 5,850 lamps, 38,500 jacks, 750,000 soldered connections, 7,926,000 feet of wire.

Britons Build Biggest Plane.

The Tarrant Aircraft Construction company of Farnborough, England, has just finished building the biggest airplane in the world. It is a triplane, the middle plane of which is 131 feet wide. Above and below this are two planes, each 98 feet long. All these planes are 15 feet 2 inches deep. The body is 78 feet long (20 feet longer than the biggest biplane), and the height is 37 feet. The pilot's seat sits out 12 feet beyond the line of the planes. The body of the machine resembles a whale in length and girth, with a great blunt-ended nose. Between the planes are six Napier-Lion engines, each developing 500-horsepower. Four of them operate two-bladed tractor propellers; two of them four-bladed "pusher" propellers.

Jap Industry Hard Hit.

During the war the Japanese zinc industry was very prosperous and large profits were made on ore which was imported from Australia and the French Indies. The signing of the armistice, however, has dealt a hard blow to this industry, and it is reported that it costs \$200 a ton to produce Japanese zinc, while the market price is only \$187 a ton. It is expected that this will result in a request for subsidies and import protection, since the deposits of Japanese ore are of such inferior quality that competition with imported ore cannot be met successfully.

Stiffness

It is astonishing how quickly Minard's Liniment relieves stiffness and lameness.

Gives Great Relief

Mrs. A. R. Cabot, 26 Park Ave., Quebec, Ont., writes: "My husband has used Minard's Liniment frequently, always with good results. Friends of mine use it for rheumatism and tell me that it gives great relief."

Mrs. Fred Johnson, Box 735, Thorold, Ont., writes: "I suffered very much with a rheumatism in my face last winter, was advised to try Minard's Liniment, and was relieved immediately after first application. I persevered in using it, and it has cured my face. The winter I can go out without tying up my face and owe the credit to Minard's Liniment. Have told several people about Minard's, and others are using it."

One Day's Test Proves NR Best

The stomach only partly digests the food we eat. The process is finished in the intestines where the food is mixed with bile from the liver. It must be plain to any sensible person who realizes this, that the stomach, liver and bowels must work in harmony if digestive troubles are to be avoided or overcome. This fact also explains why sufferers from indigestion, also suffer more or less from headaches, biliousness and constipation.

If you are one of the many unfortunate persons who cannot eat without suffering afterward, if you are constipated, have bilious spells, headaches, coated tongue, bad breath, variable appetite, are nervous, losing energy and feel your health slipping away, take this advice and get a box of Nature's Remedy (NR Tablets) right today and start taking it. Give it a trial for a week or two and just see how much better you feel. See how quickly your sluggish bowels will become as regular as clock work, how your coated tongue clears up and your good, old-time appetite returns. See how splendidly your food will digest and how your energy, "pep" and "ginger" revive. Just try it.

You take no risk whatever for Nature's Remedy (NR Tablets) is only 25c a box, enough to last twenty-five days, and it must help and benefit you to your entire satisfaction, or money returned.

Five million boxes are used every year—one million NR Tablets are taken by ailing people every day—that's the best proof of its merits. Nature's Remedy is the best and safest thing you can take for biliousness, constipation, indigestion and similar complaints. It is sold, guaranteed and recommended by your druggist.
