For the Ladies.
One of the most successful educational institutions in Ontario is the Bradford Young Ladies' College. Its facilities for imparting a thorough and practical education are really excellent, as many Londoners who have sent their daughters to the college can testify. Rev. Dr. Cochran is governor, and Miss M. F. Lee is lady principal. The next term begins on Wednesday, Sept. 3.

Charged with Seduction.
A young married man, named Samuel Walker, hailing from near Nilestown, in the township of Dorchester, was yesterday

afternoon arrested by Detective R. E. Allen on a warrant sworn out at the instance of his mother-in-law, Mrs. Mary Manning, of the same place, charging him with the seduction of her daughter, a girl about 16 years old. Mr. D. H. Tennent, of Tennent & Macbeth, has been retained to defend the accused, who was remanded by Squire Peters until Friday, the 25th inst., at 10 o'clock.

THEY WERE HUNGRY.

"Anything new at camp?" asked the Advertiser news-gatherer of one of the officers yesterday.

"Oh, no. Everything is running along smoothly and all are as contented as could be desired."

"The men have their appetites along with them," he supposed," continued the questioner.

"Well I should say so," came the prompt rejoinder. "Oh, I forgot to tell you about it."

The first day that the quartermaster served the rations some of the men thought that they were getting one meal instead of the entire day's food, and as the camp life had set their appetites up they fell too and ate the whole lot at once. They were the most surprised men at Port when they found that they had fed for the last time that day. Some of them managed to get a hold on some pastry in the village and held it out until the long-looked-for quartermaster came again. They never repeated the feat, you can bet."

AN EVENING ON THE LAWN.

A large number of the young people of St. John the Evangelist Church accepted the invitation of the Ladies' Guild of the church and spent a pleasant evening on the lawn at the rectory, St. James' street. The grounds were tastefully decorated, and their very inviting appearance assisted in the small measure in the enjoyment of the visitors. Profusely decorated work and refreshment tables were placed at different places on the grounds and did a thriving business. They were presided over by the following ladies: Cantles, Miss G. Imlach and M. Manigault; fancy goods, Mrs. Dampier and Miss E. Manigault; refreshments, Mrs. L. Haynes, Mrs. S. Loughrey, Misses Manigault, Adcock and Connor; lemonade, Mrs. A. Smith, Misses Zimmerman and Bayly. Dayton's string band was in attendance and discoursed an excellent programme of music during the evening. The proceeds of the entertainment will go towards the Sunday school building fund.

STILL HOLDING THE FORT.

What is Happening in and Around the Seventh Camp at Port Stanley, as Recorded by the "Advertiser" Correspondent.

SEVENTH FORTIFIES' CAMP OF INSTRUCTION. Once more the detachment is alone in its glory. The band, bugles and visitors have all returned to the city, taking two of our men as "sift" and "dill." The strength of the detachment is now 49 officers, non-commissioned and men. There was no guard mounted Monday, every man being wanted for the skimming of a flying sentry will go on at retreat instead.

Lieutenant Magee was orderly officer on Monday.

Lieutenant Colonel Tracy was fooled very nicely on Monday morning. When he awoke at reveille he immediately picked up what he supposed to be a piece of soap, and proceeded to wash himself. When drying himself he asked Captain Payne what kind of soap he used, anyway. "It is as sticky as the deuce, and dries on a fellow's face," Captain Payne investigated, and found that the soap had been using the cake of pine clay for soap. Although we like to see everything pipe clayed properly, yet this is going a little too far, Colonel.

Hospital Sergeant McGregor has the softest snap in camp. Not a sick man here at present, and by the appearances of the men there won't be.

The men had lots of skirmishing Monday morning under the instruction of Adjutant Butler on Mr. Stacey's farm, where the range is located.

The better and targets are about finished, and firing will commence at once.

The man (?) who deserted was seen on the pier last night by some of the men, and had not yet returned to the camp.

The officers happened to come up at that time it would have fared badly with him. He ought to have sense enough to stay away from the place.

Quartermaster Ironside and Color-Sergeant McCrimmon were in London Tuesday. They will come back, however, in the morning.

Corporal Hayman has challenged Privates Ferguson and Wyeth to an eating contest to take place in the camp grounds. Fare, everything that is eatable.

