RELIANCE TO BE MEASURED; MAY AFFECT THE LAST RACE

The Decision Is Due to Change of Rigging on the Defender.

Narrow Escape Lipton's Yachts in Squall Off Sandy Hook.

Clear Weather and a Light Bresze Predicted for Thursday's Contest Sympathy for Sir Thomas.

New York, Aug. 25.-In a glorious whole-sail breeze over a triangular course of ten miles to a leg, the fleet footed cup defender Reliance again today showed her heels to Sir Thomas Lipton's challenger, taking the second race of the cup series by the narrow margin of 1 minute and 19 seconds. It was as pretty and as hard fought a contest as has ever been sailed off! record for the course, 3 hours 12 minutes and 15 seconds, made by Colum- others, one fatally. bia two years ago in a race against Shamrock I., would have been broken. ent; Ernest Peerman and Jerry Ha-As it was, Reliance sailed the 30 miles within two minutes and 39 sec- at the company's works within a onds of the record, which speaks won- month. ders for her speed in the wind that

was blowing. Reliance's victory, narrow as it was, would have been even smaller had not Captain Wringe, the skipper of the British ship, bungled at the start, sending his craft over the line 19 seconds after the last gun and handicapping her to that extent. At every point of sailing the defender's superiority was demenstrated. She gained one minute and 51 seconds in the windward work to the first mark, 40 seconds on the run to the second mark, and 45 seconds on the close reach for home. An assemblage of excursion vessels. day, poured down through the Nar- sive measures towards those guilty of rows and out into the Atlantic today acts of violence. to witness the vanishing glory of the challenger. The early morning had held out but little hope of a race. A smoky haze hung over the sea and the wind was very light from the south. As the day wore on, however, the curtain lifted slightly, the wind

The Russians Remove the Arms Pro
BYE-ELECTION ON the curtain lifted slightly, the wind blew strong and clear out of south and the dancing swell sparkled under the radiance of an August sun The course was a beat due south, then

banks, and thence home again to the lightship, each leg ten miles. The spectators watched the jockeying for the start with eager interest. It seemed momentarily as if the spars and hulls of the yachts would clash, but they wheeled and circled like gulls, tacking, gybing and putting about with wonderful ease and grace. At last, when the starting gun had wherewith to maintain it. The French been fired and the first yach't bounded across the line, close hauled for the that his Government will not be rethresh to windward, it was seen that the American skipper by his extremely clever work had again outgeneralled his rival, and secured the weather Net only was the challenger's captain defeated in his effort to secure the windward berth, but he actually failed to cross in time to save a handicap of 19 seconds, this time being a

dead loss to him. Barr never relinquished his advan tage after the start, holding the challenger under his lee all the way to the first mark. As the racers get farther out, the weight of the wind steadily increased. Both boats, with every gained continually to the first mark.

Here the entire excursion fleet was

Here the entire excursion fleet was

British statesman. forced to lay until the yachts, bowling along at a terrific pace, turned the second mark. By this time the wind had increased from 7 to 10 knots. The time of turning the first mark was:

Shamrock, 12.24.45. Because of time allowance and difference in the start, the Shamrock was still six seconds ahead, officially. It was evident that the Yankee boat had won the race, barring accidents. Both captains broke outballoon jib topsails when they squared for the second turn. The wind was so fast after that they quickly discovered that, in- foretells disaster to that country as a stead of being a bread reach as intended, the course to the turn was a run. The wind varied from four to tend the turn was a run. The wind varied from four to tend to the turn was a gary's agriculture, manufactures and credits, it declares, will be inevitable. Staysails were taken in and spinnakers set. Both were heading off their course a bit in order to make ity for allowing the development of the their spinnakers draw well, and they present crisis, declaring that the nobles ran that way for half an hour, when cught to have warned the nation the Reliance smothered her spinnaker against following incompetent agitaet her stavsail.

During that time she did not appear t ohave gained an inch, but immeditely upon laying her true course she began to draw away. Ten minutes after Reliance, the Shamrock also took in her spinnaker and set her staysail. With the wind over their quarters both yachts made fast of it, but it was apparent that Reliance was gaining. The y made the second turn as follows:

Reliance, 1.17.50. The Reliance had overcome the time allowance, made good the difference the special peliceman a Chapleau. One the stand, gave the figures estimated of the start and established a margin of the harvesters received a severe cut at the total cost of his water scheme to her credit of 34 seconds. The Re-liance whirled about the mark, gybed baton, and the policeman was badly difficulties were removed he would beover, tripmed in her sheets and romp beaten by one of the harvesters just as gin the work next March and deliver At away on a close reach towards the finish line.
