The thiny day, so oderous sweet, A timeful melody doth beat Upon the heat, and taoughts so fleet, While sumy skies our senses greet, Mid dripping clouds may hold its sway.

And fancies that but vaguely rise Beneath the giare of cloudless skies, Take form and semblance to our eyes, Of easties of gigantic size, Where we may spend each ramy day.

And if the luxury of thought, With painful memory be fraught, And we Dame Nature's mood have caught The tears may flow that rise unsought, Yet we'll enjoy our rainy day.

And treer friends than those who greet Our sunny days with smiles so sweet, Here in our books we yet may meet, And with them spend the hours so foet Of this delightful rainy day.

Or read the latters yellowed o'er With gold from Time's recoding Recall the happy days of yore, And live again that life before Our hearts had found their r 小 -B. K. M

auth on the subject. "2004 hughed outright and said : "Div, or, to, frouble is with your girl and not the neck-nece. She has too much sulphur, iron, mer-cury, sait and acle in her blood, and as any of these substances has an afinity for gold the explanation is clear. I have patients whom mercurial medicines have been ribed and the result is that their insupon which rings are worn discolor of this purchase away.-[Jewelers']

Time for a Girl to Marry.

Best Time for a Girl to Marry. bly the best time for the average 1 woman to marry would be any age 24 and 36. It is not said that no should marry earlier of later than of these ages; but youth and health for are ordinarily at their highest on between these two periods, rly marriages are seldont desirable and that for many reasons. The

atriages are section desirable (d that for many reasons. The nature, the reason is feeble, and r is unformed. The considera-would prompt a girl to marry Si in many cases have very little re a her at 24. At 17 she is a a woman. When a girl has in-cants, the seven years between ro

PASTORS AND CHURCHES. to wise dis

and body are most apenable to wise dis-cipline, and has, repay the monght and toil devoted to their development. Before 17 few girls have learnt to under-stand what life is, what discipline is, what duty is. They cannot value what is best, either is the father's wisdom or in the mother's tenderness. When married at that childian period they are like young recruits taken fresh from the farm and the workshop, and hurried off to a long cam-paign without any period of preliminary drill and taining; or like a schoolhoy re-moved from school to s curacy without being sent to the university or a theological hall. Who can help grieving over a child-wife, especially if she have children, and a husband who is an inexperienced, and pos-sibly, exacting boy man'. The ardor of his postical imagination vanishes like the sum-mor mist; there is nothing left but disap-pointment and wonder that what promised to be so beautiful and long a day should have clouded over almost before sunrise.— [Hospital. Sam Small, the ovangelist, is dangerously ill at his home in Atlanta, Ga. He was stricken while on a tour through the swampy regions of Alabama. The British Rible Society, of which the Barl of Harrowby is president, reports an expenditure for 1888 of £226,663 for 1887. The distribution of Bibles also fell 509,000, from 4.000.000 to 3.500.000. They were in from 4,000,000 to 3,500,000. They

Bis weak place. — Beggar.—Please, please help a poor eripple. Passer-by (giving him money).—Poor fellow! Where are you crippled? Beggar (pocketing the money).—In my finances, sir?
Benides what she said to Hubby—Alexander Graham Bell, in soience, calculates that a mother in talking to her infant speaks 36,000 words a day—equal to about four hours' continuous talking.
Lawyer—My conscience troubled me a little last night about that fee I charged Jones yesterday. Friend (astonished).—Your conscience? Lawyer.—Certainly. I was afraid that I had been unjust to myself. No Pockets Necessary. Customer-How much are these trousers? High Priced Tai-lor-Twenty dollars, sit. By the way, how will you have the pockets arranged? Customer (gloomily)-You needn't put in any

From Good Housekeeping.
It is said that Cardinal Richelieu detected, in adventure who was passing himself of its an adventure who was passing himself of its an adventure who was passing himself of its an its ork, because it was the custom the disk with the fingers, if an olive from the disk with the fingers, if an olive of a different pattern. Forks for the disk use one are now manufactured and are very generally used, but after the olive has eached the plate it is always carried to the north by the fingers. Of courses we are not referring to stuffed olives which are bottled.
The harge end of asparagus with the harge end of asparagus with a fore tops from the white end, which is the harge end of asparagus with a fore tops from the white end, which is the harge end of asparagus with a fore tops from the white end, which is the harge end of the state the white end white end was also also are orcret, but the former is.
— The dist of the month by the fingers. If individe the bott pass of the dist is also are not provided, it is eliquette for sath. For the rind of your plate and past shakes are used, hold the celery in the dist is shakes are used, hold the celery in the olive past and just over the rind of your plate and past of the the olive and the old is still in practice. When corn is fingers only managed very daintly. We have seen pretty little doylies for the fingers, noly managed very daintly. We have seen pretty little doylies for the boat is a susting in the doys is the it is a question of putting asponful of salt on the of the state and the old is exclusive, and especially in the source of the dirig is, but it is a question. This is usually the lady's duty, and there is no prettier picture than that of a young also and the old is a shake are social or informal meat.
Water sets is also taken in the fingers. This way, for the tender green the obset is as backen on the binger doy and is a shake and is a social or informal meat.
Water sets as a social or informal meat.

Stock Raising and Grain Raising.

Stock Raising and Grain Raising. Stock raising and grain raising are equal-ly successful in Dakota and Minnesota. Plenty of Government land. Cheap rail-road land. Good markets, rich soil, excel-lent schools and churches. For further in-formation, maps, rates, etc., apply to F. I. Whitney, G. P. & T. A., St. P., M. & M. Ry., St. Payl, Minn.
