TORIC LENSES
ARE MORE BECOMING THAN FLAT LENSES.
The edges of Toric Lenses do not show as prominently as those of flat lenses. They fit in close to your eyes. You will find Torics much more becoming and useful. They give you a wider, clearer field vision. You should know about Toric Lenses. Let us explain them.

ANNOUNCEMENT.
"OVERLAND" SERVICE FOR 1917.
We are pleased to announce that the "OVERLAND" SERVICE STATION will again be managed by Mr. J. Cocker, of the Anglo-American Garage, AND THAT WE HOPE TO GIVE OUR MANY FRIENDS EVEN BETTER SERVICE THAN IN THE PAST.
A large stock of SPARE PARTS arrived by the last "Florize!" and we now have a pretty full line on hand and further lots on the way.
Mr. Cocker left a few days ago for Toledo, where he will have an opportunity of going through the Overland Factory, the largest single automobile factory in the world, where the output is 1,000 cars a day. Mr. Cocker will have a splendid chance to become conversant with the new models and thus enable us to render more valuable service to all "Overland" owners in Newfoundland.
Yours for service,
T. A. Macnab & Co.