"Froggy" Gunn was a visitor at the camp yesterday.

Lance-corporal Toll went to the village and returned with his haversack full of pastry. Come off, Walt. The rations are good enough for us.

Stop that Cough or it will terminate in consumption. After suffering for months from a cough which, after using many remedies without any relief, threatened to terminate seriously, we were entirely cured by the use of WESTPAKER'S BALSAM of Wild Cherry. THEIR SECOND DAY.

The Y. M. C. A. Campers at Port Stanley—Fine Weather and Good Spirits the Governing Features.

PORT STANLEY, July 22.
Another glorious day, with an appetizing atmosphere. Was to the provisions!

The rainy let at 5 o'clock this morning, and George and Joe left at 4:45 with current bread in each hand to catch her. They returned about noon literally famished.

"The avenger," headed a triumphal procession this morning with a two-foot snake, the last of its genus.

The contents of the baggage-car prove very interesting to campers. The names on packages and baskets are carefully scanned.

The camp's P. O. box is No. 51. The original "Oak Lodge" scribble is expected to-day and will take charge of the cash and correspondence.

A few more can be accommodated at camp by applying to Secretary Sayers at Victoria Hall.

Onions for dinner to-day, then all settled down to bathing or reading, and vowed not to appear in public.

The subject of to-day's Bible reading was "Our Father." To-morrow the second clause of the Lord's Prayer, "Which Art in Heaven," will be taken up.

Visitors are always welcome. Many are expected to-morrow.

THE FOUNTAIN OF LIFE.

Dr. Arnott Talks to the "Y." About the Heart and Pulse.

Dr. Arnott gave an interesting and instructive half-hour's talk in the Y. M. C. A. rooms last evening, dealing chiefly with the circulation of the blood. The commodious apartments in Nitschke Block were well filled with an audience of ladies and demure-looking maidens, who appeared to enjoy the Doctor's discourse. It would in simple terms, using apt comparisons, the speaker dwelt on the method of treating wounds, and the presence of mind necessary in handling such cases successfully.

The simple application of the thumb or a bandage was all that was required in an ordinary abrasion until medical assistance could be procured. The Doctor also described the action of the heart and arteries, and discussed an excellent programme of music during the evening. The proceeds of the entertainment will go towards the Sunday school building fund.

The speaker then explained the workings of the pulse and the manner of its regulation by the heart and blood. The average pulse of an adult registered between 60 and 70 beats per minute, and that of a child about 100 throbs during the first year of its life. If the pulse of an adult should run up to about 90 it was not a matter of much concern, but when it registered 100 or over it reached the verge of the dangerous. When the pulse throbbed in a pounding manner it was generally a sign of fever and should be attended to. People would save a great deal of worry if they only understood the workings of the pulse and its regulation. The Doctor expressed his wish that a band of workers be formed who would volunteer occasionally to visit the poor families where sickness and suffering were common, or do other kindly little offices. Such a thing, in his opinion, would be a great blessing.

It is proposed by the ladies in charge to continue these series, which have had a beneficial effect upon the hearers.

Sick Headache

Is a complaint from which many suffer and few are entirely free. Its cause is indigestion and a sluggish liver, the cure for which is readily found in the use of Ayer's Pills.

"I have found that for sick headache, caused by a disordered condition of the stomach, Ayer's Pills are the most reliable remedy," Samuel C. Bradburn, Worthington, Mass.

"After the use of Ayer's Pills for many years, in my practice and family, I am justified in saying that they are an excellent cathartic and liver medicine, sustaining all the claims made for them."

—W. A. Westfall, M. D., V. P. Austin & N. W. Railway Co., Burnet, Texas.

"Ayer's Pills are the best medicine known to me for regulating the bowels, and for all diseases caused by a disordered stomach and liver. I suffered for over three years from headache, indigestion, and constipation. I had no appetite and was weak and nervous most of the time. By using three boxes of Ayer's Pills, and at the same time dieting myself, I was completely cured."

—Philip Lockwood, Topeka, Kansas.

"I was troubled for years with indigestion, constipation, and headache. A few boxes of Ayer's Pills, used in small daily doses, freed me to health. They are prompt and effective."—W. H. Strout, Meadville, Pa.
