

# KEY WEST DEATH LIST REACHES FIFTEEN

**British Schooner Brings in the Crew of Wrecked Schooner Florence R. Hewson—Had Terrific Battle With Storm.**

KEY WEST, Fla., Oct. 14.—Mrs. Pheme Thompson Finer and her infant daughter died here yesterday from injuries received during the storm. This, with the loss of the crew of twelve of the schooner *Sybil*, wrecked at Nahla Honda, and of the crew of *Maunphry*, wrecked at Marathon, brings the total death list to 15.

The British schooner *Plerona* arrived here yesterday, bringing the crew of the schooner *Florence R. Hewson*, which was so badly wrecked by the storm that she was abandoned by her crew when she became water-logged. The schooner encountered the storm off Havana, about 25 miles from Key West. Her crew of twenty men were swept clean and her rigging carried away. Finally, when all hope of saving the vessel was gone, the crew embarked in small boats, managing to keep afloat until picked up by the *Plerona*. The *Plerona* was anchored when she encountered the storm of *Maunphry*. Two of her anchor were carried away and she was otherwise damaged.

Both crews escaped but fell harrowing stories of hardships suffered. Additional details from the Florida Key tell of great damage to the Key West Extension Railroad.

Marina law still prevails here but it is reported that United States regulars will relieve the state militia which have been patrolling the storm-swept area. Scores of workmen are working night and day clearing the debris and it is expected that by the end of the week most of the damage done to the electric light plant and telephone systems will have been repaired. The large cigar factories, too, are making arrangements for temporary quarters and hope to be in operation by the end of the week.
