The undersigned begs to announce to the public of Harbor Grace and vicinity that, having engaged the services of a competent milliner, she is now prepared to execute with promptness, and in a manner calculated to give every satisfaction, all orders in the above line that may be committed to her charge.

To obtain this result, we first obtain the product of a figure of the multiplicand by that of the multiplier; the figure of the units of the product sought. To the left of the figures of the tens of the said preliminary product we write the figure of the multiplier as many times as there are figures, less one in either of the two factors; and to its right we place the same number, each equal to the difference between a figure of the multiplicand (9) and a figure of the multiplier (6). To the extreme left of the quantity thus obtained we annex the figure of the unit of the preliminary product, thus we have the product sought.

DIED.—On Tuesday evening last, after a long and tedious illness, born with Christian resignation to the Divine will, Miss Theresa Dwyer, age 39 years.
