THE CORRECT FIGURES
Calgary Alberta: The Alberta has received the following despatch from its Ottawa correspondent:

Ottawa, Nov. 4.—The census office denies that any revision has been made to show Calgary's population is 14,904. The actual population is 14,967, but five suburbs give it a population of 14,216.

As this makes our population a little bit larger, there is not very much to object to about it.

MANITOBA'S IDEA

Winnipeg, Nov. 5.—Hon. Robert Rogers states that at the coming convention he will be made to get as much as possible of the above line of Hudson's Bay for Manitoba, with a view to the granting of an outlet to the Saskatchewan or the giving of additional territory to Ontario. BASEBALL CONVENTION.

Lehrbridge, Alta., Nov. 6.—The baseball convention will be called to order at 8 p. m. today. The following are present, from Medicine Hat, Wm. Cousins; Calgary, W. Fidler; Edmonton, Deacon White; Lehrbridge, a score or more. Enthusiasm is unbounded and Lehrbridge, and in all probability the Western Canada Baseball League will be a go, complete with the above mentioned cities. Such a circuit is undoubtedly the best available for a first venture in professional "baseball." Lehrbridge is to receive some four thousand dollars to finance their club which is amply sufficient and really considerably more than will be needed, but it goes to show the spirit with which this new movement is being taken up, a spirit that is very typical of the west in everything that is attempted. When the league is permanently organized this afternoon success can only be predicted for its future as "the clubs will evidently not be hampered by lack of means. A long session is ahead of this delegation. Regina and Moose Jaw are not present.

DEACON WHITE.

ROUTE OF THE G.T.P.
Ottawa, October 31.—The G.T.P. between Portage la Prairie and Winnipeg will run south of the Assiniboine for a considerable portion of the distance. Only 25 miles have been officially approved so far, and the plan for this portion indicates that the line on leaving Portage will cross the Assiniboine river about eight miles from that town, and about three miles north of where the original survey crossed, and proceeds east along the same old route to a point east of Eustache 25 miles from Portage.

CHANGES ARE MANY.

London, October 31.—The House of Lords continues to make far-reaching changes in the education bill, and in Liberal circles the opinion is expressed that if the position continues in its present spirit, the bill will hardly be recognizable when it returns to the Commons.

Clause 2 was completed tonight after radical changes. There is a distinct atmosphere of tension in the Upper House. It has apparently been determined that the ministry will not tamely submit to the Lords. This metamorphosis was indicated by the president of the board of trade, Mr. Lloyd-George, who spoke at Halding tonight declaring that the work of redrafting the bill would be done by a committee of the House of Lords, a majority of whom were endeavoring to establish the principle of compulsory religion, to which the country would not submit.

SASKATOON HOTEL SOLD.

Western Hotel changed hands this morning. James Flanagan sold out to Bronfman Brothers, of Yorkton, for \$65,000. Mr. A. Bronfman acted for the new proprietors, who will take charge in fourteen days. The Western was built by Mr. Flanagan—in the spring of 1903. At that time the site was regarded as far out of town. Times have changed, and the corner is now one of the best.

THE RUSSIAN SITUATION.

The London Times has received the following cable from St. Petersburg: The state of the public mind on the eve of the celebration of the first anniversary of the manifesto by which the autocracy was pledged to a constitutional government encourages substantial hopes that Russia will issue successfully and peacefully from the throes attending the birth of civic freedom. CALGARY MOVING.

Calgary, Alberta, Nov. 5.—(Special to the Bulletin)—League baseball is all the talk at Calgary. The situation looks flattering for a compact, strong little circuit, composed of Medicine Hat, Lehrbridge, Calgary and Edmonton. Calgary is already negotiating for players and the management is in communication with Sam LaRouke, of the San Antonio, South Texas league for playing manager. It will be necessary for Calgary to buy his release, but they are sparing neither pains nor money here to get together the pennant winning team of next year's Western Canada Baseball league. Catcher Ford was presented with a diamond ring the other day by Calgary enthusiasts when they heard that Edmonton was trying to secure the star receiver.

U. S. APPLE CROP.

New York, Nov. 5.—The Times says: The apple crop in the United States has just been estimated at 36,190,000 barrels. This is 12,625,000 barrels more than the 1905 crop and may explain why the New York Central road has been forced to place an embargo on the apple shipments from the north. The estimated crop in New York state is 4,800,000 barrels, or larger by 1,000,000 bushels than the production of any other state. The estimated New York crop equals the crops in Maryland, Virginia, West Virginia, Kentucky and Tennessee combined and if equally divided to the people of the state would give half a barrel to each man, woman and child.

Grierson, in command of the detachment of the Tenth Cavalry, which first took the field in pursuit of the Utes in Wyoming, say that there is no prospect of a clash between the troops and the Indians. The latter are quietly encamped on the mountains near their camp on the Powder river, instead of moving toward the Cheyenne reservation as reported. Lieut. Grierson expects to have a conference with the chiefs of the band in a day or two.

BATTALION DISAGREED.

Washington, D. C., Nov. 7.—Unprecedented in the history of the army of the United States is the action of the President just announced in dismissing in disgrace from that army an entire battalion of colored troops because of their failure to disclose the identity of some of their number who had been guilty of violence and murder.

THE GRAIN BLOCKADE.

Toronto, Nov. 3.—A grain blockade, as it is proclaimed as in 1905, is feared at the Georgian Bay ports. The navigation companies on the upper lakes, and the large shipping and milling interests are the authority for that statement that the railway companies are in practically the same relations to the heavy traffic offering as they were last year, when the railway commission was asked to investigate and remedy the congestion. From this it seems there is little available space left in all of them against the carrying record of 1906, handled approximately 4,900,000 bushels weekly. This year there have been some 1,000,000 bushels in a carrying capacity of 650,000 bushels per week, making a total carrying capacity for this season of 5,950,000 bushels per week.
