PETERBORO WILL PROTEST.

Peterboro Review: Peterboro will protest the final intermediate championship game of Saturday, on the ground that the officials were not appointed by the union. W. Hobbs and R. Lind, both of London, acted as referee and umpire respectively, and Captain McWilliams of the Peterboro team, claims that they were a little deficient in knowledge of the rules. The game was very rough, a number of Peterboro players being put out of business. Mr. McWilliams states that with proper officials Peterboro would have won. London people testified as to the unfairness of the officials, who were subject to the same.

Peterboro was well treated by referee Will Hobbs, and should have a kick coming. Hobbs is just as capable as referee as any of the union could have appointed. Peterboro was beaten because they were up against a superior team, and should take their defeat like true sports.

THE TURF

AT NEW YORK.

New York, Oct. 30.—The Katonah stakes was the only fixture at the Empire City track, and Annie Thompson, at 6 to 1, romped home an easy winner. Spark made the early running, with Annie Thompson in close attendance. At the stretch turn the latter came away and won by three lengths. Cherries, Al Satrie and Moor fought it out for the place, and finished as named heads apart. Three out of six favorites were successful. Summary:

First race, about 6 furlongs—Mustette 1, Gold Heels 2, Chastanunda 3. Time, 1:00 1/4.

Second race, mile and 70 yards—Hawbert 1, Compensation 2, Wait Not 3. Time, 1:44 1/2.

Third race, the Katonah, about 6 1/2 furlongs—Annie Thompson 1, Cherries 2, Al Satrie 3. Time, 1:30 1/2.

Fourth race, mile and 70 yards—The Amazon 1, Belgrade 2, Prestidigitator 3. Time, 1:45 1/2.

Tariff Reductions

The following is a list of some of the reductions in the tariff obtained by comparing the old rates of duty on British goods with the present rates of duty. The rates on the first twelve articles are taken from the official statement prepared for the use of Mr. Foster, when he was finance minister, to show how much higher the duties were then on American goods entered for consumption in Canada. The statement was produced in parliament as one found in the customs department when the Liberals took office in 1896, and it was never disputed as a correct official statement.

THE BRITISH PREMIER

Resigns the Position of Foreign Secretary.

Marquis of Lansdowne Will Fill the Office.

Plot to Put Serbia's King in a Madhouse—Carlist Activity in Spain—Earthquake in Venezuela.

London, Oct. 31.—The following announcement appears this morning in the Daily Telegraph: "We understand that after mature consideration Lord Salisbury has decided to resign the foreign secretaryship, which will be transferred to the Marquis of Lansdowne."

Although the health of the prime minister gives no cause for anxiety we believe that he is largely influenced by the counsel of his medical adviser. He is resigning voluntarily to the appointment of the Marquis of Lansdowne as the foreign office, the Daily Telegraph approves it, especially in view of the fact that Lord Salisbury's influence will still be present in the foreign office of Great Britain. Lord Salisbury came to London yesterday and paid a long visit to the foreign office, where he received Lord Lansdowne, and after him the Duke of Devonshire. In the afternoon he held the customary reception of the members of the diplomatic corps, among those present being Mr. De Sina, the Russian ambassador, Mr. Paul Cambon, the French ambassador, Count Von Hatzfeldt-Wildenburg, the German ambassador. He remained until a late hour at the foreign office, and then went direct to Hatfield House. There is little doubt that the Daily Telegraph's information will be correct. The appointment of Lord Lansdowne, whose control of the war office has been so severely condemned, will probably cause some satisfaction. The Times confirms the statement of the Daily Telegraph that Lord Salisbury will give up the foreign portfolio, but it does not name his successor.

A SERBIAN PLOT.

A dispatch from Vienna says that a plot has been discovered to put King Alexander of Serbia in a madhouse. Ex-King Milan was the instigator. Thirty arrests have been made.

HER MAJESTY'S MESSAGE.

At the banquet in honor of the returned volunteers, Lord Wolsley, the commander-in-chief of the British army, read a message from the Queen assuring the volunteers that she shared in the joy and thankfulness evinced by the day's enthusiastic welcome, and expressing pride and satisfaction with their gallant and soldier-like conduct.

CARLIST ACTIVITY.

Several bands of Carlists have appeared in the neighborhood of Barcelona in connection with the Carlist activity. Their quarters were searched and important documents found. General Garmes searched the country house of

during the campaign. Her majesty added:

"While joining in the happiness of the relatives and friends who celebrate the home-coming of their dear ones, I deeply sympathize with those who took for them, who, alas, no longer stand in the ranks with their comrades. I also have to grieve the loss of those who, like my gallant grandson, who, like so many of your countrymen, has served and died for his Queen and country."

25 LIVES LOST.

Caracas, Oct. 30.—Yesterday's earthquake destroyed the town of Guarema, resulting in the loss of 25 lives. Nearly the entire population of Caracas passed last night in the streets or squares, and the night was a scene of confusion. The earthquake was followed by varying intervals, and still continue.

CHURCHILL'S LECTURE.

