TESTIMONIAL TO

THE VOLUNTEERS

testimonial should be raised. It is proposed to give each man something before he leaves, and to place in the hands.

It is not very pleasant to know that of time, it will be impossible to keep the Zulus, the Basutos and the Swazis in the hands.

It is not very pleasant to know that of time, it will be impossible to keep the Zulus, the Basutos and the Swazis in the hands.

It is not very pleasant to know that of time, it will be impossible to keep the Zulus, the Basutos and the Swazis in the hands. of all the cities on the Coast Victoria for the leaves, and to place in the hands of the commanding officer a fund out of which things necessary for the greater comfort of the Victoria contingent can be purchased from time to time as they are needed. A committee was appointed to canvass the city for subscriptions, but the time is so short that no one both the coast Victoria for the greater of the continent. We see So the continent. We see So the continent. We see So the commanding officer a fund out of which things necessary for the greater while boomed everywhere; Portland is how from the Atlantic to the Pacific; Vancouver is written about in the most complimentary terms. But Victoria is rarely spoken of as a progressive business town. It is the unfortunate truth but the time is so short that no one should wait to be called on. The Colonist and the Times have by the request of the committee opened subscription lists, and an invitation is extended to all to call and hand in their amounts. It is not necessary to make an appeal for generous contribution. Most of those who are going are men with little or

that the fight was a hot one and the bead of the Island. The people may matter is that the earlier settlers on the boers appear to have had the advantage feel like aiding other projects, and we coast were not as a rule good farmers. Will fairly sweat blood at this. It will be a constant of the constant of the bead of the Island. The people may matter is that the earlier settlers on the constant of the constant

THE WAR.

The war news, though favorable, is provokingly vague. Readers must bear in mind that Associated Press despatches sulted in a British success. It may be are received through United States sources and hence there is little likelihood that they will be colored favorably The fighting at Dundee demonstrated country of that received on Monday ready for the fray. Seasoned officers king with the loss of 300 men, The Kimand men, with commanders of expericaunot refrain from comparing the at-titude of the British public towards the army in South Africa and that taken he work can hardly have reference to this army in South Africa and that taken by a large portion of the United States press and people towards their army in the Philippines. Not a word is spoken anywhere in the Empire to weaken the confidence of the public or the troops in their leaders, and politics has absolutely to the capital of the Free State, their leaders, and politics has absolutely to the army have been contained to the North, to the East and to the South. These connections are, however, secondary to the great question of Island development. It is to this that we must bend our chief confirmation of this comes from Bloem fontein, the capital of the Free State, the taxpayers feel able to give ought to the in sid of projects which will promote their leaders, and politics has absolutely no place in what is transpiring. Brave soldiers, led by experienced officers and bracked by a united country make an inisfactory to know that relief for the be a triumphant campaign for Island Mafeking garrison is on the way from development, to pay a passing tribute to

We are glad to know that the idea is visitors which makes such cities as Port. The distance from Mafeking to the coast likely to receive cordial endorsation on land and Seattle what they are. One is approximately 600 miles, and a mount the Maissand. The Vancouver World is the first to speak. It says:

the first to speak. It says:

We have always maintained that it is capable of practically illimitable possibilities, and that notwithstanding all that nature has done for it, man, so far, has done very little. The opportunities for well-directed energy and enterprise there are very great, and the settling up of the agricultural land, as well as the utilizing of the latent wealth of that section of the province, could not fail in being of immense advantage to the city of Victoria. We are pleased to observe that there is a movement on foot to extend the Esquimalt & Nanaimo railway to the upper end of the Island.

The World very properly holds that
