DICKS & Co

POPULAR BOOKSTORE.

Why should I buy a roofing that
needs to be painted every illi-
cible while to keep it tight,
when, for the same money or less, I
can buy A MATITE which needs no
painting?

The outer surface is composed of
real mineral matter, which makes
painting unnecessary.

With an Amattite Roof on your
building you end your roofing trou-
bles. When you buy a roofing that
requires frequent painting you begin
them.

Smooth roofings that require paint-
ing are a nuisance and an expense.
When you buy them, you buy trouble
—not protection.