London, Oct. 31.—Field Marshal Lord Wolsey, commander-in-chief of her majesty's forces, presided last night at St. James' Hall on the occasion of the first lecture delivered by Winston Spencer Churchill, lately war correspondent in South Africa. The hall was crowded, among those present being Mr. Churchill's mother, Mrs. Constance West, the Duchess of Devonshire, and many other prominent members of society. A number of military men were also present. The gist of the lecturer proved laughter, but otherwise he was uninteresting. He used lantern slides and described the pictures, Lord Wolsey, in moving a vote of thanks to Mr. Churchill, maintained that the British officer was the finest fighting man in the world, and the born leader of men.

AMONG THE CLOUDS.

A special from London says: Prof. Alexander Graham Bell leaves for America today. He will go at once to his laboratory in Nova Scotia, where he will continue his experiments in aerial navigation. Prof. Bell said yesterday that he had been greatly interested in Zepplin's balloon experiments. "I do not believe, though," said Mr. Bell, "that the great problem of aerial navigation will ever be solved by balloon. While you may successfully navigate a balloon in light currents, it is obvious that any floating body lighter than air is at the mercy of the winds. Such a body cannot carry the motive machinery of great power. It is little more than a toy. I have been experimenting several years with aeroplanes, although I have never actually carried my theories into practice. The theoretic results I reach will be in time published in book form. I believe the problem of aerial navigation will be solved, but not by the use of balloons."

SPAT ON KRUGER'S BUST.

A Miss Lively, of London, became offended at the inscriptions in the Transvaal exhibition of the Paris Exposition and spat on the bust of President Kruger. She was roughly handled by the crowd, but was soon rescued by her friends.

CARLIST ACTIVITY.

Several bands of Carlists have appeared in the neighborhood of Barcelona in connection with the Carlist activity. Their quarters were searched and important documents found. General Garmes searched the country house of

a brother-in-law of the Duke of Solferino and seized several rifles. The troops have received orders to hold themselves in readiness to set out for Catalonia at a moment's notice.

The individual who is tardy in meeting an appointment will never be respected or successful in life.—W. Plisk.

A PLEASANT ATTACK.

An attack was lately made on C. P. Collier of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain, nor sit in a chair except propped by cushions. No remedy helped him until he tried Hood's Sarsaparilla, which effected such a wonderful change that he writes he feels like a new man. This marvelous medicine cures backache and kidney trouble, purifies your blood and builds up your health. Only 50c at W. T. Strong & Co's drug store.

The habit of looking at the bright side of things is better than an income of a thousand a year.—Hume.

A SOUND STOMACH MEANS A CLEAR HEAD.—The high pressure of a nervous life which business men of the present day are constrained to live makes draughts upon their vitality highly detrimental to their health. It is only by the most careful treatment that they are able to keep themselves alert and active in their various callings; many of them know the value of Parlee's Vegetable Pills in regulating the stomach and consequently keeping the head clear.

Perfect openness is the only principle on which a free people can be governed.—C. B. Yonge.

People of impoverished blood fall an easy prey to the rigors of winter. Restore your vitality by the use of DR. SIEBERT'S Angostura Bitters.—(Adv.)

Success in most things depends on knowing how long it takes to succeed.—Montaigne.

NO ONE NEED FEAR CHOLERA or any summer complaint if they have a bottle of Dr. J. D. Kellogg's Dysentery Cordial ready for use. It corrects all the looseness of the bowels promptly and causes a healthy and natural action. This is a medicine adapted for the young and old, rich and poor, and is rapidly becoming the most popular medicine for cholera, dysentery, etc., in the market.

If there were no honesty it would be invented as a means of getting wealth.—Mirabeau.

Spare Women.

In former years, when thin women wished to gain flesh and roundness of form, they would take warm baths, and follow this by rubbing into the skin cod liver oil. Now they employ the more elegant way of buying Scott's Emulsion and taking it internally. It increases the weight of thin babies and delicate children also.

A man seldom loses the respect of others until he has lost his own.—F. W. Robertson.

A CRY FOR HELP.—A pain in the back is a cry of the kidneys for help. South American Kidney Cure is the only cure that hasn't a failure written against it in cases of Bright's disease, diabetes, inflammation of the bladder, gravel and other kidney ailments. Don't neglect the apparently insignificant "signs." This powerful liquid specific prevents and cures. Sold by C. McCallum & Co.—70.

PEOPLE WHO WORK.

The working people are the bone and sinew of the community. But hard work makes "bad backs," and no man can work well if his back aches and pains.

The toilers are the great sufferers from backache and kidney ills.

Doan's Kidney Pills

are the great remedy for lame back and all kidney troubles.

They cure every kidney ill from backache to Bright's disease.

Mr. Wm. Anderson, the well-known carpenter, Parkhill, Ont., made the following statement:

"Seven years ago I was attacked by symptoms of kidney trouble which steadily grew worse. I had pain across my back and in both sides, sometimes between my shoulders and across my eyes. I was much troubled with dizziness, drowsiness and tired, weary feeling. The urine was high-colored with a reddish, sticky sediment. I have taken Doan's Kidney Pills and must say that they have done me marked good. They have cured the urinary difficulty, removing the pain from my back and head, and I am glad to say that the dizziness, drowsiness and tired feeling have disappeared completely."
