Mr. Sid Loveless answered a summons to the police court this morning and was charged with a breach of the bylaw, the breach consisting of discharging a breech-loader or some other kind of a gun in West London. However, Mr. Loveless was only cleaning Henry Depper was charged with ascards. The one received at the Lon- sault by Wm. McPherson, but the case don headquarters is addressed to was withdrawn on the payment of "James Crawford, constable." County costs.

# Will Require More Money This Year Than in 1903 Detective Rider gave evidence as to transferring the body to the under-

Number Three Committee Needs theless found time to indulge in a little byplay. Inspector McCallum start-Hall and General Purposes.

There was a full attendance at the meeting of No. 3 committe last night, and the session lasted for over three hours, beginning at 5 o'clock and winding up shortly after 8.

The estimates for the year were presented, and were sent on to the counwithout debate. The figures are, exclusive of fire hall expense, exactly \$9.346 higher than last year, when the sum of \$36,550 was required, whereas the committee this year wants \$45,896. marked Ald. Judd, who was acting on the paper is the only means the police had of ascertaining about what hall in the north end, \$1,800 is for extra street lighting, \$1,340 is for repairs to helpless, but City Engineer Graydon the market house, and \$1,556 for extra chimed in with: G. de C. O'Grady, general manager of street watering and new carts. Last year only \$1,160 was asked to repair hard. You might break them." the market house, but even this amount

> Market expenses.......\$ 950 Market house repairs.... 1,160 Street watering.... New water carts, etc .... Street lighting..... New fire hall ..

Increase, 1904, \$9.346.

FIRE HALL ESTIMATES. As foreshadowed some time ago, fire hall expenditure has taken a jump this year. Last year the estimates totaled \$19,160, but this year \$23,766 41 is asked or, or an increase of \$4,606 41 over 1903. Of this sum about \$4,000 is for the salaries of the new men, leaving the increase on general expense at about \$600. According to the estimates, the total salaries for the year amount to \$16,336, made up as follows: No. 1 station, \$9,610 45; No. 2 station, \$3,380 84; No. 3 station, \$3,375 12. The items for fodder for the horses are large, and amount to \$1,285, as follows: No. 1 station, \$965; No. 2 station, \$160; No. 3 station, \$160. Of course, the estimates as herein presented do not include the amount which the city pays the water commissioners for water. It is merely a matter of bookkeeping, however, as to pay the money to the water commissioners direct would be merely taking

money out of one pocket and putting it into another. Nevertheless, when the sum which the city is charged for water for the fire department is included sioners taxed the city \$10,750 for witter, and presuming the amount to be this year, the estimates for the fire brigade for 1903 and 1904 should be as follows: 1903, \$29,885; 1904, \$34,-

Leaving out the amount charged for water, and including the other fire hall expenses, No. 3 committee is this year

### A HINT TO RUSSIA

Curzon's Significant Words As To the Occupation of Tibet. Calcutta, March 31.-In a speech, Viceroy Curzon, referring to the responsibilities in Asia, said India resembled a fortress beyond whose walls there existed on one side a glacis of varying breadth and dimensions, which they did not desire to occupy, but which they could not afford to see occupied by a foe. They were quite content that it shold remain in the hands of allies and friends, but if unfriendly influences should crop up and lodge under its walls, they would be obliged to intervene, beause the danger of such unfriendly fluences would grow up as a menace to their security. This, he said, was the secret of the whole position towards Arabia, Persia, Afghanistan and Siam Alluding to the contemptuous attitude of the Tibetan Government, in the face of extreme patience of the Indian Government, his excellency said: "I have
